**Art of Cultural Evolution**  
Website: [www.artofculturalevolution.org](http://www.artofculturalevolution.org)  
Description: “Art of Cultural Evolution is a non-profit organization whose mission is to educate the public about environmental and social ideas through art, film, literature, classes, events and other special projects that will help our society evolve to become a sustainable culture.”

**Bee Heaven Farm**  
Website: [www.beeheavenfarm.com](http://www.beeheavenfarm.com)  
Description: “Bee Heaven Farm in Redland, Florida provides fresh local and organic produce to the South Florida community via its CSA program and farmers’ markets. We are a certified organic, 5 acre, diversified family farm located in the Redland agricultural area south of Miami, just north of Homestead. We are founders of Redland Organics, a group of local organic and sustainable growers.”

**Earth Learning**  
Website: [www.earth-learning.org](http://www.earth-learning.org)  
Description: “Earth Learning is a collaborative that inspires people, ventures, projects, and activities through ecological learning experiences and is dedicated to growing a life-sustaining culture in our home, the Greater Everglades bioregion. Our mission is to be a catalyst in the transition toward a life-sustaining culture in the Greater Everglades Bioregion by: creating a space for global ecological movements to unfold locally; forming a container to accumulate collective wisdom and for holding a shared vision; creating capacity through events, courses, workshops, and trainings; and facilitating social entrepreneurs and ventures.”

**Earth ‘n’ Us Farm**  
Website: [www.earthnusfarm.org](http://www.earthnusfarm.org)  
Description: “The Earth ‘n’ Us Farm is a learning space for kids and adults. The Farm seeks to teach people how to respect and care for the Earth, animals and each other. And hopefully, the Farm serves as a place for people to learn how to peacefully co-exist.”

**EarthSave Miami**  
Website: [www.earthsavemiami.org](http://www.earthsavemiami.org)  
Description: “EarthSave Miami is a local Chapter of EarthSave Int'l, a non-profit advocating for a compassionate, plant-strong diet, and educating people about the powerful effects of food choices on health, environment and animals.”

**Edible South Florida**  
Website: [www.ediblesouthflorida.com](http://www.ediblesouthflorida.com)  
Description: “Edible South Florida explores our foods, our stories and our community by season. With our high-quality, aesthetically pleasing and knowledgeable publication, we inspire readers to support and celebrate the growers, producers, chefs, restaurants, food artisans and other local businesses in our community.”

**Endlessly Organic**  
Website: [www.endlesslyorganic.com](http://www.endlesslyorganic.com)  
Description: “Endlessly Organic is an organic produce buying club located in Miami, FL and serving all of South Florida.”
Farm Fresh Miami
Website: www.farmfreshmiami.com
Description: “FARMfreshMIAMI is committed to providing South Florida residents with the highest quality, local, organic food at prices below retail. Your fruits and veggies always come from trusted organic farms. They are delivered on a bi-weekly basis to a pick-up location near your home or office.”

Farm Share
Website: www.farmshare.org
Description: “Farm Share is a non-profit dedicated to the recovery, sorting, packing and distribution of nutritious foods for people in need. Farm Share administers a combination of USDA commodity programs and produce recovery operations from a packinghouse provided by Commissioner Adam Putnam of the Florida Department of Agriculture. It is located in Florida City, near Homestead, Florida - the heart of Miami-Dade County's farming area.”

Fertile Earth Foundation (FEF)
Website: www.fertileearth.org
Description: “FEF was created to educate, inspire and spark change in the community and initiate a dialogue between the community, businesses and municipalities. FEF orchestrates unique and stimulating events that showcase specific topics relating to how individuals, corporations and communities can lessen their footprint on Earth. FEF also supports environmentally focused research and bringing sustainable ideas to South Florida.”

Little Haiti Community Garden
Website: www.littlehaiticommunitygarden.org
Description: “The Little Haiti Community Garden is dedicated to growing fruits and vegetables using traditional farming techniques. Once a derelict urban lot, it is now a dynamic, multi-purposed garden creating student educational opportunities, community volunteerism and contributing to the local food system.”

Little River Market Garden
Website: www.littlerivercsa.com
Description: “The Little River Market Garden is a fertile place for nourishment, gathering, education and good times outdoors for our neighbors, friends and family. The 2013-2014 CSA will run from November 2013 through April 2014. As a CSA member you are eating fresh, seasonal vegetables and playing an important role in supporting our efforts.”

Local Food South Florida
Website: www.localfoodsouthflorida.org
Description: “A website listing local, nutrient-dense food sources in South Florida such as community gardens, farmers’ markets, CSAs, and much more.”

