APPENDIX - GLOSSARY OF TERMS ............................................................. 105
FOREWORD

For the purpose of promoting its educational mission, the University of Miami has the inherent right to preserve order and maintain stability through the setting of standards of conduct and the prescribing of procedures for the enforcement of such standards. In addition to maintaining order and stability, the University aims to utilize its disciplinary procedure as a developmental process whenever possible. In accordance with this philosophy, educational assignments may be added to any disciplinary penalties. The foundation underlying such student standards relies on the tenet that the exercise of individual rights must be accompanied by an equal amount of responsibility. This assures that the same rights are not denied to others. By becoming a member of the University community, a student acquires rights in, as well as responsibilities to, the whole University community. These rights and responsibilities are defined within this handbook.

Students are required to comply with all University regulations as well as all local, city, county, state, and federal laws. All students are subject to the policies and procedures as contained herein. Also, students who are not undergraduate students and who are not regularly enrolled in a graduate or professional program may be subject to the policies and procedures as contained herein. In addition, any student residing in University residence facilities is subject to these policies and procedures for violations occurring within those facilities. Any act that constitutes a violation or an attempt to violate any of the policies or procedures contained herein may establish cause for disciplinary and/or legal action by the University. In circumstances where this handbook defines a violation morestringently or differently than Florida law, the handbook’s definition shall supersede. The University is not limited to or bound by the definitions contained in the Florida statutes or case law.

Students are also subject to rules and regulations that apply to academic programs of the various academic schools and colleges, including but not limited to, the Undergraduate and Graduate Honor Codes.

In lieu of, or in addition to, disciplinary action, the University also reserves the right to impose fines, take legal action, deny or terminate financial aid and housing privileges, revoke study abroad privileges, withhold student records, revoke other privileges and impose other penalties as may be deemed appropriate. Furthermore, admission of a student to the University of Miami for any semester does not imply or guarantee that such student will be re-enrolled in any succeeding academic semester. Students may also be subject to disciplinary proceedings for acts committed before their admission and/or enrollment at the University of Miami.

Students who engage in conduct that endangers their personal health or safety or the personal health or safety of others, may be required to participate and make satisfactory progress in a program of medical evaluation and/or treatment if they are to remain at the University. The determination as to the student’s participation and progress is to be made by the Dean of Students with the assistance of the Director of the Student Health Center and the Director of the Student Counseling Center. The University reserves the right to require the withdrawal of a student from either enrollment and/or University housing, whose continuation in school, in the University's judgment, is detrimental to the health or safety of the student or others. Students who withdraw for reasons of health or safety must contact the Dean of Students Office before seeking readmission to the University. Decisions made under this policy are final.

From time to time it may be advisable for the University to alter or amend its procedures or policies. Reasonable notice may be furnished to the University community of any substantive changes, but is not required. Whenever specific titles are used in these procedures, they shall include the appropriate designee of the person bearing these titles. Whenever references to the singular appear in this handbook, the plural is also intended; whenever the plural is used, the singular is also intended. Wherever a reference is made to the masculine gender, the feminine gender is included.

These policies apply to both graduate and undergraduate students, however other University rules and regulations may apply. The rights and responsibilities that follow take effect immediately upon publication of this document.

THE HONOR CODE - UNDERGRADUATE HONOR CODE

TITLE I. GENERAL PROVISIONS
A. Purpose
In the spring of 1986, at the request of the Undergraduate Student Body Government, this Code was ratified by student referendum and approved by the Faculty Senate and by the President of the University.

This Code is established for the undergraduate student body to protect the academic integrity of the University of Miami, to encourage consistent ethical behavior among undergraduate students, and to foster a climate of fair competition. While a student’s commitment to honesty and personal integrity is assumed and expected, this Code is intended to provide an added measure of assurance that, in fulfilling the University’s requirements, a student’s work will never involve falsification, plagiarism, or other deception regarding the true nature of the materials presented. Each student is responsible for completing the academic requirements of each course in the manner indicated by the faculty.

B. The Honor Creed
As a student of the University of Miami, I commit myself to upholding the Honor Code and promoting the values of Honesty, Responsibility, and Integrity.

C. Responsibility of the University Community
All undergraduate students are responsible for reading, understanding, and upholding this Code. Students are expected to warn fellow students who do not appear to be observing proper ethical standards and to report violations of this Code. The absence of a signed pledge does not free a student from the ethical standards set by this Code. To fulfill the responsibilities of membership in the University community, violations of this Code should be reported by faculty and by all other members of the community.

D. Jurisdiction
All undergraduate students, full and part-time, attending the University of Miami shall be subject to this Code. No action under this Code shall be brought against any student who has graduated from, or officially severed all relations with, the University.

E. Faculty Cooperation
1. This Code preserves the prerogatives of the University and its faculty. Nothing in this Code shall interfere with the faculty’s right to assign grades. Instructors shall be informed of the final outcome of any Honor Council proceedings relating to work for which they are responsible.
2. During a pending proceeding, faculty members are requested to provide documents relevant to the proceedings. The faculty member is expected to cooperate fully in the implementation of this Code. The faculty member responsible for the course or other academic activity to which the charge relates may, and is encouraged to, file a statement or any document, list of witnesses, or other information deemed relevant to the alleged offense. This information shall be in writing and shall be filed with the Secretary.

TITLE II. DEFINITIONS
A. “Day(s)” refers to University working days only.
B. “The Secretary” means the Honor Council Executive Secretary or their designee.

**C. The Executive Secretary**

1. The Vice President for Student Affairs shall appoint a Secretary to the Council.
2. The Secretary, who shall be the Dean of Students or his/her designee, shall keep orderly records of all Council and panel proceedings, provide such advice as may be sought by the Council, and perform the other duties specified in this Code.

**TITLE V. PROCEDURES**

**A. Policy Statement**

The Honor Council is not modeled after a court of law. Its hearings are not adversarial proceedings. Neither prosecuting nor defense attorneys shall be present at hearings.

**B. Complaint**

Upon observing or discovering an alleged violation of this Code, a student, faculty member or other member of the University community should submit a complaint to the Secretary. The complaint shall include a statement of:

1. the name of the student charged, if known;
2. the facts giving rise to the alleged violation;
3. the names of any witnesses; and
4. such other factual information or documentation as may be useful in determining the truth of the charge made.

Complainants should refrain from including their opinions or information not relevant to the alleged violation.

**C. Investigation**

The Investigators shall gather and examine all information for the complaint and prepare findings for presentation to the Hearing Panel. They should interview the student charged, the complainant, the faculty member, if any, responsible for the course or other activity to which the charges relate, and any other potential witnesses. They should also review all documentary evidence available including any statement of the faculty member and shall make such inquiry as appropriate.

**D. Hearing Panel Selection and Regulations**

1. Upon receipt of the investigator’s reports, the Secretary shall select a five member Hearing Panel from among the members of the Honor Council and designate one Panel member as the Panel Speaker. The Secretary shall also designate two additional members to investigate the charge. Hearing panels shall be filled on a rotating and impartial basis, subject to review by the Selection and Appeals Committee on its own motion, or upon request of the President of the Honor Council. The Secretary shall supply the members of the Panel with the name of the student charged and the nature of the activity to which the charge relates.
2. Upon receipt of the notice, hearing panel members shall recuse themselves if they are aware of any personal bias or conflict of interest that may improperly affect their judgment, or if they are enrolled in the course section or other academic activity to which the complaint relates. If a hearing Panel member does not offer voluntary recusal, a majority of the Panel, excluding the challenged member, may remove that member for cause.

**E. Charge**

1. Following receipt of the investigator’s report and designation of the Hearing Panel, the Secretary shall prepare a charge that includes a brief description of the alleged violation. The Secretary shall then serve the student charged with a copy of the charge and the names of the Hearing Panel members.
2. The accused shall not be given names of a student witness or that of a student complainant prior to the hearing.
3. Service shall be by hand delivery or certified mail to the last local address the student provided the University.
4. The Secretary shall provide a copy of the charge to the complainant.
5. Within one day of the receipt of the names of hearing Panel members, the student charged may challenge any member by submitting to the Secretary a written statement specifying why the Panel member should not serve. The Secretary shall determine if just cause exists to remove the Panel member and shall notify the accused of new Panel members. The accused then has the right to object to any new member following the procedures in this section.
6. Within one day of the receipt of the charge, the accused may challenge the hearing date, time or location by providing the Secretary with a written request specifying the reasons for the request. The Secretary shall determine if the request provides a valid reason to alter the date, time or location of the hearing and shall notify the accused student, witnesses, and Panel members in any change in date, time, or location.
7. If a student is charged with a violation of this Code within two weeks prior to the student’s graduation, the Secretary shall make every reasonable effort to conclude the procedures under this Code prior to the student’s graduation. If the procedures are not completed prior to graduation, the University reserves the right to delay graduation until the case is fully adjudicated.

F. Plea
Upon receipt of the charge and at any time before the hearing, the accused may then admit or deny the charge, in whole or in part. Accused students must always speak for themselves and not through their chosen Advisor.
1. If the accused admits the charge the Panel shall receive mitigating circumstances before retiring to deliberate on a sanction.
2. If the accused student denies the charge, the student shall have the opportunity to question the complainant and witnesses and submit statements or evidence to prove their innocence.
3. If the accused refuses to enter a plea or speak on his/her own behalf, the Panel shall enter a plea of “not responsible” for the accused and proceed with the hearing. No inference of responsibility may be drawn from the silence of the accused.

G. Hearing Procedures
1. The hearing shall be held in private. Witnesses may attend only to present their testimony. Hearing Panel members, witnesses, and others involved in the hearing shall not discuss the case with anyone outside the hearing.
2. The student charged, the Secretary, the complainant and all witnesses must attend the hearing. In addition to those required by the Council to attend, a University of Miami undergraduate student advisor may attend and assist the accused. This Advisor may not speak on behalf of the accused.
3. If a student enters a plea of “responsible” when charged by the Secretary, the Panel may elect not to hear witnesses or the complainant.
4. It is not the function of the Panel to act as prosecutor of the case against the student charged, but to examine all evidence in order to ascertain the truth of the matter.
5. If a question of policy or procedure not covered by this Code arises during the course of a hearing, the Panel shall determine the question by majority vote of the members present.
6. The Hearing Panel may, at any time, conform the charge to the evidence received, provided the student charged is given an opportunity to respond. If the modification occurs during the Panel deliberations following a hearing, the hearing shall be reopened.

H. Presentation of Information
1. The Speaker of the Panel shall commence the hearing by reading the charge and any statements received from the complainant. The Panel shall hear a report of the investigation. The investigators shall remain in the hearing as resources for the Panel, but shall not participate in deliberations or vote with the Panel. The Panel and the accused student may then question the investigators.
2. The Hearing Panel may consider an affidavit or written statement against the student charged only if the person giving the affidavit or statement cannot appear in person to testify before the Panel. Before any such document is considered, the student charged must have been advised of its content and the name of the person making the
affidavit or statement three working days before the hearing. The student must also be given an opportunity to rebut any fact or inference that might be drawn there from.

I. Witnesses
   1. A Witness may refuse to answer a question if the answer, if truthful, might incriminate the witness.
   2. A student witness called by the Panel may be sanctioned by the Panel for refusing to appear without good cause. The Panel shall determine if the witnesses’ reasons constitute good cause.

J. Deliberation
   1. When the Panel is satisfied it has heard all evidence in a case, it shall request summary statements before it retires to deliberate to determine responsibility based on clear and convincing evidence. A super-majority vote (4 out of 5) is required to find the accused responsible.
   2. The Panel shall not consider prior discipline under this Code in deciding responsibility.

K. Mitigation Hearing-Finding of Responsible
   A student who enters a plea of responsible or is found responsible by the Panel shall be given an opportunity to present evidence relevant to the determination of the penalty.

L. Dismissal-Finding of Not Responsible
   1. If the complaint is dismissed or the student is found not responsible, no record of any complaint against a student shall appear in the student’s file, or other official University record.
   2. If substantial time has elapsed between the occurrence of the alleged violation and the filing of the complaint, the Panel shall dismiss the complaint if it determines, by majority vote of those present, that the passage of time has materially prejudiced its ability to reach a fair decision in the case.

M. Affirmative Rights of the Accused Student
   1. The accused has the right to challenge the hearing date, time, or location. The objection must be submitted in writing to the Secretary of the Honor Council within one (1) day of the receipt of the charge. The objection must fully explain the reasons for the request.
   2. The accused has the right to choose a University of Miami undergraduate student to attend the hearing and assist the student. The advisor cannot speak on the student’s behalf.
   3. The accused has the right to question the complainant and witnesses and submit statements or evidence to prove not responsible, if the charge has been denied.
   4. The accused has the right to remain silent and no inference may be drawn from this silence.
   5. The accused has the right to call witnesses and present evidence in their defense. A student may offer a written request to the Panel that the Panel call specific witnesses for him/her if those witnesses have previously refused to appear and are shown in the request to be material to the accused student’s defense. The Panel shall determine a witnesses’ materiality based on the statement presented by the accused.
   6. The accused has the right to present evidence of mitigating circumstances before the Hearing Panel retires to deliberate on a sanction, if the student enters a plea of responsible or found responsible by the Panel.
   7. The accused, if found responsible, has the right to review a written summary upon which the finding of responsibility and sanction were based.
   8. The accused has the right to appeal. The appellate option may only be exercised after a Hearing Panel’s decision finding responsible or from penalties arising from the violation. Appeals must be in writing, addressed to the Selection and Appeals Committee and, be submitted within three (3) days of receipt of the hearing summary.

N. Sanctions
   1. Penalties shall be based on the severity of the violation and shall consist of one or more of the following as defined in the Student Rights and Responsibilities Handbook:
      a. Expulsion from the University
      b. Suspension from the University
      c. Final Disciplinary Probation

      g. Other appropriate action as approved by the Honor Council.
2. Failure to comply with any of the above penalties may result in additional sanctions.
3. The Panel may consider prior discipline records in assessing sanctions.

O. Panel’s Decision
1. The Panel’s decision shall be made promptly after the hearing. However, when considering complaints involving more than one accused student, the Panel may postpone judgment until the completion of the hearings for all students under the given complaint.
2. Notice thereof shall be given to the student and complainant. The student charged may elect to hear the decision of the Panel in person at the conclusion of the Panel’s deliberations or elect to be notified of the decision at a later time by the Secretary.
3. In reporting its decision to the student charged, the Panel shall not give reasons for the decision.

TITLE VI. APPEALS
A. Procedures
1. Appeals by the student may only be taken from a plea of responsible or from a Panel decision finding the charged student responsible of a violation of this Code.
2. Appeals shall be in writing and addressed to the Selection and Appeals Committee and must list specific grounds for the appeal.
3. The only grounds for appeal shall be:
   a. That the failure to follow the procedures of this Code constituted an error,
   b. That new evidence has been discovered, or
   c. That the penalties set were not commensurate with the offense.
4. The appeal statement must be submitted within three (3) days of receipt by the student of the Panel’s decision.

B. Hearing the Appeal
1. The Selection and Appeals Committee shall have three days from the receipt of an appeal to decide whether it is timely and based upon proper grounds.
2. The Committee may extend the time for filing if the student makes a written request specifying the reasons for the extension. A negative determination by the Committee shall result in dismissal of the appeal. If an appeal is to be heard, the Committee shall provide a copy of the appeal to the Secretary.
3. The Secretary’s summary shall include the evidence upon which the Panel determined responsibility and sanction.
4. The Committee shall review the record and may:

7. If a student is charged with a violation of this Code less than two weeks prior to the student’s graduation, the Secretary shall make every reasonable effort to conclude the procedures under this Code prior to the student’s graduation. If the procedures are not completed prior to graduation, the University reserves the right to delay graduation until the case is fully adjudicated.

