With this gift you will build upon a decades-long heritage and pass the tradition of excellence on to successive generations. Your brick will symbolize the point where the past, present and future join to define what we can become.

Your legacy gift will be used to sustain the School of Nursing and Health Studies Annual Fund. The Annual Fund provides vital support for student scholarships, updates and enhancements to facilities and technology, and innovative programming to enhance today's student experience.

Your personalized brick will become a permanent part of the Palm Courtyard adjoining the M. Christine Schwartz Center for Nursing Education at the School of Nursing and Health Studies. For all who travel these brick walkways, this courtyard provides the link between curiosity and knowledge, memories and professional aspirations, study partners and lifelong friends, and challenges and academic achievement.

Your inscription can honor anyone; students, mentors, even social organizations; and can commemorate any occasion, including graduation and anniversaries. Special messages of love and appreciation add a personal touch.

Samples:

Your legacy brick

Graduation represents a significant rite of passage that should always be treasured and remembered. The Leave a Legacy Brick Campaign allows you to forever honor a person, memory or achievement in the tradition of caring with a permanent, personalized message.

As an alumnus, student, or dedicated supporter of the University of Miami School of Nursing and Health Studies, you have a unique opportunity to honor those who have made a difference in your academic and professional endeavors, or to memorialize a special occasion. By claiming a brick paver with a personalized, commemorative message, you will leave a legacy that will encourage others to share the educational experience that distinguishes the School of Nursing and Health Studies as a leader in training competent and compassionate healthcare professionals.

Palm Courtyard

Remember the…

person who inspired you to become a nurse

classmate who studied all night with you

instructor who wouldn't let you quit

mentor who touched your life

co-worker who supported you

people around you who made it all possible