Paradise Farms
Website: www.paradisefarms.net
Description: “We are a certified organic farm selling to the best restaurants in Miami. We host ‘Dinner in Paradise’ and ‘Brunch in Paradise.’ We also have Bed & Breakfast farm stays.”
Permaculture Miami
Website: www.permaculturemiami.com
Description: “We at Permaculture Miami are now expanding the awareness and outlook of our eco-future by educating and empowering people through courses and projects offered within the south Florida area. We believe there is more than enough food, water, land and resources to create a sustainably living ecological system right here!”

Ready-to-Grow Gardens
Website: www.ready-to-grow.com
Description: “The vision of Ready-to-Grow Gardens is to give people access to local, nutritious and safe food sources through accessible organic edible garden design, installation, and maintenance. In this globalized economy, an enormous amount of energy is used just in the transportation of food, and the actual creation of the food has led to countless irreversible environmental problems. There is much work to be done to improve the system in which we get food and the way in which it is produced.”

Slow Food Miami (SFM)
Website: www.slowfoodmiami.com
Description: “SFM supports our local community from the ground up – from the school gardens we plant to inspire and educate our children; to the local growers and artisan food makers we support for their use of sustainable methods, fair wages and respect of our environment. All proceeds from our fundraising events and donor contributions build local school and community gardens. Slow Food Miami is a non-profit, all-volunteer organization. SFM is the local chapter of Slow Food USA and the International Slow Food Association.”

South Florida Food Policy Council: Miami-Dade Chapter (SFFPC)
Website: www.facebook.com/SouthFloridaFoodPolicyCouncil
Description: “Established in 2010, the SFFPC seeks to increase access to healthy, affordable, locally-grown food in the South Florida region, and to be an advocate for positive policy decisions that can improve our local food and nutrition landscape. We hold monthly meetings, which are open to the public.”

Southwest Miami Community Farmers’ Market
Website: www.facebook.com/SouthwestCommunityFarmersMarket
Description: “The Southwest Community Farmers’ Market is open on Saturdays from 10:00am to 4:00pm at Tropical Park near the Bird Road entrance located at 7900 Bird Road.”

TeenasPride CSA
Website: www.teenaspridecsa.com
Description: “We deliver ultra-fresh produce grown on our family farm in Redland, Florida. CSA is Community Supported Agriculture – you purchase a piece of the farm’s production, receiving delicious, safe, and sustainably grown produce and herbs each week of the growing season, farm-fresh directly from our sustainable local farm to you! Also holds Monthly Open House Tours, and Market & Chef Tastings.”

The Tattooed Beekeeper
Website: www.tattooedbeekeeper.com
Description: “Teaching the local community about growing food and taking care of bees through sustainable living practices and workshops. Offers backyard beekeeping workshops, live bee removal, local raw wild flower honey, pollen, propolis, and royal jelly.”
Urban GreenWorks (UGW)
Website: www.urbangreenworks.org
Description: “Working with high school youth, at-risk young adults, prison inmates, the elderly, college students, and children from pre-k to middle-school, UGW builds urban farms; designs and plants neglected city spaces with native trees; works to increase our urban canopy cover; develops educational curriculum material and school gardens; and brings affordable, fresh food into inner-city neighborhoods through farmers markets.”

Urban Oasis Project (UOP)
Website: www.urbanoasisproject.org
Description: “UOP aims to “make healthy local food more accessible to ALL by teaching people to make and maintain food gardens in under-served communities.”

Urban Organic Solutions
Website: www.freshandsimpleorganics.com
Description: “Urban Organic Solutions is a Miami organic buying club that can bring the convenience and cost-effectiveness of purchasing in bulk for its members and offering a fresh choice of seasonal produce, herbs and more, at your doorstep.”

Urban Paradise Guild (UPG)
Website: www.urban-paradise.org
Description: “UPG was founded to bring natural habitat back to the places where we live. By adding native plants, we create new habitat and protect human infrastructure. Plants and trees clean our air. Mangroves calm and filter our water, shelter our coastlines, and as estuaries provide us with fish to eat.”

Youth LEAD Miami
Website: www.youthleadmiami.org
Description: “The goal of Youth L.E.A.D. is to create a coalition of empowered, engaged youth environmental activists from low-income communities who change their schools and communities from within to foster more sustainable, just, and healthy behaviors, structures, and operations.”

*If you would like your organization or business to be added to this list, please send an e-mail: civicengagement@miami.edu or call: 305-284-6636*