E. Investigation
An administrative staff member of the Dean of Students Office shall investigate the complaint and present the results of that investigation to the Panel. The investigator should interview the accused, the complainant, the faculty member, if any, responsible for the course or other activity to which the complaint relates, and any other witnesses who are deemed to have relevant material information. The investigator should also review all documentary evidence available, including any statements from the faculty member, and make appropriate additional inquiries.

F. Hearings
1. The hearing shall be held in private and the proceedings shall be confidential.
2. The accused, the Secretary, the complainant, and all witnesses deemed by the investigator to have relevant material information must attend the hearing. The accused may choose a University of Miami student, faculty, or staff to attend and assist him/her. This advisor may not speak on behalf of the accused during the proceeding.
3. It is not the function of the Panel to act as prosecutor of the case against the accused, but to examine all evidence in order to ascertain the truth of the matter.
4. If a question of policy or procedure not covered by this Code arises during the course of a hearing, the Panel shall resolve the matter by majority vote of the members present.
5. The Chair of the Panel shall commence the hearing by reading the charge and any statements received from the complainant.
6. The investigator shall give a report of his/her findings. The Panel and the accused may then question the investigator. The investigator shall remain at the hearing as a resource for the Panel but shall not participate in deliberations or vote with the Panel.

H. Witnesses
1. The Panel shall hear from any witnesses deemed to have relevant material information by the investigator in the case. The accused will have the opportunity to question any witnesses present at the hearing. Witnesses may refuse to answer a question if they believe the answer might incriminate them as it relates to the Code or to
possible criminal proceedings. A student witness called by the Panel may be sanctioned by the Panel for refusing to appear without good cause. The Panel shall determine if the witness’s reasons constitute good cause.

2. The Panel may consider an affidavit or written statement against the accused only if the person giving the affidavit or statement has good cause to justify the inability to appear in person to testify before the Panel. The Panel may not consider any such document unless they have advised the accused of its content and the name of the person making the affidavit or statement three working days before the hearing. They must also give the accused an opportunity to rebut any fact contained therein or inference that might be drawn therefrom.

3. All evidence that is pertinent to the matter under consideration may be heard, whether or not it would be admissible in a court of law.

4. Irrelevant evidence shall be excluded, whether or not it would be admissible in a court of law.

I. Deliberation

1. When the Panel is satisfied that it has heard all available evidence in a case, the accused and complainant will be allowed to make closing statements before the Panel retires to deliberate. The Panel shall find the accused responsible only if it finds clear and convincing evidence of responsibility. A majority vote is required to find the accused responsible and to assess a penalty.

2. The burden of proof in a hearing shall be on the Dean of Students Office. In reaching its decision on responsible or innocence, the Panel shall consider only the evidence or information presented at the time of the hearing.

J. Responsible Finding – Mitigation Hearing

An individual who enters a plea of responsible or whom the Panel has found responsible shall be given an opportunity to present evidence relevant to the determination of the penalty.

K. Dismissal and Finding of Not Responsible

1. The Panel shall dismiss the complaint before hearing evidence if it determines, by majority vote of those present, that the passage of substantial time between the alleged violation and the filing of the complaint has materially prejudiced its ability to reach a fair decision in the case.

2. If the Panel dismisses the complaint or finds the student not responsible, no record of any complaint shall appear in the student’s file or other official University record.

3. If the student is found not responsible and a failing grade or an incomplete has been given as a result of the charge, the Panel may suggest that the faculty member review the grade.

L. Rights of the Accused

1. The accused has the right to question any complainant and the witnesses present.

2. The accused has the right to call witnesses and to present evidence. An accused may make a written request that the Panel call specific witnesses if those witnesses have refused to appear. If the Panel believes the witnesses requested are material in the defense of the accused this request will be honored. The Panel shall determine a witness’s materiality based on the statement the accused presents.

3. If the accused remains silent, no inference may be drawn from this silence.

4. The accused, if found responsible, has the right to review the written summary of the evidence upon which the finding of responsibility and penalty are based. The Chair of the Panel shall prepare the summary.

M. Penalties

Penalties for a Code violation shall be based on the severity of the violation and may consist of one or more of the following:

2. **Suspension from the University:** Mandatory separation from the University for a period of time specified in an order of suspension. An application for readmission will not be entertained until the period of separation indicated in the suspension order has elapsed. Readmission is subject to the approval of the University. During the period of suspension, the student is barred from campus visiting privileges unless the Dean of Students or the Dean of the Graduate School grants specific permission.

3. **Disciplinary Probation:** A disciplinary sanction serving notice to a student that his/her behavior is in serious violation of University standards. For the time period indicated in the sanction any further violation of University policies and regulations may result in Suspension or Expulsion from the University even if the second violation, standing alone, might result in a lesser penalty.
4. **Disciplinary Warning**: A disciplinary sanction serving notice to a student that his/her behavior has not met University standards. This sanction remains in effect until the conclusion of a designated number of semesters of attendance after which it is removed from the student’s file.

5. **Fines**: Penalty fees payable to the University as directed by the adjudicating body for violation of certain regulations. Such fines are additional to any administrative charges imposed by the University.

6. **Restitution**: Payment made for damages or losses to the University, as directed by the adjudicating body.

9. **Counseling Intervention**: When a student’s behavior indicates that counseling may be beneficial, the student may be referred to the Counseling Center. The University reserves the right to administratively withdraw a student whose continuation in school, in the University’s judgment, is detrimental to the health or safety of the student or others.

10. **University Service**.

11. **Other Action**: Disciplinary action not specifically defined in this section but approved by the Dean of Students. Students placed on Disciplinary Probation, or Disciplinary Warning may be required as a condition of probation to attend follow up counseling sessions or present educational workshops. Examples include loss of the privilege of representing the University or of participating in extra-curricular activities.

**N. Maintenance and Retention of Disciplinary Records**

1. The Dean of Students Office shall maintain records of disciplinary action as follows:
   a) Disciplinary Warning – maintained for specified number of academic semesters in which the student is in attendance.
   b) Disciplinary Probation – maintained for two years after student graduates or withdraws from the University.
   c) Suspension and Expulsion – maintained indefinitely.
   d) After the time periods specified above, the Dean of Students Office will remove the record of disciplinary action from its files. However, other offices within the institution may have knowledge or records that indicate that a student has been subject to disciplinary action.

2. Failure to comply with any of the conditions of a penalty may result in additional charges. In assessing penalties, the Panel may consider prior responsible findings under this Code or any similar Code or University policy.

**O. Panel’s Decision**

1. The Panel’s decision shall be made within seven working days after the hearing. However, when considering complaints involving more than one accused, the Panel may postpone judgment until the completion of the hearings for all students under the given complaint.

2. The Secretary will notify the accused and the complainant in writing of the Panel’s decision and will include a written summary of the evidence.

**TITLE VI: ADMINISTRATIVE HEARING**

A student alleged to have committed an offense may opt for an administrative disposition of his/her case without a panel. The student must select this option in writing within three (3) days after being provided with the charge document. STUDENT CODE OF CONDUCT

University of Miami students have the right to exercise freedom of conduct consistent with the mission and purpose of the University. The basic responsibilities outlined in the Student Code of Conduct are intended to ensure the well-being of the University community and to provide parameters for students who are a part of it. Any violation of University policies or procedures may result in disciplinary sanctions. The Dean of Students, or his/her designee, has the authority and responsibility for the administration of the disciplinary system and the establishment of procedures which apply to all students alleged to be in violation of this Code of Conduct, whether an incident occurs on campus or in any location off campus from the time of admission to the University of Miami through the time when a student has permanently severed ties with the University.

The discipline system is divided into three different processes for individual students: University level offenses, Major level offenses, and those offenses that stem from incidents involving Sexual Misconduct or Gender Discrimination. Major offenses, as well as those stemming from incidents involving Sexual Misconduct or Gender Discrimination may result in suspension or expulsion from the University, or in certain cases the loss of financial aid. University offenses are those that result in sanctions up to, but not including suspension, expulsion, or the loss of financial aid.

All student organizations are subject to University rules and regulations concerning conduct as set forth in this handbook, whether an incident occurs on campus or anywhere off campus.

Procedures for investigating and adjudicating each kind of incident are provided later in this Handbook.

In circumstances where this handbook defines a violation more stringently or differently than Florida law, the handbook’s definition shall supersede. The University is not limited or bound to the definitions contained in the Florida statutes or case law.

A.5 **Incarceration**

It is the policy of the University of Miami administration not to intervene with legal authorities on behalf of a student who is arrested on any charge, whether the alleged crime occurred on or off campus. This policy prohibits the University’s posting of a bond or otherwise obtaining a release of any student so involved or providing legal assistance to such student.

A.6 **Indebtedness to the University**

All charges are due when assessed, unless the Office of Student Accounts has approved, in writing, deferred payment arrangements setting forth minimum periodic payment amounts and due dates. Release of transcripts or diplomas is prohibited when students have an outstanding balance owed the University.

Finance charges may be assessed on all outstanding balances as provided by Student Account Services.

A.7 **Off-Campus Residency**

The University does not approve, inspect, or supervise any off-campus student residences. The University does expect, however, that students living off-campus will conduct themselves in a manner that will reflect credit on themselves and the University which includes observing all local, state, and federal laws as well as all rules and regulations contained in this handbook.

In the event of a change of residence from Housing and Residential Life to an off-campus location, a student should notify the Office of the Registrar of his/her new address.

A.8 **Restriction/Revocation of Facilities Use**

The University of Miami reserves the right at any time to deny, revoke, or modify authorization to use any University facility or premises.
Decisions to authorize use of University facilities are made by the appropriate facility coordinator. Decisions to deny, revoke, or modify the authorization to use University facilities, because of potential danger, are made by the President of the University upon recommendation by the Vice President and/or the appropriate administrator involved with use of such University facilities. When possible, such decisions will be made only after review of a written recommendation by the appropriate facility coordinator. Decisions made in accordance with the policy are final and may not be appealed.

A.9 Student Organization Rights and Responsibilities
All University of Miami students who pay the student activities fee are eligible to join University organizations. Student Organizations must be sponsored by a University Department on campus or register with the Committee on Student Organizations (COSO) each year in order to be considered a student organization with rights and privileges on campus, including the reservation and/or use of University facilities. A complete list of all the rights and responsibilities of registered organizations can be found by clicking HERE.

All student organizations are under the disciplinary jurisdiction of the Dean of Students Office. All student organizations and groups are subject to the rules and policies of the University of Miami, including but not limited to the Student Rights and Responsibilities Handbook and the Policy and Procedures for Student Organizations.

The right of a student organization, including a fraternity or a sorority, to exist at the University may be revoked by the University at any time.

Information on establishing any other type of student organization or maintaining a current one can be obtained by contacting the Smith-Tucker Involvement Center, Whitten University Center, Room 209 or online at www.miami.edu/coso. With the exception of fraternities and sororities, the Committee on Student Organizations grants final approval for student organizations to exist on campus.

The policies and procedures for establishing a new fraternity or sorority on campus can be obtained by contacting the Dean of Students Office which grants approval for the establishment of all fraternal organizations on campus.

Sororities and Fraternities may also be governed by a governing council - the Panhellenic Association (PA), the Interfraternity Council (IFC), the National Pan-Hellenic Council (NPHC), and the Multiethnic Greek Council (MGC), each of which is a member of the Association of Greek Letter Organizations (AGLO). The policies, governing constitutions, bylaws, rules and regulations of these councils shall not conflict with the rules and policies of the University of Miami. The University of Miami rules and regulations supersede any conflicting rules or regulations.

The Dean of Students Office shall conduct a thorough investigation to determine whether a case involving any student organization, including fraternities or sororities, will result in charges of violation/s of the Code of Conduct and whether those charges will be seen as Major or University offenses. See Section III. Disciplinary Procedures for Student Organizations for details on how these cases will be adjudicated.

Any organization determined to be responsible for violating the Code of Conduct will be sanctioned in accordance with the violation. Sanctions imposed as a result of fraternity or sorority student-run disciplinary panel must be consistent with the purpose of the applicable governing constitution and by-laws of the organization as well as the University of Miami.

Student organizations may appeal any disciplinary sanction imposed upon them. Procedures for an appeal can be found in the Section of this Handbook entitled “Disciplinary Procedures for Student Organizations”.
A.10 Fraternity House Inspections
In an attempt to assist the fraternities in providing appropriate living environments which maintain acceptable living conditions, health requirements and safety standards for students residing in fraternity houses, the Fraternities and Sororities must comply with the following inspections:

A. General Physical Inspection
Each fraternity house must be inspected once each academic year for general physical condition by a representative of the Dean of Students Office and a representative from the University of Miami Physical Plant in conjunction with a House Corporation representative.

B. Electrical Inspection
Each House Corporation is required to have an annual electrical inspection conducted by a licensed and certified electrician. The inspection is to be completed during the summer months and a copy of the inspection report must be submitted to the Dean of Students Office no later than September 15.

C. Fire Safety Inspection
Each House Corporation is required to have an annual fire safety inspection conducted by a licensed and certified fire safety inspector. Each organization is responsible for the costs of the inspections.

It is the responsibility of each fraternity to ensure that its members maintain acceptable living conditions. As part of this responsibility, each fraternity should take all necessary steps to maintain its property in a safe, clean, and sanitary condition.

Failure to comply with this policy could result in various penalties and sanctions, including closure by the University.

A.11 Rental or Use of Fraternity Houses and Fraternity and Sorority Suites
Rental or use of fraternity houses or suites is permitted for current undergraduate members of the organization that owns/leases that space only. All other occupancy or use is prohibited.

A.12 Indebtedness to a Fraternity
Upon written request of a Fraternity Housing Corporation, the University may withhold grades, transcripts, diplomas, and registration materials of any student owing money for room and/or board to the Housing Corporation. The University, by taking such action, neither verifies the indebtedness nor accepts liability for incorrect billings or actions. If a dispute arises as to whether a student owes money to a Fraternity Housing Corporation, the student may present evidence to the Dean of Students who shall have the discretion to release grades, transcripts, diplomas, and registration materials if he/she determines that there is a good faith dispute as to the existence of any indebtedness.

To be eligible for fraternity or sorority membership and participation in related campus activities, including residing in a fraternity house, Greek intramural sports teams, and other all-Greek activities, a student must be enrolled in a minimum of 12 credit hours of academic work as an undergraduate student at the University of Miami. To be eligible to participate in formal recruitment activities for joining a fraternity or sorority a student must:

Residence in fraternity houses is limited to male University of Miami students in houses owned and/or operated by housing corporations of recognized University-affiliated fraternities

In addition to the above, the University of Miami recognizes and respects that some fraternities and sororities, as part of their historical basis, have adopted certain religious or spiritual values. Consequently, membership in these fraternities and sororities may require students to take certain prescribed oaths and affirmations, or use prescribed symbols during the process of joining the organization and/or during a person’s tenure as a member. Each fraternity and sorority is required to disclose the nature and philosophical basis of any religious or spiritual contents of all oaths, affirmations, or symbols to prospective members at the beginning of the recruitment process to the extent that a student may make an informed decision regarding their affiliation with a particular organization.

A.14 Administrative Requirements for Fraternities and Sororities

During the course of regular business, the Dean of Students Office or other branches of the University will make requests for either information related to a particular organization, or payments of outstanding monetary balances a Chapter has incurred for services provided by the University. If, at any point during the course of a year, an organization becomes delinquent in remitting the information or payments requested by a University agency, the organization will be considered “inactive” and will be required to cease all functions until the information has been submitted or account balance has been made current.

For the purposes of this policy, “inactive” organizations:

- Will not be permitted to host or attend any social, service, or philanthropic functions, or to participate in AGLO, Council specific, or other student governing body meetings, events, or activities.

- Will not be permitted to host any recruitment or new member education events and activities.

If the organization fails to do so by the posted deadline, the organization will be deemed “inactive” immediately and will remain inactive until the information is submitted or for a period of no less than one month, whichever is greater. The individual organization will be notified of such a determination in writing and the Inter/National organization will be notified of the Chapter’s change in status at the University.

B. Requests for Payment of Outstanding Balances Owed to the University

The University will charge individual organizations for services rendered that include, but may not be limited to, rent owed for use of a suite in the Panhellenic Building, utilities, lawn care at a particular fraternity house, maintenance, and other expenses. Anytime the Dean of Students Office is notified that a fraternity or sorority account balance exceeds $500.00 and has not been previously paid by the deadline/s provided by Accounts Payable, the organization’s President (or equivalent) will be contacted in writing by the Dean of Students Office. The organization will then be given a reasonable and finite amount of time within which to remit payment to the University. If the organization fails to remit payment by the Dean of Students deadline, the organization will be
deemed “inactive” and will remain inactive until payment is submitted or for a period of no less than one month, whichever is greater. The individual organization will be notified of such a determination in writing and the Inter/National organization will be notified of the Chapter’s change in status at the University.

Holds on a student’s record normally require action on the part of the student, i.e., a payment, completion of paperwork and/or disciplinary sanctions, etc. Specific information on a hold and what is required to remove it can be obtained from the office/department that initiated the hold.

A. 17 Sexual Misconduct
A copy of the University’s Sexual Misconduct Policy can be found at: https://umshare.miami.edu/web/wda/equalityadministration/titleIX/Sexual%20Misconduct%20Policy.pdf

C. SEXUAL MISCONDUCT & GENDER DISCRIMINATION POLICIES

For University purposes, Sexual Misconduct and Gender Discrimination includes the following specific policies: Gender Discrimination, Relationship and/or Intimate Partner Violence, Sexual Assault, Sexual Harassment, and Stalking. Sexual Misconduct is prohibited and may result in disciplinary action consisted with the Disciplinary Procedures for Reported Incidents of Sexual Misconduct and Gender Discrimination (page 75).

Students found responsible for violating Sexual Misconduct and Gender Discrimination policies may be subject to the full range of disciplinary actions described in this handbook, including the possibility of suspension or expulsion.

For more information and resources on sexual misconduct and how to overcome sexual violence at UM, you may contact the Dean of Students Office, visit www.miami.edu/ItsOnUs, or email itsonus@miami.edu.

Note: In order to encourage reporting of these issues, amnesty may be granted to students who in reporting an incident, or in the course of collaborating in a sexual misconduct investigation, disclose that at the time of the incident they may have violated portions of the Alcohol or Illegal Drugs policies, or other policies herein. For example, a charge for personal consumption of alcohol in violation of the policies outlined in this handbook will not be applied to a student who, in reporting an incident of sexual misconduct or gender discrimination, reports that they were under the influence of alcohol at the time when they were the target of the misconduct. This policy is designed to encourage reporting and it is not intended to be used as a defense after a student is found to have been in violation of University policies.

C. 1 Gender Discrimination
For University purposes, gender discrimination refers to any act that was committed against another person because of that person’s gender or their gender expression. For example, an act of assault committed against another person because of that person’s actual or perceived gender would constitute an act of gender discrimination, even if the assault itself was not of a sexual nature. Gender Discrimination is prohibited.

C. 2 Relationship Violence
Relationship and/or Intimate Partner Violence includes any acts of sexual or physical, or psychological violence, abuse, or aggression, or threats thereof, which are committed by one person against another person with whom they are/were in a domestic, dating, or intimate relationship. This policy will be applied evenly to all persons and actions, regardless of sexuality or the presence of multiple parties in a relationship.

A. Domestic Violence is defined as abusive behavior that is used by an intimate partner to gain or maintain power and control over the intimate party and can take many forms, including assault, sexual assault/battery, or any disciplinary offense resulting in physical injury or death of one family or household member by another family or household member. Examples of domestic relationships include: current or former spouses, individuals who have a child in common or with whom a child in common has been conceived, individuals who have lived together in a domestic partnership, and a child or other protected individual of the person.

B. Dating and/or Intimate Partner Violence can take on the same forms as those described in domestic violence, above, but is defined as violence committed by a person who has been in a romantic or intimate relationship with the victim. Whether there was such a relationship will be gauged by its length, type, and frequency of interaction.

C. 3 Sexual Assault / Battery
Sexual Assault/battery, commonly referred to as rape, is defined for University purposes as non-consensual,

A. oral, anal, or vaginal penetration by or union with the sexual organ of another or by any other object.
B. sexual touching (fondling) or intentional contact with the breasts, buttocks, groin, or genitals.
For the purposes of this Handbook, consent cannot be given:

- By a complainant who the respondent knew or should have known was under 18 years of age; or
- By a complainant who the respondent knew or should have known had a temporary or permanent disability making them unable to consent; or
- By a complainant who the respondent knew or should have known was intoxicated (by alcohol or another substance). While this is not an exhaustive list of indicators for intoxication, consent cannot be obtained when any of the following are present:
  - the respondent knew the complainant had been drinking or using drugs, and/or knew how much the complainant had consumed,
  - the complainant was visibly stumbling or otherwise was at a loss of equilibrium,
  - the complainant had noticeably bloodshot, glassy, or unfocussed eyes,
  - the complainant exhibited any of the signs of alcohol poisoning,
  - the complainant was known to have vomited as a result of consumption of an intoxicating substance,
  - the complainant was known to be disoriented or confused as to their whereabouts, or the time and date, or
  - the complainant has exhibited the loss of consciousness at any point between the consumption of the intoxicating substance and the alleged sexual activity.

When consent can be given, consent is agreement to engage in specific activity that must be:

- Intelligent - verbally or otherwise communicated; and
- Knowing - the person must have specific knowledge of each activity they are agreeing to engage in; and
- Voluntary - submission obtained by force, intimidation, threat, blackmail, extortion, or any other method of coercion is not voluntary. For purposes of this definition, “giving in” is not the same as providing consent.

C. 4 Sexual Harassment
Sexual Harassment is defined for University purposes as physical or verbal abuse of a sexual nature, including graphic commentaries about an individual’s body, sexually degrading remarks used to describe an individual, or unwelcome propositions or physical advances of a sexual nature. “Sexual harassment” also includes the threat or insinuation that sexual submission or the lack thereof will be used as a basis for employment or academic decisions affecting or interfering with an individual’s employment, academic standing, and/or academic or career development.

C. 5 Stalking
Stalking is defined as a course of conduct directed at a specific person that would cause a reasonable person to fear for her/his safety or the safety of others, or to suffer substantial emotional distress. “Stalking” includes the concept of cyber-stalking, a particular form of stalking in which electronic media such as the internet, social networks, blogs, cell phones, texts, or other similar devices or forms of contact are used. Stalking is prohibited.

Any costs for securing the police for an event must be paid for by the sponsoring organization.

   All requests for the use of University facilities by organizations must meet certain standards of supervision designed to enforce observance of state law. This responsibility must be undertaken by one or more persons of legal age willing to sign a supervisory agreement with the University for that purpose. The number of persons required to act in this capacity may vary somewhat depending upon the nature of the facility to be used, type of organization acting as sponsor, and the anticipated size of the event. The names of these persons must be provided by the sponsoring organization in advance of the event and must be acceptable to the responsible University official. 6. **Guest Policy**
   All guests at an event where alcohol is consumed/served must be invited by personal invitation; this includes all individuals who are either initiated or new members of the hosting organization. A guest list must be submitted to the Dean of Students Office by the Monday immediately before the event. The number of invited guests must be less
than the maximum allowable capacity of the useable common areas as determined by the Fire Marshall, two times
the total number of members of the sponsoring organization, or 125 total persons, whichever is lesser. The Dean of
Students or his/her designee may make exceptions to this policy.

An additional Fraternity guest list, equal to but not to exceed 10% of the allowable number of guests for the function,
is permitted to be added on site at the entrance to the function. However, the maximum allowable capacity for the
useable common areas is the maximum number of persons permitted to be inside those spaces at any given time.
A copy of the complete guest list must be kept at the entrance of the function. Events, to which persons other than
University students and/or staff are invited must have special approval from the Dean of Students Office. Any
exceptions to the guest policy must have the approval of the Dean of Students Office

7. Food and Non-Alcoholic Beverages

Food and Non-Alcoholic beverages must be provided by the sponsoring organization(s) throughout the entire event.

8. Event Management

Members and guests in attendance at social functions involving alcohol must bring their own alcoholic beverages to
the event. Alcoholic beverages may not be purchased through the chapter treasury nor may the purchase of alcoholic
beverages for members or guests be undertaken or coordinated by any member or guest at the event. All functions
must adhere to the guidelines listed in this section and must comply with all regulations in the Alcoholic Beverage
Policy. Additionally, the Dean of Students Office reserves the right to conduct inspections of any event to monitor
compliance with the policies contained herein.

a. Limits: The limit on the amount of alcohol shall be equivalent to one 12 ounce drink per hour the guests can be
present at the event. This means that for events lasting three (3) hours, three (3) drinks will be allowed per guest;
for events lasting four (4) hours, four (4) drinks per person will be allowed, etc.. This includes beer and/or malted
beverages only; no distilled spirits (i.e., “hard liquor”) are permitted.

b. Entrance: There shall be only one designated entrance to the event. The entrance shall serve three purposes: (1)
to make sure each person entering the event is either a member in the sponsoring organization or is on the guest
list; (2) to check identification of individuals entering the event; and (3) to ensure that no one is permitted to
leave the event with an opened alcoholic beverage. There shall be at least one member of the Executive Board at
the entrance at all times. All individuals who work the entrance during an event must remain alcohol free for the
duration of the event.

c. Identification: Only those persons who are appropriately identified as being 21 years old or older are permitted
to bring alcohol to the event, or consume it at the event. Each person’s photo identification must be checked at
the entrance to the event. Valid forms of identification are a valid driver’s license, State of Florida identification
card, or a valid passport.

d. Wristbands: Wristbands must be issued to persons of legal drinking age at the entrance to the event. No one will
be permitted to possess or obtain any alcoholic beverages without wearing a wristband and being of legal
drinking age. Wristbands will be provided by the Dean of Students Office, based on the provided guest list, prior
to the event.

e. Serving Area: There is to be a single serving area with servers who have attended a Risk management Workshop
and who are of legal drinking age. Students who are not of legal drinking age or who have not attended the Risk
management Workshop are not eligible to be servers. Servers may not consume alcoholic beverages before or
during an event. No alcohol may be distributed from any other area of the fraternity house (including individual
living rooms). Servers may not serve any persons who are visibly intoxicated.

f. Collection and Distribution: Once a person of legal drinking age who has brought alcohol to the event enters the
event and obtains a wristband, he/she must immediately take the alcohol to the serving area and exchange it for
the proper amount and type of tickets (i.e. four canned beers for four tickets designated for that brand of beer). A
person may only receive a beverage in exchange for a ticket and may only receive one beverage at a time.

The sponsoring organization will be responsible for monitoring the event to make sure no one is drinking without
a wristband, and that no person is in possession of more than one alcoholic beverage at a time.

h. Alcohol Checkout: 30 minutes prior to the designated ending time, an announcement must be made to the effect
that the bar will be closing. Individuals who leave the event at or before the designated ending time may cash in
their remaining tickets for the rest of their alcohol, and must leave immediately. All alcohol remaining after the designated ending time of the event shall be disposed of by the sponsoring organization.

D. Residence Halls

The consumption, sale, and distribution of alcoholic beverages is prohibited in hallways, stairwells, elevators, balconies, meeting rooms, lobbies, and all other public areas inside and outside immediately adjacent to the residence halls or apartments. Students of legal drinking age are permitted to possess and/or consume alcoholic beverages within the confines of their rooms or apartments as long as they comply with all public laws, the University’s Alcoholic Beverage Policy, and Housing and Residential Life rules and regulations.

E. Policy Regulations

Violations of any policy within this Section may result in disciplinary, civil, criminal, or other action. Violations of this policy involving non-student members shall be referred to the appropriate University administrative office and/or police agency. In addition, disciplinary action may be brought against a student organization for violation of this policy by organization members or guests during an event. Violations of this policy may include the denial of future use of University facilities or social privileges.

CLASSROOM DECORUM

The University seeks to promote a teaching and learning environment free from material and substantial classroom disruptions. Faculty and students have a joint responsibility to develop and maintain an optimal learning environment. Faculty members and teaching staff have the authority and responsibility to effectively manage their classroom environments. Instructors may determine the time and manner for student questions and expression of points of view in the instructional setting. Accordingly, instructors should establish, communicate and enforce reasonable expectations of classroom behavior and decorum via the syllabus and classroom discussion. This policy is not intended to discourage appropriate classroom expression, discussion, or disagreement, but rather to promote respectful interactions.

Classroom rules and expectations may be established by the instructor and communicated to the students via the syllabus and classroom discussion at the outset of the course. Classroom rules and expectations must be reasonable and appropriate in light of the classroom and instructional setting, learning objectives and teaching strategies; and may vary depending upon the educational context.

Any activities or behaviors that disrupt the learning environment can be considered as interfering with the learning process and a violation of this policy.

CONSENSUAL AMOROUS, ROMANTIC OR SEXUAL RELATIONSHIPS FOR STUDENTS IN SUPERVISORY ROLES

This policy was created in an effort to avoid the appearance of a conflict of interest, favoritism, or bias in the workplace, which may be prejudicial to the interests of the University, its members, and the public interest it serves, and to help insure that each member of the UM community is treated with dignity and without regard to other factors that are not relevant to that person’s work.

A. Definitions

For purposes of this policy, the term “University of Miami,” “employee,” “supervisor,” “junior party,” “faculty,” “student,” and “amorous relationships” are defined as follows:

1. University of Miami: University of Miami and related entities, including the University of Miami Graduate School, School of Law, and School of Medicine, and all undergraduate Schools and Colleges.

2. Employee: Anyone employed by the University of Miami as faculty or staff, full-time or part-time.

3. Supervisor (Senior Party): Applies to anyone who has academic, supervisory, administrative or authority over another (junior party), including but not limited to counselors and cunselees; coaches and student athletes; teaching assistants and students in their sections; and Residence Masters, Area Directors, Residence Assistants, and students under their supervision.

4. Subordinate / (Junior Party): Anyone over whom evaluative authority is exercised.
5. **Faculty:** All those charged with academic instruction, including all ranks recognized as faculty under the University of Miami Faculty Manual and its Graduate, Law, and Medical schools, teaching assistants, academic advisors, coaches and others who have a role in educating, supervising, or advising student students as part of the programs at the University of Miami and its various schools.

6. **Students:** All those enrolled full-time or part-time in any program at the University of Miami and its various schools.

7. **Amorous relationships:** Consensual, romantic, or sexual relationships between members of the University of Miami community that are willingly undertaken.

**B. Introduction**

Amorous, romantic or sexual relationships (“amorous relationships”) between members of the University community, where one of the parties has academic, supervisory, administrative or other authority over a subordinate (junior) party are highly problematic, even when entirely consensual. The amorous relationship may create, or be perceived as creating a conflict of interest that undermines the objectivity of evaluations.

**C. Policy**

Members of the University community are strongly discouraged from entering into amorous relationships with persons over whom they have evaluative authority. Supervisors who engage in an amorous relationship must take whatever steps necessary to ensure that they do not simultaneously have evaluative authority and an amorous relationship in a way that places the subordinate (junior) party at a disadvantage.

**D. Procedures**

Such steps may include, for example, withdrawing from a position as thesis advisor or teaching assistant supervisor. These steps should be taken in a way that does not disadvantage the junior party. If an amorous relationship develops with a subordinate / junior party (student) the supervisor/senior party (teaching assistant) must report the situation to the relevant program director, department chair, or dean, who will act to determine the best means of resolving potential conflicts and shall maintain the confidentiality of the information.

A party who engages in amorous relationships without reporting such a relationship may be subject to disciplinary action under applicable university policies and procedures.

**E. Resources**

Questions regarding this policy or available options of recourse may be referred to the departmental chairs, Office of the appropriate Dean, the Office of the Vice Provost for Undergraduate Affairs, the Office of the Ombudsperson, or the Office of Workplace Equity and Performance.

This policy is printed in the University of Miami Student Rights & Responsibilities Handbook, Graduate Bulletin, and Law School Handbook. DEMONSTRATION (ON CAMPUS)

A demonstration is defined as any public display of support for or in opposition to any person, group, organization, cause, institution, idea, or policy. A demonstration shall not include mere attendance at any scheduled university-sponsored activity, even if badges, armbands, distinctive clothing, or similar symbols or opposition are displayed.

Peaceful and orderly demonstration is considered to be one of the many legitimate avenues for the free expression of ideas. Accordingly, the University will assure the right of students and approved student organizations to demonstrate and publicly proclaim any view, however unpopular. This policy is intended to uphold the right of free speech of both demonstrators and speakers while also safeguarding the right of others to see and to listen.

The University of Miami supports the rights of individual students and student organizations to demonstrate, provided such activities do not disrupt normal activities or infringe upon the rights of others. The right to express ideas freely carries with it certain responsibilities, among which is the obligation to refrain from interfering with the rights of other members of the academic community to pursue legitimate educational objectives.

Persons engaging in activities on University property are subject to and expected to comply with all applicable University policies and procedures and all applicable laws, including any state statutes and relevant county and municipal ordinances.

The safety and well-being of members of the campus community collectively and individually must be protected at all times; thus the University maintains the right to regulate and monitor the time, place, and manner in which activities occur on campus.

A. Demonstration Guidelines

1. Persons may not display, threaten to use, or attempt to use firearms, explosives, or other weapons on University property.
2. Persons may not engage in or threatening or physically abusive behavior or cause or threaten to cause physical injury to another person.
3. Persons may not set fire to, or damage by any other means (e.g., including by use of any hazardous or noxious substance), any University building or any property (e.g., books, papers, records, electronic medium), of the University or of others.
4. Persons may not block or otherwise interfere with the free flow of vehicular, bicycle, or pedestrian traffic. The right of way on streets and sidewalks must be maintained, unless the closure is authorized in writing by the Dean of Students Office.
5. Persons may not block or otherwise interfere with ingress or egress of campus buildings, exterior patios, plazas, or gathering places or adversely occupy or take over any building or part thereof.
6. Persons may not obstruct, disrupt, or attempt to force the cancellation of any event or activity sponsored by the University or by any users authorized to use University facilities, including classes and other scheduled activities.
7. Use of indoor or outdoor public address systems and amplified sound, or the use of signage within buildings requires prior approval from the Dean of Students Office.
8. The Dean of Students Office must be notified of any planned demonstration two business days prior to the event.
9. Spontaneous (non-planned) demonstrations are restricted to designated University of Miami free speech zones.
10. Demonstrations are also subject to Florida Statute 877.13 and the City of Coral Gables Code which can be found in the Appendix of this manual.

B. Failure to Comply with Demonstration Guidelines

Individuals participating in any demonstration, as defined by this policy, whether sponsored or not, are accountable for compliance with this policy. Sponsoring organizations, agencies, and other entities are also responsible for compliance with this policy.
In the event of the violation of these guidelines, University officials may direct demonstrators (a) to comply with these
guidelines, (b) to cease and desist their activities, and/or (c) to leave the premises or campus. Demonstrators or
spectators who are alleged to be in violation of these guidelines should, if at all possible, first be warned by University
officials and given the opportunity to cease and desist. If they fully comply with such request and no crime or violation of
University of Miami policies, procedures, or Students Rights and Responsibilities has been committed, no adverse actions
will be taken.

Students who knowingly violate this policy governing demonstrations on campus or fail to cease and desist after being
warned to do so are subject to disciplinary action, arrest, and/or other action by appropriate authorities. Student
organizations charged with violating this policy will be referred to the Committee on Student Organizations and the Dean
of Students Office. Sanctions for failing to abide with policy guidelines may include termination of the demonstration and
prohibition of future demonstration activities.

C. Procedure for Gaining Approval for a Demonstration
1. Recognized University organizations and full or part-time students who wish to schedule a demonstration, rally, or
equivalent activity, may request the space through the Dean of Students Office. Any such request must be made no
less than two business days in advance of the activity.
2. Demonstrations may be held at locations on campus with the approval of the Dean of Students Office on a first-come,
first-served basis after an assessment that such demonstrations will not otherwise interfere with scheduled University
use or fail to comply with the guidelines applicable to all demonstrations.
3. The required registration form can be obtained by calling (305) 284-5353. The following information is required from
each individual or organization submitting a form: name of UM sponsoring organization; date, time, length of
demonstration; location, issue/topic/reason for demonstration; estimated number of participants; person(s) in charge
(names, addresses, phone numbers); and names of known non-University participants (addresses, phone numbers).
Any and all co-sponsoring organizations, companies, agencies, or other entities must be identified (contact names,
addresses, phone numbers) at the time of submission of the registration form. Co-sponsorship shall be defined as, but
not be limited to, providing staff, money, or publicity for the event. The form requires a signature assuring that copies
of the University of Miami’s Policies and Procedures, Section B.16, governing demonstrations, will be distributed to all
participants by the applicant.

EMERGENCY EQUIPMENT AND PROCEDURES

Designated fire escapes, ground level fire doors, fire hoses and extinguishers, and alarm equipment are to be used only in
emergencies. The blocking of, tampering with, damage caused to, the destruction of, or the misuse of these emergency
devices is prohibited and may result in criminal prosecution and/or University disciplinary action.

Directions for evacuation of University buildings, including all residential areas, in cases of emergency are posted throughout
each building. All students are required to participate in building evacuations. During building evacuations, students may not
return to buildings until the police, fire department, or appropriate University staff member gives authorization.

HAZING

The University of Miami has an absolute prohibition on hazing. Hazing is defined as an action or situation created on or off
campus which recklessly or intentionally harms, damages, or endangers the mental or physical health or safety of a student
for the purposes of, including, but not limited to, initiation or admission into or affiliation with any organization operating
within the University of Miami. Hazing includes, but is not limited to:
A. pressuring or coercing a student into violating University rules or local, state or federal law,
B. brutality of a physical nature, such as whipping, beating, branding, forced calisthenics, exposure to the elements,
C. forced/encouraged consumption of any food, liquor, drug, or other substance, or other forced/encouraged physical
activity that could adversely affect the physical or mental health or safety of the student,
D. any activity that would subject the student to extreme mental stress, such as sleep deprivation,
E. forced/encouraged exclusion from social contact,
F. forced/encouraged conduct that could result in extreme embarrassment,

G. forced/encouraged activity that could adversely affect the mental health or dignity of the student, or

H. any other activity which is inconsistent with the regulations and policies of the University of Miami (continued)

It is not a defense to a charge of hazing that:

1. The consent of the alleged victim had been obtained;

2. The conduct of activity that resulted in the death or injury of a person was not part of an official organizational event or was not otherwise sanctioned or approved by the organization; or

3. The conduct or activity that resulted in death or injury of the person was not done as a condition of membership to an organization.

4. The conduct or activity was not done to intentionally cause physical or emotional harm.

HEALTH AND SAFETY

Students who engage in conduct that endangers their personal health or safety or the personal health or safety of others, may be required to participate and make satisfactory progress in a program of medical or psychological evaluation and/or treatment if they are to remain at the University. The determination as to the student’s participation and progress is to be made by the Dean of Students, or her/his designee, with the assistance of the Director of the Student Health Center, the Director of the Student Counseling Center, and the Chief of the University of Miami Police Department, or their respective designees (this body comprises the Student Assessment Committee). The University reserves the right to require the withdrawal of a student whose continuation in school, in the University’s judgment, is detrimental to the health or safety of the student or others.

Upon request by the student, the decision to withdraw may be initially reviewed by the Dean of Students (the “Initial Review”). Requests for an Initial Review must be made, in writing and delivered to the Dean of Students Office, within 7 calendar days of receipt, by the student, of the withdrawal notice. The Dean of Students may uphold the withdrawal or share any new or relevant information with the Student Assessment Committee, which may then uphold, amend, rescind, or revise the withdrawal. The Vice President for Student Affairs (the “VPSA”) will serve as the final level of appeal for withdrawals made by the Student Assessment Committee. Prior to appealing the withdrawal to the VPSA, the student must have requested an Initial Review and been notified of the outcome of the Initial Review. The request for a final review by the VPSA must be made, in writing and delivered to the Office of the VPSA, within 14 calendar days after receipt, by the student, of the outcome of the Initial Review. In conjunction with the request for review by the VPSA, the student may submit to the VPSA any information which s/he believes is relevant and supportive of the request to review the University’s withdrawal request. The VPSA may uphold, amend, rescind, or revise the withdrawal. Decisions made by the VPSA are final.

Generally, a student who is required to withdraw from the University for behavior detrimental to the health or safety of the student or others may not be allowed to return to the University to resume his or her education for at least six months after the effective date of the withdrawal. Action taken under the University Health and Safety policy does not preclude disciplinary action by the University. Students who withdraw for reasons of health or safety must contact the Dean of Students Office before seeking readmission to the University.

Students who are withdrawn pursuant to this policy will be advised of their right to request an Initial Review and a subsequent review by the VPSA.

IDENTIFICATION CARDS

Students are required to carry University ‘Cane Cards at all times and to present their ‘Cane Cards when requested by University personnel including but not limited to staff members of the Housing and Residential Life, Food Service, Rathskeller, University Center, Bookstore, Library, Dean of Students Office, Health Service, Health Center Pharmacy, Department of Public Safety, The Student Wellness Center, the Office of the Registrar, and/or when at an Athletic event.

The University reserves the right to confiscate any duplicate Cane cards if discovered, and to confiscate a Cane Card at any time a policy violation is perceived.

B. **Other Identification Cards**: Possession of an identification card that bears another person's likeness or contains false demographic information is prohibited. This includes all altered, blank, forged, stolen, borrowed, fictitious, counterfeit, or unlawfully issued driver's license or identification cards. Identification cards meeting any of these criteria will be confiscated where students are found in possession of them and will be turned in to the Dean of Students Office and/or the University Police as evidence of misuse and policy violation.

C. **Creating Identification Cards**: Making or possessing instruments and/or materials for counterfeiting of University identification cards, driver’s licenses or any other forms of identification is prohibited.

This includes requests due to change in UM status (i.e. student to alumni, student to employee, undergraduate student to graduate/law/medical students, etc.)

**INFORMATION TECHNOLOGY RESOURCES**

The University of Miami's information technology resources have been assembled to facilitate the pursuit of excellence in the University's missions of teaching, research, and service. These pursuits are founded upon the basic principles of academic freedom and freedom of expression which transcend the means of communication used to convey these messages. The proliferation of technology continually provides new and different means of communicating the results of these endeavors, which must be adequately managed and protected while recognizing these very important principles.

The opportunity to use computing systems and software, as well as internal and external data networks, is important to all members of the University community. To preserve that opportunity for the full community, each individual student must comply with institutional and external standards for acceptable use of these shared resources. Although modest personal use of University-supplied technology resources may improve the skills of individual users and otherwise contribute indirectly to the University's mission, these resources should be used primarily for University-related educational and administrative purposes. By using University information technology facilities and resources, users agree to abide by all related University policies and procedures, as well as applicable federal, state, and local law. Violations may result in University disciplinary action or referral to appropriate external authorities.

A. **Acceptable Use Policy**

   The University of Miami maintains a computing system for the academic and administrative use of faculty, staff, and students. The University strives to provide a robust, resilient, and reliable information technology infrastructure to enable excellence in scholarship and education through the effective and innovative use of computers and information technology. The University of Miami computing systems and network are resources provided for all members of the University community. Because computing and network resources are shared, individuals should use the systems responsibly in pursuit of academic and administrative functions, and in doing so, are not to infringe on the rights, integrity, or privacy of others or their data. In using the computing systems and network, individuals and groups must abide by standards of lawful and ethical behavior.

B. **User Obligations**

   Use of the University of Miami’s computing systems and network is a privilege that carries numerous obligations. By using the University of Miami’s computing systems and network, you (the "User(s)") agree to abide by the following User Obligations:

   1. **Responsible and Lawful Conduct.** By using the University of Miami’s computing systems and network, Users agree that information posted on or distributed through the systems or network contain no obscene material; no advertising material or promotional material promoting products or services, except as may be permitted pursuant to University World Wide Web Policies - A047; no material which constitutes libel, slander or invasion of privacy or publicity rights; no violation of copyrights or trademarks; no incitement to riot or violence; and no violation of federal, state or local law. This paragraph is not intended to limit academic freedom.
2. **Respect for the University of Miami’s Computing Systems and Network administration.** Users should use the systems and network in a way that promotes the University of Miami’s academic mission. Accordingly, when it is necessary to perform systems administration, or, in order to protect the University of Miami’s legal interests, network administrators may access all files and data on the University Computing Systems and Network. In addition, the University may monitor and/or review any user ID, user activity, files, and data on the University systems and network, and/or "freeze" or remove access to any files or data which the University reasonably believes violates User Obligations in accordance with applicable University policies.

3. **Responsible Use of Computing and Networking.** Users may not obstruct any others' work by using unnecessarily large amounts of system resources (such as disk space, output devices, CPU time, and network bandwidth) or by deliberately causing any machine to crash or shut down. Given the finite capacity of available systems, Users must be responsible in their use of resources so as not to interfere unreasonably with the activity of other users.

4. **Responsible Use of Accounts.** Users may not give away or share any user ID and password, for any reason, or under any circumstances. Users may not use someone else’s account, either with or without permission. Individual accounts cannot be transferred to or used by another individual. Users also agree that attempts to gain access to any account not belonging to them or to a system on which they are not an authorized user will be treated as a violation of University policy, and their computing privileges may be revoked.

5. **Responsible Use of Bandwidth.** The University of Miami is committed to providing adequate network capacity for the academic and administrative computing needs of the University community. As desktop computers and servers have become a part of everyday life on campus, the volume of information transmitted through the University network has grown significantly. The growth in network use has increased the need for responsible use of the network resources, as excessive network traffic can interfere with the academic and administrative functions of the University. Members of the University community must employ good judgment in the use of the network. If the network is hindered by servers or computers using excessive bandwidth, those machines will be disconnected.

6. **Respect for Copyright.** Distribution of copyrighted material is a violation of federal law. In accordance with the Digital Millennium Copyright Act and the University of Miami Peer-to-Peer Policy (A065), the University, once notified of alleged copyright violations, will disconnect from the network the server or computer of the individual(s) involved. The individual who is distributing the copyrighted materials is responsible for any copyright infringement.

7. **Respect for System Security.** It is the responsibility of every User to protect the integrity and security of the data in personal accounts. Each User must accept responsibility for all matters pertaining to the proper use of personal accounts; this includes choosing safe passwords and ensuring that file protections are set correctly.

8. **Respect for the Ownership of Proprietary Software.** Users must not make or use unauthorized copies of proprietary software, even when that software is not physically protected against copying.

9. **Responsible Care of Computer Systems.** Users should exercise care in adequately protecting their systems against computer viruses and worms by installing the latest available security patches in a timely and appropriate manner. In the event a system becomes infected, the user shall isolate their infected systems from the University network so as not to affect other users or systems.

In the event an unauthorized key-logging program is detected on any University system, it must be immediately reported to the Chief Information Security Office. The system must be disconnected from the network and physically secured for an investigation to be performed by IT Security.

Any computer identified as a security risk due to lack of virus protection may be disconnected from the network or the respective network access account may be disabled until adequate protection is in place.

Users are given access to the University of Miami’s computing systems and network because they are tools to help them meet their academic goals. This access, however, is a privilege, not a right. Preventing others from fulfilling their academic or business-related goals by using the system irresponsibly is not permitted. Misuse of the University’s computing systems and network could lead to disciplinary, civil, criminal, or other actions.

**C. Examples of usage that could lead to disciplinary, civil, criminal, or other action include, but are not limited to:**

1. Using computing or network resources for the purpose of harassing another individual or group
2. Using computing or network resources for a commercial purpose

48
3. Sending electronic chain mail or mass unsolicited mail
4. Maintaining a server that contains files for which you do not have proper permission to store or redistribute
5. Altering e-mail or Usenet headers to hide the identity of the sender/poster or to attribute the e-mail or posting to someone other than the sender/poster
6. Using talk, write or IRC (inter-relay chat) resources in an abusive or frivolous manner
7. Accessing or transmitting obscene material in violation of federal, state or local law.
8. Posting inappropriate material to Usenet or a Web site
9. Using large amounts of disk space to store files not related to your academic pursuits
10. Excessive use of programs for non-academic purposes in a manner that taxes the system's resources.
11. Attempting to gain access to any computing, network, academic or business resources that you are not authorized to use, including those of third parties.
12. Using server resources to engage in activities in violation of federal, state or local law or other University policies.

The University of Miami will hold responsible the owner of any account through which security violations or irresponsible use occurs or individuals who inappropriately obtain and/or make use of another User's account or password. The University of Miami also reserves the right to withhold computing privileges from those who do not abide by the letter or intent of this policy document. Violations of this policy by the students referenced below shall be referred to the following offices for appropriate disciplinary action:

- Undergraduate: Dean of Students
- Graduate: Dean of the Graduate School
- Law: Dean of Students
- Medical: Dean of Student Affairs

**MESSAGE DELIVERY**

Students and student organizations are expected to accept receipt of and, if appropriate, respond promptly to all paper and electronic correspondence from University academic and administrative offices, including all phases of the disciplinary process.

Under extraordinary circumstances and after exhausting all other reasonable efforts to contact a student, academic and/or administrative offices may attempt delivery before or after a student’s scheduled class. If an attempt is made to deliver correspondence prior to the start of class, the faculty member will be asked for permission to deliver the correspondence. The nature of the correspondence shall be considered private and will not be communicated to the faculty member or any person(s) present. If the faculty member declines, the correspondence will be delivered immediately following the class.

This policy excludes police actions, which will proceed according to applicable statutes and warrants.

**PARKING AND MOTOR VEHICLES**

Parking on the University of Miami’s campus is a privilege granted solely under the terms, conditions, and rules published by the University. The registered owner and/or operator of a motor vehicle or the individual to whom a parking permit displayed on the vehicle is registered may, as determined by the University, be held responsible for fines and penalties assessed for parking violations.

Students who use a motor vehicle on campus or purchase a parking permit are understood to have entered into a contract with the University of Miami in which the student agrees to abide by the University’s policies concerning motor vehicles. Parking permits are not transferable. A permit may not be assigned, sold, given, or used by any individual other than the one to whom the permit was assigned.
Students in possession of an annual parking permit who graduate in December or leave the University before the end of the academic year are required to return their parking permit to the Parking and Transportation office. Towing at the owners/operator’s expense and risk, fines, and/or disciplinary action may result if transfer occurs.

University of Miami students are responsible for their own compliance with the University’s parking policy, as well as compliance by family members and guests, and will be held financially responsible for citations issued to vehicles traced to their family members and guests, as well as themselves.

A parking permit carries no guarantee that a parking space will be available at any given time. The University of Miami accepts no responsibility for damage to or theft of any vehicle or for the contents of motor vehicles parked on the University’s campus.

All vehicles must be operated in accordance with the laws of the State of Florida and the City of Coral Gables.

Any/all appeals pertaining to fines assessed by Parking & Transportation Services must be directed in writing to the University’s Parking Appeals Committee (PAC), and are contingent upon the decision of PAC.

The University of Miami’s complete Moving Vehicle Parking Code is available online at http://www.miami.edu/parking, or at the Parking & Transportation Services office.

All approved advertising must be displayed, distributed or placed in the specific bulletin board, receptacle or other appropriate designated area for such advertising. Advertising placed in inappropriate areas may be removed immediately.

Solicitation of students by other University students without the approval of the University authority responsible for the administration of the campus area in which the proposed solicitation will take place is prohibited. Solicitation by non-students may be done only with the approval of the Assistant Vice President for Business Services.

Solicitation is defined as any approach of one person by another person for the purpose of buying, exchanging, or selling goods or services, or distributing literature to cause a person to buy, exchange, or sell goods or services, or for the purpose of requesting funds, time membership, goods, services and/or equipment or materials to benefit either the University, its employees, outside organizations, or student organizations; or to sign petitions or collect names/addresses/phone/e-mails or other personal information.

**STUDENT INTERNATIONAL TRAVEL**

The purpose of this policy is to provide procedures for all students traveling on university trips outside the United States.

A “University Trip” includes any trip outside the United States that is organized, administered, or sponsored by the Study Abroad Office or any other department or school within the University or any other trip outside the United States in which a faculty member and/or staff member is traveling with University students in conjunction with, or as part of, an academic, community service and/or humanitarian endeavor.

All students who are traveling abroad on a University trip must register with Red24 at the following website: [https://www.red24.com/affiliate/chartis/um/](https://www.red24.com/affiliate/chartis/um/). The link can also be found in myUM under Online Resources. Students must input their entire itinerary including all locations traveled. Should the itinerary change at any time prior to and/or during the trip, the changes must be updated in the Red24 website.

Approval must also be given by the Director of Risk Management four weeks prior to traveling to the following countries.

A. Colombia  
B. Haiti  
C. Mexico  
D. Ecuador  
E. All of the countries listed on the U.S. State Departmental travel advisory warning page  
   ([http://travel.state.gov./travel/cis_pa_tw/tw/tw_1764.html](http://travel.state.gov./travel/cis_pa_tw/tw/tw_1764.html))

A copy of the Foreign Travel Insurance Form must be printed and carried by the student while traveling. The form can be found here: [www6.miami.edu/risk-management/UM_Travel_Guard_ID_Card-FY12.pdf](http://www6.miami.edu/risk-management/UM_Travel_Guard_ID_Card-FY12.pdf)

Students who require travel medicine consultation and/or immunization should schedule an appointment at Student Health Services or another medical provider at least six weeks prior to travel.

Any student who does not register with the Red24 program prior to travel will not be authorized to travel. Also, failure to comply with this policy may lead to the non-recognition of credits by the University of Miami for courses taken abroad.
TRESPASS

The University of Miami reserves the right to prohibit trespass onto its property. University employees whose duties include building or property supervision, or the general safety and protection of persons or property, may issue a trespass warning (orally or in writing). A trespass warning may be issued to students or non-students and may apply to an individual’s vehicle as well. The revocation of a person’s privilege to be upon the lands, within buildings, or on the premises of the University may be restricted to time and place by the agent of the University issuing the trespass warning. A University Police Officer or officials issuing a trespass warning may:

- Identify himself as a University official when he/she issues a warning;
- Advise the person that he/she is on University property and that his/her permission to be on University property is revoked;
- Inform him that if he/she does not leave immediately or if he/she returns, he/she will be arrested and prosecuted for trespassing to the full extent of the law.

An oral trespass warning should be issued in the presence of a witness whenever possible. A copy should be retained of any written trespass warnings. Prior to issuing the trespass warning, the University Department of Public Safety may be notified and a police officer will respond to assist in the warning process.

Appeals

If a University employee who is not a police officer requests the trespass warning for a student, the student may appeal the trespass warning only to the Dean of Students whose decision is final. The appeal must be submitted in writing and within 10 days of the issuance of the trespass warning.

All trespass warnings issued to students by University Police Officers may be appealed only to the University of Miami’s Chief of Police whose decision is final. The appeal must be submitted in writing and within 10 calendar days of the issuance of the trespass warning.
UNIVERSITY DISCIPLINARY PROCEDURES

Students who are alleged to have violated University Policies or Procedures may be charged under the University Disciplinary Procedures. A Complaint can be made by anyone. Upon notification that a violation may have occurred, the appropriate University official will investigate the circumstances of the case and attempt to identify the student(s) who allegedly committed the offense.

INTRODUCTION
The process through which students are held accountable to University policies and procedures is intended to promote a better understanding of the University community and acceptable behavior for students who are a part of that community. With that in mind, it should be noted that the following processes occur only between the University and each individual student involved in an investigation into possible policy violations. Parents, friends, significant others, and/or attorneys are not permitted to participate in or observe the University of Miami disciplinary processes.

The following section more fully explains the University Disciplinary Process that commences following the report of an alleged violation of the student Code of Conduct.

SECTION I. PERSONAL RIGHTS OF A STUDENT DURING THE UNIVERSITY DISCIPLINE PROCESS

A. The right to abstain from verbal participation
Students are not required to share their version of the incident in question, but must understand that their non-participation will not preclude a discipline officer from making a decision on charges or responsibility.

B. The right to an advisor
Students may choose to seek out an advisor and have that individual present with her/him during all meetings and/or hearings during a disciplinary investigation and hearing.

1. An advisor must be one of the following:
   a. a full-time member of the University staff,
   b. a full-time faculty member, or
   c. a regularly admitted and enrolled full-time student of the University of Miami

2. An advisor should be someone who:
   a. understands the policies and procedures used in the student discipline process,
   b. can help the student understand those policies and procedures to make more informed decisions throughout the discipline process, and
   c. is available during the same days and times as the student (meetings and hearings will be scheduled based upon the student’s class and schedule).

3. An advisor may not “represent” a student, serve as “proxy,” or speak for her/him at any point; rather, an advisor may be present to answer questions the involved student poses directly to the advisor during the meeting/s and offer guidance directly to that student. Disciplinary proceedings will not move forward with only the participation of an advisor; the student must also participate.

4. Regardless of whether a student chooses to utilize an advisor, every effort will be made by the discipline officer adjudicating the case to answer any questions a student may have before and during a formal hearing in order to prepare that student for his/her formal hearing and the decisions that s/he will make on their own behalf.

C. The right to a formal hearing
Meetings with a discipline officer prior to and during the presentation of charges during a preliminary hearing will be formal, yet conversational. When a student is charged with a violation of the Code of Conduct, that student is given the right to respond to that charge. When a student does not believe his/her actions violated the Code of Conduct, that student is then given the opportunity to have the decision of her/his responsibility made by an impartial, trained Disciplinary Hearing Panel (see below for details). Decisions are then made during formal hearings which are scripted and recorded for the official record of the discipline case.

D. The right to review related information and question witnesses, and provide the same on her/his own behalf during a formal disciplinary hearing
In cases where there was more than one student involved in an incident, when there were witnesses to an incident, or when there are secondary witnesses that can either corroborate or invalidate the details of a particular incident, both the investigating discipline officer and the student in question have the opportunity to ask questions of those individuals to more fully understand the incident and the actions of the student during that incident. This opportunity will be afforded during a formal disciplinary hearing. Where there is either incriminating or exonerating information it will be shared between the student and the discipline officer. This information may be explained to a student prior to a formal disciplinary hearing. The procedure for questioning witnesses will be determined by the hearing chair person
or the student affairs dean serving as the hearing officer. The use of the following are not permitted for consideration during the investigation or hearing process:

- Character witnesses
- results of polygraph tests
- expert testimony

SECTION II. PROCEDURAL RIGHTS FOR STUDENTS DURING A UNIVERSITY-LEVEL DISCIPLINE CASE

The following are the procedural requirements of a University-level discipline case. Note that it is possible for SECTION II, parts A through E, and parts H through J – with all of the sub-parts for each – to be accomplished during a single meeting between a Discipline Officer and a student who has been charged with a violation of the Code of Conduct. SECTION II, parts F and G as well as K and L only occur following a decision made by the student and at her/his request as noted below.

A. Explanation of Personal Rights

At the beginning of the investigative process the Discipline Officer shall ensure that each student who may be charged with a violation of the Code of Conduct understands her/his personal rights, as explained above.

B. Investigation

An investigation into an alleged violation of the Code of Conduct may include, but is not limited to, a thorough review of any information deemed pertinent to the case. This will include, but may not be limited to the information initially reported by University faculty, staff, or students, law enforcement agencies, or non-university community members, information collected during meeting/s with the reporting parties and the students involved in an incident, as well as any potential witnesses identified by the report or by the involved students. Other audio-, photo-, and video-graphic evidence may also be considered. Every report received shall necessitate an investigation; however, decisions about charging a particular student with a violation or violations of the Code of Conduct will only be done after meeting with that student and taking into account information presented by that individual.

1. The investigating Discipline Officer shall be a Student Affairs Dean, a professional staff member in the Department of Housing and Residential Life, or a Graduate Assistant for the Dean of Students Office or Department of Housing and Residential Life.

2. The Discipline Officer shall ensure that the investigation is performed within a reasonable time; normally within 15 class days of the incident.

3. Reports from law enforcement agencies may be used throughout the disciplinary process in order to gain further perspective on an incident. Information regarding prosecutorial or procedural decisions or information related to court decisions will not be considered at any point in the disciplinary process.

C. Preliminary Hearing

If, at the end of the investigation, a reasonable person could conclude that the information gathered by the investigating discipline officer suggests that the Code of Conduct may have been violated, the investigating discipline officer will present the accused student with a document that specifically explains which policies are involved and how they may have been violated. In conjunction with this document, the investigating discipline officer shall:

1. Review the student’s personal rights,
2. Give the student another opportunity to make any statement or explanation s/he wishes,
3. Advise the student whether or not s/he is being charged with a violation of the Code of Conduct, and advise the student of the specific charge/s for which s/he is being charged (where applicable), and
4. Where applicable, advise the student that a temporary residence hall room change will be made, pending the full adjudication of the charges.

D. Charge and Notice

If the Discipline Officer determines that charges are necessary for specific violation(s), the Discipline Officer will provide the student with a “Notice of Charge” during the Preliminary Hearing. The Notice of Charge is a formal document, and will

1. Inform the student of his/her personal rights as outlined in this handbook,
2. Inform the student of the specific Code of Conduct violations s/he is charged with, and
3. Afford the charged student with the opportunity to enter a response addressing the charge(s).
E. Possible Responses to Charges

Students will be given a maximum of one (1) class day to respond to charges after receiving a Notice of Charge. Students may respond by choosing whether s/he believes s/he is “Responsible” or “Not Responsible.” If the student does not respond to the charges within the prescribed time period, s/he shall be deemed to have responded “Not Responsible”. The following procedures shall apply for each of the available pleas:

1. Responsible
   If the student believes s/he is Responsible, the investigating Discipline Officer shall determine a sanction to be imposed by the University after considering all of the factors contributing to how and why the violation(s) occurred.

2. Not Responsible
   If the student believes s/he is Not Responsible or fails to enter a response in the time allotted, s/he shall have the right to a formal disciplinary hearing before a Hearing Officer, or before a Disciplinary Hearing Panel.
   a. Scheduling. The Dean of Students Office shall set the date, time, and place of the hearing based on the student’s class schedule and any academic or work related obligations s/he may have. Extra-curricular activities will not be a factor in determining the schedule for a formal hearing. Formal hearings will not be held during examination periods unless specifically requested by the student.
   b. Timing. Formal hearings will normally be held within 15 class days of receiving the response from the student. The Dean of Students Office may, at his/her discretion, extend the date of the hearing.
   c. Cases spanning more than one academic term. If a student has been charged and the case has not been fully adjudicated at the conclusion of an academic term, the University may withhold the student’s transcript or deny the future enrollment or graduation until such time as the case is adjudicated.
   d. Responsible findings. If the student is found Responsible at a formal hearing, the hearing officer or disciplinary hearing panel shall determine the sanction to be imposed by the University.

F. Disciplinary Hearing Panels for University-Level Cases

There are two kinds of disciplinary hearing panels for University-level cases; a University Disciplinary Hearing Panel (UDHP) and a Graduate Disciplinary Hearing Panel (GDHP). Each panel shall be composed of three students from a larger pool of prospective panelists who are each trained to hear and decide discipline cases. Undergraduate students will be used when the charged student is an undergraduate student, and graduate students will be used when the charged student is a graduate student. One of the student panel members will serve as the Panel Chairperson and a Student Affairs Dean will serve as the Advisor to the Panel. A UDHP/GDHP Panel member may not serve as an Advisor to a Charged Student or to the Board.

1. Panel Responsibilities:
   a. To inform the student of their rights as contained in these policies and procedures;
   b. To explain University policy B.22 (prohibiting the False Information from being shared during a hearing) and B.30 and (prohibiting interfering with a hearing in any way) as well as the possible consequences for each;
   c. To allow a Panel member to excuse himself in a particular case in the event that he/she feels that his/her presence may be prejudicial to the case;
   d. To allow the panel members, the discipline officer, and/or the charged student to bring any information to the Panel, regarding possible prejudice of a Panel member (if a student asserts valid grounds for the possible prejudice on the part of a Panel member, the Advisor may dismiss the Panel member if he/she fails to dismiss himself);
   e. To briefly explain to the student the manner by which the hearing will be conducted at the beginning of a disciplinary proceeding;
   f. To ensure, to the extent possible, that all questions asked and information offered are relevant to the question of responsibility in the fact-finding portion of a hearing and, if the student is found responsible, that information relevant to mitigating circumstances is reserved for the sanctioning portion of the hearing;
   g. To compile for the Dean of Students Office a complete file of any cases heard. The files must include any recordings of the hearing, a list of any witnesses presenting information during the hearing, and all evidence utilized in the proceedings and the Panel’s decision. Only the charged student and authorized University officials shall have access to the record of the hearing, which shall be available only for review in the Dean of
Students Office, until the period for filing a notice of appeal has expired or until the decision on appeal has been made.

2. Waiver of a Hearing Panel
   A student charged with a violation/s of the Code of Conduct automatically has the right to have his/her discipline case heard by a hearing panel; however, there are circumstances where this right can be waived.
   a. A student may waive his/her right to a hearing before a UDHP/GDHP and have his/her case heard by an individual, objective Student Affairs Dean at any time by submitting written notice to the Dean of Students Office.
   b. For incidents that occur or hearings that are requested within 20 class days of the end of an academic term or during a time period other than normal University operation (i.e., summer or exam periods), a discipline case will not be heard by a disciplinary hearing panel. In these instances, the charged student has the following options:
      i. To have the case heard by a UDHP/GDHP during the next period of normal University operation and have a “Stay” placed on their case (see Major Disciplinary Proceedings, Section II, B for specific details on using a Stay), or
      ii. To have the case heard by a Student Affairs Dean.
      iii. Delays in adjudication because of the unavailability of UDHP/GDHP panel members may not be used as a basis of appeal in the event of a finding of responsible.

G. Procedures for a Formal Disciplinary Hearing by the UDHP or a Student Affairs Dean
   The following are procedural assurances for all formal disciplinary hearings.
   1. University Oversight
      All formal disciplinary hearings will involve an objective Student Affairs Dean (not the same individual who served as Investigator). This person will serve as either the advisor to the panel or as the University’s lone representative for decisions on the outcome of the hearing and on the sanctions where applicable. This person will also ensure that proper protocols are adhered to. This person reserves the right to excuse any participant, at any time, for causing a disruption of the formal disciplinary hearing process following a warning to describe the disruptive behavior and prohibit the behavior from occurring further.
   2. Nature of the Hearing
      All hearings are intended to be non-adversarial and conducted in the interest of gathering honest and truthful information regarding a particular incident or incidents. Students are reminded that they are expected to uphold the Honor Code and its values of Honesty, Responsibility, and Integrity during all disciplinary hearings.
   3. Closed Hearings
      Formal disciplinary hearings are closed to the public. Staff members of the University Division of Student Affairs may observe a hearing for training purposes, but only with the permission of the charged student and the complainant, where applicable.
      a. Advisors
         Advisors for both the complainant and the respondent are permitted to attend Disciplinary Hearings as described in Section I, B of these Disciplinary Procedures. Students must inform the Dean of Students Office in writing no less than 3 class days prior to a formal disciplinary hearing if s/he is planning to bring an advisor to a meeting or hearing. This notice must include the name, telephone number, and e-mail address. If the student fails to provide such information in writing and in the time prescribed, the Advisor may be excluded from the hearing. Advisors may not also serve as a witness.
      b. Witnesses
         Witnesses will be permitted to participate in a hearing for a select period of time only. For the purposes of a formal disciplinary hearing, a “witnesses” may be an individual who has first-hand knowledge of the incident in question and is able to speak to the facts of the case at hand, or an individual who has knowledge of the incident directly from either the complainant or respondent. If a witness is to be called that is not on the list of witnesses for the investigator, the person calling that witness (respondent or complainant, where applicable) bears the responsibility of notifying the witnesses that will appear on her/his behalf during the hearing. All reasonable efforts will be made to entertain the insights of witness/es. Upon written request and
submission of the charged student’s witness list, the University will supply to the charged student a list of the witness/es that will be called during a hearing on its behalf. Witnesses may not also serve as Advisors.

4. **Hearings in Absentia**
   In instances where either the charged student, or complainant where applicable, does not attend the hearing, the hearing panel/chairperson shall have the discretion to hear and decide upon the facts of the case without the input from or in their absence.

5. **Silent participation**
   The charged student, or complainant where applicable, reserves the right to be present yet abstain from participation in the Hearing and will not be compelled to share information related to the case on his/her own behalf. Silent participation does not afford as advisor the right to speak on behalf of a student.

6. **Requests or Orders**
   Witnesses must cooperate in all phases of the discipline process described herein. The Hearing chairperson shall request the appearance of students whose insight is deemed relevant to a full disclosure of the facts at a hearing. Any student refusing to respond to a Hearing chairperson’s request may be charged with failure to comply with University policy B. 40, Requests or Orders.

7. **Related Information**
   The charged student will be afforded the opportunity, during a hearing, to ask questions of any related information and question any witnesses offering information that may be used to determine responsibility in that a particular case. The procedure for questioning witnesses will be determined by the hearing chairperson or the student affairs dean serving as the hearing officer. The introduction or use of character witnesses, polygraph evidence, and/or “expert testimony” is prohibited.

8. **Sharing of Information Prior to a Hearing**
   Charged students who would like to receive a copy of the information related to the charge/s received that will be used by the Investigator during a formal disciplinary hearing may do so by submitting a written request to the Dean of Students Office no less than 7 class days prior to a formal hearing. No less than 4 class days prior the hearing, the charged student must then submit copies of all written or recorded information or other related information in response to the charges that the respondent plans to use at the formal hearing with the Dean of Students Office; upon receipt of such information from the respondent, the Investigator will provide the respondent with a copy of the Notice of Charge along with all other written or recorded information, or other related information in support of the charges that the Investigator plans to use at the hearing. The Investigator’s notes related to the investigation and charges will not be disclosed unless they are to be read, verbatim, into the record during the hearing. The Dean of Students or his/her designee may make exceptions to this policy.

9. **Pre-Hearing Conference**
   The hearing officer or chairperson, in conjunction with the panel advisor, where applicable, may schedule a mandatory pre-Hearing Conference upon his/her initiative or upon the self-initiated written request from the complainant or respondent.

10. **Requests**
    The hearing officer or chairperson, in conjunction with the panel advisor, where applicable, may entertain any requests that are deemed appropriate prior to and/or during the formal disciplinary hearing. However, during the hearing, no requests to strip the hearing body of its duty to reach a decision on the issue of responsibility and/or sanctioning will be considered.

11. **Decorum**
    The hearing officer or chairperson, in conjunction with the panel advisor, where applicable, is charged with the responsibility for maintaining proper decorum and order during the hearing. S/He may use any reasonable means necessary to maintain decorum and may exclude any person whom, in his/her opinion, has no legitimate interest in the hearing, or whose conduct impedes or threatens to impede a fair and orderly hearing. Disruptive behavior may constitute a Major offense of the Code of Conduct, policy number B.30, Interference with University Investigations, Disciplinary Proceedings, or Records.

12. **Standard of Proof**
    In the University’s discipline system, decisions are made based on the “preponderance of evidence” rule. This means that the adjudicating Panel/Dean determines which facts are more likely than not to be true.
13. Paused and Reconvened Hearings

In rare circumstances, it may become necessary for the Hearing Chairperson to pause a hearing after it has begun and to reconvene that hearing at a later time.

14. Decision

Findings and sanctions for all University level disciplinary hearings must be reported to the Dean of Students Office within 1 business day of the decision and a written notice of these decisions must be delivered to the charged student within 3 class days of the decision.

15. Improper Procedure

Improper procedure may be declared at any stage of the hearing by the hearing chairperson, in conjunction with the panel advisor, where applicable, upon a finding that the Panel has been exposed to some misconduct in the hearing, which may prevent the rendering of a fair decision. Declaration of improper procedure shall result in the scheduling of a new hearing within 15 class days with the same panel advisor and new panel members.

16. Record of Hearings

A digital audio recording of the formal disciplinary hearing shall be made and this record, together with all formal documents and other evidence presented during the hearing, shall constitute the “official record” of the hearing. No other audio recording of the hearing will be permitted. Upon her/his request, and for the purpose of appeal only, the respondent and the complainant shall have access to review and/or listen to the record of the hearing in the Dean of Student Office, by appointment only. The recording of the hearing itself shall be available until the period for filing an appeal has expired, or where an appeal has been filed, until the decision on appeal has been made. After the aforementioned times have elapsed, recordings may be destroyed.

H. Determination of Responsibility

When tasked with determining a student’s responsibility, a disciplinary hearing panel or hearing officer will consider the objective facts presented surrounding a particular incident, taking into consideration what happened and whether or not an action was in violation of the Code of Conduct. Students deciding on their own response to a particular charge are advised to do the same.

I. Mitigation

When a student responds that s/he is responsible for violating a particular aspect of the Code of Conduct, or if s/he is found responsible of such during a formal hearing, the subjective reasons for why and how the Code of Conduct was violated shall be taken into consideration for determining the sanctions that will be assessed.

J. Disciplinary Decisions/Sanctions

After the mitigating and aggravating circumstances surrounding an incident for which it has been determined that a student is responsible have been heard, a sanction will be imposed by the University. Sanctions may be nominal (carrying a set level and duration for a particular warning or type of probation), educational (a required opportunity for that student to develop a knowledge base designed to help him/her make more informed choices in the future), or financial (through the levy of restitution, administrative charges, or fines).

Any sanction/s set out in the procedures of this handbook, not including Expulsion, Suspension and/or loss of financial aid, may be imposed by the University following the determination of responsibility and the consideration of mitigating circumstances:

1. Educational Sanctions (ED)
2. Disciplinary Warning (DW) lasting for a period of 1-2 semesters
3. Strict Disciplinary Probation (SDP) lasting for a period of 1-3 semesters
4. Final Disciplinary Probation (FDP) lasting until a student graduates or otherwise separates from the University permanently
5. Termination of Residency (TR): the forced cancellation of a housing contract; this can be applied to on-campus residences only
6. Change of Residency (CR): the forced change of a room and/or building assignment for a housing contract; this can be applied to on-campus residences only
7. Restitution (Rest): the monetary repayment of the cost of an item that was taken or damaged by the student found responsible from another individual; restitution may be paid to a non-University entity where the facts of the case may call for it
8. **Administrative Charge** (AC) paid to the University in order to offset any costs accrued by the University in the investigation and adjudication of a discipline case

9. **Fine** (Fine) paid to the University and serving as a deterrent to similar future violations

K. **Appeals**

Once a decision has been reached on the sanctions related to a particular case, that case can be appealed by the respondent or by the University in cases where the UDHP has decided a case. Only one appeal per case can be submitted and will be considered. The determination of responsibility for a disciplinary violation and the entry of a response of no contest are not subject to review on appeal.

1. **Grounds for an Appeal.** Appeals will be considered for two reasons:
   a) Procedural error in the investigation or hearing of a particular case;
   b) The sanction received is inadequate for the nature of the violation.

2. **Timing for the delivery of an appeal letter.** Appeals must turned in to the Dean of Students Office (Building 21-H) by the charged student and be received within 3 class days of the student receiving the sanctioning decision.

3. **Timing for the hearing of an appeal.** An appellate hearing shall be conducted within 20 class days of the appeal being received by the Dean of Students. Inability to schedule an appeal within 20 class days due to scheduling conflicts, (un)availability of discipline officer or panel representative, or scheduled/unscheduled interruption of classes (fall break, inclement weather, spring break, etc.) will not be grounds for dismissal or adjustment of the original hearing decision or sanction.

4. **Directions for writing an appeal.** Appeals must be written as a formal letter, which may be delivered on paper or in the form of an e-mail, and directed to the “University Appellate Board and its Members,” and must contain:
   a. The name and student identification number (C-Number),
   b. The date the appeal was written, and
   c. A detailed explanation of the nature of the appeal.

5. **Consideration of an Appeal.** Appeals received after the three class-day time frame, or those that do not adhere to the directions listed above, may not be considered.

6. **Hearing Appeals.** The University Appellate Board shall hear all appeals of University-level cases.

L. **The University Appellate Board**

This Board, with each member having one vote, shall be comprised of three individuals: the Dean of Students or his/her designee and two students, one male and one female.

1. **Appellate Board Responsibilities**

   The University Appellate Board shall be responsible for the following:
   a. The Appellate Board must inform the Charged Student of his/her personal rights as contained in these policies and procedures.
   b. The Board will allow the Charged Student an appropriate presentation of his/her appeal and the Investigator an appropriate response to allow the Board to determine whether to overturn the previous decision.
   c. Whenever the Appellate Board is not in operation (summers, exam periods) and a student presents an appeal, the case will be referred to the Dean of Students, or her/his designee, to be heard.

2. **Appeal Hearing Procedures**

   a. **Confidentiality.** The deliberations of the Appellate Board are regarded as confidential. Therefore, no participants, advisors, attorneys, or other observers are to be present during these deliberations. In addition, no record shall be made of the discussion or vote in these deliberations, other than the Board’s final decision.
   b. **Evidence.** Evidence that was not presented during the formal hearing may be presented, only if it was previously unavailable and only if it addresses the severity of sanction or procedures used during the Hearing.
   c. **Exchange of Information.** Upon a reasonable written request, the Charged Student or Investigator should produce for examination by the opposing party evidentiary material to be used at the Hearings.
   d. **Observations.** The opportunity to observe Appellate Hearings prior to deliberation shall be confined to Student Affairs Deans, Investigators, and UDHP members, with the consent of the Charged Student and the Appellate Board. No advisors, attorneys, or parents will be permitted to participate in or observe appeal hearings.
   e. **Failure to Appear.** Failure to appear at the Appellate Hearing, without proper notice to the Appellate Board, will result in a voiding of the appeal.
f. **Decorum.** Neither Appellate Board members, nor the Investigator or Charged Student may engage in private conversations while the proceedings are conducted.

g. **Deliberation.** At the conclusion of the Hearing, the Appellate Board shall excuse the hearing participants and render a decision whether to affirm or overturn the previous decision by a majority vote. The Deliberations are closed to everyone except the Appellate Board Members.

h. **Findings.** Appeal decisions are final and will be delivered in writing to the charged student and the investigating discipline officer. These decisions may include:
   
i. If the Appellate Board finds no merit to the appeal, it shall affirm the action of the adjudicating body.
   ii. If the Appellate Board finds that the student’s appeal on procedure is valid, it shall defer to the Dean of Students to determine the most appropriate manner in which the case should be reconsidered.
   iii. If the Appellate Board finds that the penalty assessed by the adjudicating body is too severe, it shall then assess what it deems to be an appropriate penalty.
   iv. Determinations of the Appellate Board may not be further appealed.

3. **Interpretation of University Disciplinary Procedures.** Whenever necessary, the Dean of Students shall interpret and/or provide specific clarification on University disciplinary procedures.

4. **Procedures Not Specifically Provided Herein.** The Appellate Board may implement procedures that are not specifically prescribed in these policies or procedures, if such implementation would serve to arrive at a full and true disclosure of the facts, and are instituted with the knowledge and consent of the Dean of Students.
MAJOR DISCIPLINARY PROCEDURES

Students who are alleged to have violated University policies or procedures may be charged under the Major Disciplinary Procedures, which means that in addition to other sanctions described herein, sanctions of suspension, expulsion or loss of financial aid may be assessed. A Complaint can be made by anyone. The Dean of Students or her/his designee determines whether a charge constitutes a Major offense based on the nature of the reported violation and the student’s disciplinary history. Upon notification that a violation has occurred, the appropriate University official will investigate the circumstances of the case and attempt to identify the student(s) who allegedly committed the offense.

Figure 2, below, illustrates the Major Disciplinary Process:

**Figure 2: Major Disciplinary Procedures (undergraduate or graduate)**

INTRODUCTION

The process through which students are held accountable to University policies and procedures is intended to promote a better understanding of the University community and acceptable behavior for students who are a part of that community. With that in mind, it should be noted that the following processes occur only between the University and each individual student involved in an investigation into possible policy violations. Parents, friends, significant others, and/or attorneys are not permitted to participate in or observe the University of Miami disciplinary processes.

The following section more fully explains the Major Disciplinary Process that commences following the report of an alleged violation of the student Code of Conduct.

SECTION I. PERSONAL RIGHTS OF A STUDENT DURING THE MAJOR DISCIPLINE PROCESS

A. The right to abstain from verbal participation

Students are not required to share their version of the incident in question, but must understand that their non-participation will not preclude a discipline officer from making a decision on charges or responsibility.

B. The right to an advisor

Students may choose to seek out an advisor and have that individual present with her/him during all meetings and/or hearings during a disciplinary investigation and hearing.

1. An advisor must be one of the following:
   a. a full-time member of the University staff,
   b. a full-time faculty member, or
   c. a regularly admitted and enrolled full-time student of the University of Miami

2. An advisor should be someone who:
   a. understands the policies and procedures used in the student discipline process,
   b. can help the student understand those policies and procedures to make more informed decisions throughout the discipline process, and
   c. is available during the same days and times as the student (meetings and hearings will be scheduled based upon the student’s class and schedule).

3. An advisor may not “represent” a student, serve as “proxy,” or speak for her/him at any point; rather, an advisor may be present to answer questions the involved student poses directly to the advisor during the meeting/s and offer guidance directly to that student. Disciplinary proceedings will not move forward with only the participation of an advisor; the student must also participate.

4. Regardless of whether a student chooses to utilize an advisor, every effort will be made by the discipline officer adjudicating the case to answer any questions a student may have before and during a formal hearing in order to prepare that student for his/her formal hearing and the decisions that s/he will make on their own behalf.

E. The right to a formal hearing

Meetings with a discipline officer prior to and during the presentation of charges during a preliminary hearing will be formal, yet conversational. When a student is charged with a violation of the Code of Conduct, that student is given the right to respond to that charge. When a student does not believe his/her actions violated the Code of Conduct, that student is then given the opportunity to have the decision of her/his responsibility made by an impartial, trained Disciplinary Hearing Panel (see below for details). Decisions are then made during formal hearings which are scripted and recorded for the official record of the discipline case.

F. The right to review related information and question witnesses, and provide the same on her/his own behalf during a formal disciplinary hearing

In cases where there was more than one student involved in an incident, when there were witnesses to an incident, or when there are secondary witnesses that can either corroborate or invalidate the details of a particular incident, both the investigating discipline officer and the student in question have the opportunity to ask questions of those individuals to more fully understand the incident and the actions of the student during that incident. This opportunity will be afforded during a formal disciplinary hearing. Where there is either incriminating or exonerating information it will be shared between the student and the discipline officer. This information may be explained to a student prior to a formal disciplinary hearing. The procedure for questioning witnesses will be determined by the hearing chair person
or the student affairs dean serving as the hearing officer. The use of the following are not permitted for consideration during the investigation or hearing process:

- character witnesses
- results of polygraph tests
- expert testimony

SECTION II. PROCEDURAL RIGHTS FOR STUDENTS DURING A MAJOR-LEVEL DISCIPLINE CASE

The following are the procedural requirements of a Major-level discipline case. Note that it is possible for SECTION II, parts A through F, and part I – with all of the sub-parts for each – to be accomplished during a single meeting between a Discipline Officer and a student who has been charged with a violation of the Code of Conduct. SECTION II, parts G and H as well as J and K only occur following a decision made by the student and at her/his request as noted below.

A. Explanation of Personal Rights

At the beginning of the investigative process the Discipline Officer shall ensure that each student who may be charged with a violation of the Code of Conduct understands her/his personal rights, as explained above.

B. Incidents also being adjudicated in a Court of Law

Should a student find her/himself involved in a situation where an incident has precipitated both disciplinary actions and an arrest with subsequent public proceedings in a court of law, that student may ask for a “Stay of Disciplinary Proceedings.” A Stay effectively pauses the disciplinary proceedings until such time that the student’s legal case has concluded.

1. When a Stay is used by a student, a “Hold” is placed on that student’s ability to change courses or to register for or attend future semesters’ coursework at the University.
2. Once requested, a Stay may be lifted by the student at any time.
3. Discipline cases involving a Stay must be adjudicated prior to the start of the next academic semester. This means that when a Stay spans the period between semesters of normal University operation (winter or summer break), the University may “drop,” or administratively withdraw a student from registered courses if that student chooses not to have her/his case completed within a reasonable amount of time before the beginning of the next semester.
4. In compliance with federal guidelines, cases involving alleged sex discrimination may not be stayed. See Section III of the Major Disciplinary Procedures for more information.

C. Investigation

An investigation into an alleged violation of the Code of Conduct may include, but is not limited to, a thorough review of any information deemed pertinent to the case. This will include, but may not be limited to the information initially reported by University faculty, staff, or students, law enforcement agencies, or non-university community members, information collected during meeting/s with the reporting parties and the students involved in an incident, as well as any potential witnesses identified by the report or by the involved students. Other audio-, photo-, and video-graphic evidence may also be considered. Every report received shall necessitate an investigation; however, decisions about charging a particular student with a violation or violations of the Code of Conduct will only be done after meeting with that student and taking into account information presented by that individual.

1. The investigating Discipline Officer shall be a Student Affairs Dean, a professional staff member in the Department of Housing and Residential Life, or a Graduate Assistant for the Dean of Students Office or Department of Housing and Residential Life.
2. The Discipline Officer shall ensure that the investigation is performed within a reasonable time; normally within 15 class days of the incident.
3. Reports from law enforcement agencies may be used throughout the disciplinary process in order to gain further perspective on an incident. Information regarding prosecutorial or procedural decisions or information related to court decisions will not be considered at any point in the disciplinary process.

D. Preliminary Hearing

If, at the end of the investigation, a reasonable person could conclude that the information gathered by the investigating discipline officer suggests that the Code of Conduct may have been violated, the investigating discipline officer will present the accused student with a document that specifically explains which policies are involved and how they may have been violated. In conjunction with this document, the investigating discipline officer shall:
Review the student’s personal rights,

1. Give the student another opportunity to make any statement or explanation s/he wishes,
2. Advise the student whether or not s/he is being charged with a violation of the Code of Conduct, and advise the student of the specific charge/s for which s/he is being charged (where applicable), and
3. Where applicable, advise the student that a temporary residence hall room change will be made, pending the full adjudication of the charges.

E. Charge and Notice

If the Discipline Officer determines that Major charges are necessary for specific violation(s), the Discipline Officer will provide the student with a “Notice of Charge for a Major Offense” during the Preliminary Hearing. This is a formal document, and will

1. Inform the student that the charges constitute a “Major Offense” and the full range of sanctions will be available if s/he is determined to be responsible for violating University policy or policies.
2. Inform the student of his/her personal rights as outlined in this handbook,
3. Inform the student of the specific Code of Conduct violations s/he is charged with, and
4. Afford the charged student with the opportunity to enter a response addressing the charge(s).

F. Possible Responses to Charges

Students will be given a maximum of three (3) class days to respond to charges after receiving a Notice of Major Charge. Students may respond by choosing to enter a “Request to Dismiss,” by responding that s/he is “Responsible” or “Not Responsible” for violating the policies noted, or by choosing to enter a “No Contest” response. If the student does not respond to the charges within the prescribed time period, s/he shall be deemed to have responded “Not Responsible”.

The following procedures shall apply for each of the available responses from the student:

1. Request to Dismiss

If the charged student believes that the University has not followed the disciplinary procedures as outlined in this manual or believes that there is no evidence at all supporting the charges presented, the Respondent may enter a Request to Dismiss. The Request must be in writing and set forth the specific reasons the matter should be dismissed. All Requests to Dismiss must be submitted to the Dean of Students Office and contain:

a. The name, address and telephone number of the person submitting the Request to Dismiss;
b. List and describe the charges brought against the student by the Discipline Officer;
c. Specifically outline the basis of the Request to Dismiss; and,
d. Be signed by the person submitting the Request to Dismiss.

Failure to follow the four requirements outlined above may result in denial of the Request to Dismiss. Upon receipt of a properly filed Request to Dismiss, a Judicial Officer will make a review of the request.

If a Request to Dismiss is properly made, the matter shall immediately be referred to an external Judicial Officer for determination. The Judicial Officer has the option to determine if a hearing should be afforded to a student entering such a request. The determination on a Request to Dismiss shall be made within ten (10) class days of its submission to the Dean of Students Office. If the Judicial Officer determines that the request is without merit, the student must enter a new response of either Responsible or Not Responsible, or No Contest within one class day of receiving the response to the request to dismiss.

2. Responsible

If the student believes s/he is Responsible, the investigating Discipline Officer shall immediately refer the case to the Dean of Students or her/his designee for a Mitigation Hearing (see Section II, J for details on a Mitigation Hearing).

3. Not Responsible

If the student believes s/he is Not Responsible or fails to respond within the allotted time, s/he shall have the right to a formal disciplinary hearing before a Hearing Officer, or before a Disciplinary Hearing Panel.

a. Scheduling. The Dean of Students Office shall set the date, time, and place of the hearing based on the student’s class schedule and any academic or work related obligations s/he may have. Extra-curricular
activities will not be a factor in determining the schedule for a formal hearing. Formal hearings will not be held during examination periods unless specifically requested by the student.

b. **Timing.** Formal hearings will normally be held within 15 class days of receiving the response from the student. The Dean of Students Office may extend the date of the hearing for exceptional circumstances.

c. **Cases spanning more than one academic term.** If a student has been charged and the case has not been fully adjudicated at the conclusion of an academic term, the University may enact a “Hold” on the student’s transcript or deny the future enrollment or graduation until such time as the case is adjudicated.

d. **Responsible findings.** If the student is found Responsible at a formal hearing, the hearing officer or disciplinary hearing panel shall determine the sanction to be imposed by the University.

4. **No Contest**
   A response of No Contest will constitute neither an admission nor a denial of responsibility and will subject the student to any sanction the deemed proper following a Mitigation Hearing (see Section II, J. for details on a Mitigation Hearing). A No Contest response is not in any way to be considered or construed as evidence against interest. When this response is given, the respondent will move directly to a mitigation hearing with the Associate Vice President and Dean of Students, or his/her designee, for sanctioning.

G. **Disciplinary Hearing Panels for Major-Level Cases**
   A Major Disciplinary Hearing Panel (MDHP) will be used to decide responsibility in cases utilizing the Major Disciplinary Procedures. Each panel shall be composed of one student and one faculty member, each from a larger pool of prospective panelists who are each trained to hear and decide upon discipline cases. Undergraduate students will be used when the charged student is an undergraduate student, and graduate students will be used when the charged student is a graduate student. Likewise, undergraduate faculty will be used when the charged student is an undergraduate student, and graduate faculty will be used when the charged student is a graduate student. In addition to faculty and student body representatives, an objective Student Affairs Dean will sit on the MDHP and will serve as Chairperson for the hearing. An MDHP Panel member may not serve as an Advisor to a Charged Student.

   1. **Selection of Faculty Member**
      The Provost, or his/her designee, will appoint faculty members from each academic college or school for undergraduate and graduate students to become trained panel members to hear cases where the respondent is an undergraduate or graduate student.

   2. **Selection of Student Member**
      Undergraduate student panel members will be selected by the Dean of Students Office and approved by the Provost or her/his designee. Each must be a full-time student with at least 60 earned credit hours (junior or senior standing) who maintain a minimum 2.5 cumulative GPA; graduate, law, and medical students will be selected by their respective Deans and must have a cumulative GPA of 3.0. In all cases, students must not be currently on disciplinary probation, must have been students at the University for at least one full academic year, and have expressed their willingness to serve in this capacity. All panelists will be trained at the beginning of each academic year and provided with supplemental training where necessary.

   3. **Panel Responsibilities:**
      a. To inform the student of their rights as contained in these policies and procedures;
      b. To explain University policy B.22 (prohibiting the False Information from being shared during a hearing) and B.30 and (prohibiting interfering with a hearing in any way) as well as the possible consequences for each;
      c. To allow a Panel member to excuse himself in a particular case in the event that he/she feels that his/her presence may be prejudicial to the case;
      d. To allow the panel members, the discipline officer, and/or the charged student to bring any information to the Panel, regarding possible prejudice of a Panel member (if a student asserts valid grounds for the possible prejudice on the part of a Panel member, the Advisor may dismiss the Panel member if he/she fails to dismiss himself);
      e. To briefly explain to the student the manner by which the hearing will be conducted at the beginning of a disciplinary proceeding;
f. To ensure, to the extent possible, that all questions asked and information offered are relevant to the question of responsibility in the fact-finding portion of a hearing and, if the student is found responsible, that information relevant to mitigating circumstances is reserved for the sanctioning portion of the hearing;
g. To compile for the Dean of Students Office a complete file of any cases heard. The files must include any recordings of the hearing, a list of any witnesses presenting information during the hearing, and all evidence utilized in the proceedings and the Panel’s decision. Only the charged student and authorized University officials shall have access to the record of the hearing, which shall be available only for review in the Dean of Students Office, until the period for filing a notice of appeal has expired or until the decision on appeal has been made.

4. Waiver of a Hearing Panel
A student charged with a violation/s of the Code of Conduct automatically has the right to have his/her discipline case heard by a hearing panel; however, there are circumstances where this right can be waived.

a. A student may waive his/her right to a hearing before an MDHP and have his/her case heard by an individual, objective Student Affairs Dean at any time by submitting written notice to the Dean of Students Office.

b. For incidents that occur or hearings that are requested within 20 class days of the end of an academic term or during a time period other than normal University operation (i.e., summer or exam periods) the discipline case will not be heard by a disciplinary hearing panel. In these instances, the charged student has the following options:
   i. To have the case heard by an MDHP during the next period of normal University operation and have a “Stay” placed on their case (see Major Disciplinary Proceedings, Section II, B for more information), or
   ii. To have the case heard by a Student Affairs Dean.
   iii. Delays in adjudication because of the unavailability of MDHP panel members may not be used as a basis of appeal in the event of a finding of responsible.

H. Procedures for a Formal Disciplinary Hearing by the MDHP or a Student Affairs Dean
The following are procedural assurances for all formal disciplinary hearings.

1. University Oversight
All formal disciplinary hearings will involve an objective Student Affairs Dean (not the same individual who served as Investigator). This person will serve as either the hearing chairperson or as the University’s lone representative for deciding the outcome of the hearing and on the sanctions where applicable. This person will also ensure that proper protocols are adhered to. This person reserves the right to excuse any participant, at any time, for causing a disruption of the formal disciplinary hearing process following a warning to describe the disruptive behavior and prohibit the behavior from occurring further.

2. Nature of the Hearing
All hearings are intended to be non-adversarial and conducted in the interest of gathering honest and truthful information regarding a particular incident or incidents. Students are reminded that they are expected to uphold the Honor Code and its values of Honesty, Responsibility, and Integrity during all disciplinary hearings.

3. Closed Hearings
Formal disciplinary hearings are closed to the public. Staff members of the University Division of Student Affairs may observe a hearing for training purposes, but only with the permission of both the respondent and the complainant.

a. Advisors
Advisors for both the complainant and the respondent are permitted to attend Disciplinary Hearings as described in Section I, B of these Disciplinary Procedures. Students must inform the Dean of Students Office in writing no less than 3 class days prior to a formal disciplinary hearing if s/he is planning to bring an advisor to a meeting or hearing. This notice must include the name, telephone number, and e-mail address. If the student fails to provide such information in writing and in the time prescribed, the Advisor may be excluded from the hearing. Advisors may not also serve as a witness.

b. Witnesses
Witnesses will be permitted to participate in a hearing for a select period of time only. For the purposes of a formal disciplinary hearing, a “witnesses” may be an individuals who has first-hand knowledge of the incident
in question and is able to speak to the facts of the case at hand, or an individual who has knowledge of the incident directly from either the complainant or respondent. If a witness is to be called that is not on the list of witnesses for the investigator, the person calling that witness (complainant or respondent) bears the responsibility of notifying the witnesses that will appear on her/his behalf during the hearing. All reasonable efforts will be made to entertain the insights of witness/es. Upon written request and submission of the Respondent’s witness list, the University will supply to the Respondent a list of the Witness/es that will be called during a hearing on its behalf. Witnesses may not also serve as Advisors or as a Support Person.

4. **Hearings in Absentia**
   In instances where either the charged student, or complainant, where applicable, does not attend the hearing, the hearing panel/chairperson shall have the discretion to hear and decide upon the facts of the case without the input from or in their absence.

5. **Silent participation**
   The charged student and the complainant, where applicable, reserve the right to be present yet abstain from participation in the Hearing and will not be compelled to share information related to the case on his/her own behalf. Silent participation does not afford as advisor the right to speak on behalf of a student.

6. **Requests or Orders**
   Witnesses must cooperate in all phases of the discipline process described herein. The Hearing chairperson shall request the appearance of students whose insight is deemed relevant to a full disclosure of the facts at a hearing. Any student refusing to respond to a Hearing chairperson’s request may be charged with failure to comply with University policy B.42, Requests or Orders.

7. **Related Information**
   Both the charged student and the complainant, where applicable, will be afforded the opportunity, during a hearing, to ask questions of any related information and question any witnesses offering information that may be used to determine responsibility in that a particular case. The procedure for questioning witnesses will be determined by the hearing chair person or the student affairs dean serving as the hearing officer. The introduction or use of polygraph evidence is prohibited.

8. **Sharing of Information Prior to a Hearing**
   Charged students who would like to receive a copy of the information related to the charge/s received that will be used by the Investigator during a formal disciplinary hearing may do so by submitting a written request to Dean of Students Office no less than 7 class days prior to a formal hearing. No less than 4 class days prior the hearing, the respondent must then submit copies of all written or recorded information or other related information in response to the charges that the respondent plans to use at the formal hearing with the Dean of Students Office; upon receipt of such information from the respondent, the Investigator will provide the respondent with a copy of the Notice of Charge along with all other written or recorded information, or other related information in support of the charges that the Investigator plans to use at the hearing. The Investigator’s notes related to the investigation and charges will not be disclosed unless they are to be read, verbatim, into the record during the hearing. The Dean of Students or his/her designee may make exceptions to this policy.

9. **Pre-Hearing Conference**
   The hearing chairperson may schedule a mandatory pre-hearing Conference upon his/her initiative or upon the self-initiated written request from the complainant or respondent.

10. **Requests**
    The Hearing chairperson may entertain any requests that are deemed appropriate prior to and/or during the formal disciplinary hearing. However, during the hearing, no requests to strip the hearing body of its duty to reach a decision on the issue of responsibility and/or sanctioning will be considered.

11. **Decorum**
    The Hearing chairperson is charged with the responsibility for maintaining proper decorum and order during the hearing. S/He may use any reasonable means necessary to maintain decorum and may exclude any person whom, in his/her opinion, has no legitimate interest in the hearing, or whose conduct impedes or threatens to impede a fair and orderly hearing. Disruptive behavior may constitute a Major offense of the Code of Conduct, policy number B.30, Interference with University Investigations, Disciplinary Proceedings, or Records.
12. **Standard of Proof**
In the University’s discipline system, decisions are made based on the “preponderance of evidence” rule. This means that the adjudicating Panel/Dean determines which facts are more likely than not to be true.

13. **Paused and Reconvened Hearings**
In rare circumstances, it may become necessary for the hearing chairperson to pause a hearing after it has begun and to reconvene that hearing at a later time.

14. **Decision**
Following the presentation of all related information and the closing statements by the parties involved, the hearing will conclude and all parties will be dismissed. The Disciplinary Hearing Panel is afforded three business days to make a decision on responsibility and deliver their decision to the Dean of Students Office. A written notice of the decision/s must be delivered to both the complainant and the respondent within 1 class day of the decision.

15. **Improper Procedure**
Improper procedure may be declared at any stage of the hearing by the hearing chairperson upon a finding that the Panel has been exposed to some misconduct in the hearing, which may prevent the rendering of a fair decision. Declaration of improper procedure shall result in the scheduling of a new hearing within 15 class days with the same hearing chairperson and new panel members.

16. **Record of Hearings**
A digital audio recording of the formal disciplinary hearing shall be made and this record, together with all formal documents and other evidence presented during the hearing, shall constitute the “official record” of the hearing. No other audio recording of the hearing will be permitted. Upon her/his request, and for the purpose of appeal only, the respondent and the complainant shall have access to review and/or listen to the record of the hearing in the Dean of Student Office, by appointment only. The recording of the hearing itself shall be available until the period for filing an appeal has expired, or where an appeal has been filed, until the decision on appeal has been made. After the aforementioned times have elapsed, recordings may be destroyed.

I. **Determination of Responsibility**
When tasked with determining a student’s responsibility, a disciplinary hearing panel or Hearing Officer will consider the **objective** facts presented surrounding a particular incident, taking into consideration what happened and whether or not an action was in violation of the Code of Conduct. Students deciding on their own response to a particular charge are advised to do the same.

J. **Mitigation Hearing**
When a student responds that s/he is responsible or no contest for violating a particular aspect of the Code of Conduct, or if s/he is found responsible of such during a formal hearing, the **subjective** reasons for why and how the Code of Conduct was violated shall be taken into consideration for determining the sanctions that will be assessed. The Dean of Students or her/his designee shall hear all mitigating/aggravating circumstances during a Mitigation Hearing and decide upon sanctions for all Major-level disciplinary cases.

K. **Disciplinary Decisions/Sanctions**
After the mitigating and aggravating circumstances surrounding an incident for which it has been determined that a student is responsible or after a student has entered a response of no contest, a sanction will be imposed by the University. Sanctions may require a prescribed **separation** of the student from the University, they may be **nominal** (carrying a set level and duration for a particular warning or type of probation), **educational** (a required opportunity for that student to develop a knowledge base designed to help him/her make more informed choices in the future), or **financial** (through the levy of restitution, administrative charges, or fines).

Unless the Dean of Students determines otherwise, all sanctions of Suspension or Expulsion may be effective as of the date of the precipitating incident, even where the student has attended classes and/or taken examinations during the course of the Major Disciplinary Proceedings.

Any sanction/s set out in the procedures of this handbook may be imposed by the University following the determination of responsibility and the consideration of mitigating circumstances:

1. **Educational Sanctions (ED)**
2. **Disciplinary Warning** (DW) lasting for a period of 1-2 semesters
3. **Strict Disciplinary Probation** (SDP) lasting for a period of 1-3 semesters
4. **Final Disciplinary Probation** (FDP) lasting until a student graduates or otherwise separates from the University permanently
5. **Suspension** (Susp) a complete separation from the University for a predefined period of time.
6. **Expulsion** (Exp) permanent dismissal from the University with no right for future readmission into another school/college within the University under any circumstances. A student who has been expelled shall be barred from campus visiting privileges.
7. **Termination of Residency** (TR): the forced cancellation of a housing contract; this can be applied to on-campus residences only
8. **Change of Residency** (CR): the forced change of a room and/or building assignment for a housing contract; this can be applied to on-campus residences only
9. **Restitution** (Rest): the monetary repayment of the cost of an item that was taken or damaged by the student found responsible from another individual.
10. **Administrative Charge** (AC) paid to the University in order to offset any costs accrued by the University in the investigation and adjudication of a discipline case
11. **Fine** (Fine) paid to the University and serving as a deterrent to similar future violations

**L. Appeals**

Once a decision has been reached on the sanctions related to a particular case, that case can be appealed by the respondent or by the University in cases where the MDHP has decided a case. Only one appeal per case can be submitted and will be considered. The determination of responsibility for a disciplinary violation and the entry of a response of no contest are not subject to review on appeal.

1. **Grounds for an Appeal.** Appeals will be considered for two reasons:
   a. Procedural error in the investigation or hearing of a particular case;
   b. The sanction received is inadequate for the nature of the violation.
2. **Timing for the delivery of an appeal letter.** Appeals must turned in to the Office of the Vice President for Student Affairs (244 Ashe Administration Building) by the charged student and be received within 3 class days of the student receiving the sanctioning decision. All requests for an appeal must be made in writing.
3. **Timing for the hearing of an appeal.** An appellate hearing shall be conducted within 20 class days of the appeal being received by the Vice President for Student Affairs. Inability to schedule an appeal within 20 class days due to scheduling conflicts, (un)availability of discipline officer or panel representative, or scheduled/unscheduled interruption of classes (fall break, inclement weather, spring break, etc.) will not be grounds for dismissal or adjustment of the original hearing decision or sanction.
4. **Directions for writing an appeal.** Appeals must be written as a formal letter, which may be delivered on paper or in the form of an e-mail, and directed to the “Vice President for Student Affairs,” and must contain:
   a. The name and student identification number (C-Number),
   b. The date the appeal was written, and
   c. A detailed explanation of the nature of the appeal.
5. **Consideration of an Appeal.** Appeals received after the three class-day time frame, or those that do not adhere to the directions listed above, may not be considered.
6. **Hearing Appeals.** The Appellate Officers of the University will decide appeals. The Vice President for Student Affairs, or her/his designee shall hear undergraduate student appeals and may consult with the University General Counsel to hear appeals based on procedures. The Dean of the Graduate School shall hear graduate student appeals based on severity of sanction and may consult with the University General Counsel to hear appeals based on procedures.

**M. Appeal Hearing Procedures**

1. **Confidentiality.** Appeal Hearings are closed to outside participation except where observations and input from others is requested by the Appellate Officer. Therefore, no participants, advisors, attorneys, or other observers are to be present during these proceedings. In addition, no record shall be made of the discussion or vote in these deliberations, other than the Appellate Officer’s final decision.
2. Related Information. Information related to the incident that was not presented during the formal hearing may be presented, only if it was previously unavailable and only if it addresses the severity of sanction or procedures used during the Hearing.

3. Exchange of Information. Upon a reasonable request, the Charged Student or Investigator should produce for examination by the other party evidentiary material to be used at the Hearings.

4. Observations. The opportunity to observe appellate hearings shall be confined to adjudicating Student Affairs Deans at the discretion of the Appellate Officer. Advisors, attorneys, and parents are not be permitted to attend or observe the appeal hearing. The number of persons eligible to observe a particular hearing shall be determined by the Appellate Officer.

5. Failure to Appear. Failure to appear at the Appellate Hearing, without proper notice to the Appellate Officer, will result in a voiding of the appeal.

6. Decorum. No person/s involved in an appellate hearing may engage in private conversations while the proceedings are conducted.

7. Deliberation. At the conclusion of the Hearing, the Vice President for Student Affairs shall excuse the hearing participants and render a decision.

8. Findings. Appeal decisions are final and will be delivered in writing to the charged student and the investigating discipline officer. These decisions may include:
   a. If the Appellate Officer finds no merit to the appeal, s/he shall affirm the action of the adjudicating body.
   b. If the Appellate Officer finds that the student’s appeal on procedure is valid, s/he may confer with the University General Counsel to determine the most appropriate manner in which the case should be reconsidered.
   c. If the Appellate Officer finds that the penalty assessed by the adjudicating body is too severe, it shall then assess what it deems to be an appropriate penalty.
   d. Determinations of the appellate officer are final and may not be further appealed.

9. Interpretation of University Disciplinary Procedures. Whenever necessary, the University General Counsel shall interpret and/or provide specific clarification on Major disciplinary procedures.

10. Procedures Not Specifically Provided Herein. The Vice President for Student Affairs or the Dean of the Graduate School may implement procedures that are not specifically prescribed in these policies or procedures, if such implementation would serve to arrive at a full and true disclosure of the facts, and/or ensure a fair proceeding, and are instituted with the knowledge and consent of the Dean of Students.

SECTION III. TEMPORARY SUSPENSION
The Provost of the University or his/her designee may, upon his/her own initiative or upon the recommendation of the Dean of Students or his/her designee, temporarily suspend any student whenever s/he deems that the student’s behavior and/or actions constitute a clear and present danger to him/herself or others or that the student’s behavior has or may materially disrupt the work or operations of the University.

A. A Temporary Suspension shall be indefinite and the student may, upon the decision of the Provost, be barred from being present anywhere on any of the University campuses, including attending classes and/or taking examinations during the suspension period.

B. During the course of a Temporary Suspension, an investigation into the incident precipitating the Temporary Suspension may occur, especially where required by the guidelines set forth by the US Department of Education for cases involving sexual violence or sex discrimination.

C. Within three class days of a receipt of the notice of Temporary Suspension, a student may request that a Major Disciplinary Hearing take place before a Hearing Officer to answer the alleged violation(s) following a thorough investigation into the incident. Said request shall be made in writing to the Dean of Students. Either the Provost, or her/his designee, shall determine if and when a student matter will be heard.

D. If the student does not request a hearing in writing to the Provost, the student will be deemed to have waived his/her right to a hearing and shall be suspended from the University indefinitely. In such instances, the University reserves the right to investigate and adjudicate the pending case without the respondent’s participation. As part of such an investigation and adjudication, a finding of responsible may be reached and a resulting sanction imposed. The sanction would supersede the indefinite suspension and could include dismissal or expulsion from the University. The Provost shall
decide whether the student will be allowed to make up, without prejudice, any class work or examinations missed because of temporary suspension.

E. In the event a student is unable to request a hearing due to incarceration or a physical or mental incapacity within the 72 hours, a student may appeal to the Provost in writing and the Provost may grant an extension for the request. Students will be required to provide documentation of his/her incarceration and/or incapacity.
DISCIPLINARY PROCEDURES FOR REPORTED SEXUAL MISCONDUCT OR GENDER DISCRIMINATION

INTRODUCTION
The following procedures will be used to address alleged violations of the Sexual Misconduct & Gender Discrimination Policies outlined in this handbook (page 35). For University purposes, Sexual Misconduct includes: Gender Discrimination, Relationship and/or Intimate Partner Violence, Sexual Assault, Sexual Harassment, and Stalking. Additionally, this process will be used to adjudicate issues of retaliation against another person for reporting an incident that fits into one of the aforementioned categories.

These procedures will be utilized for all cases where the accused person (the “Respondent”) is an enrolled student at the University of Miami engaged in coursework for completion of undergraduate, graduate, law, or medical programs, regardless of the specific enrollment relationship with the University.

Upon receipt of a report of alleged sexual misconduct from the individual making the complaint (the “Complainant”), the University will work closely with all students involved to provide support services and explain available options for addressing the issues. These options include the right to choose any or all of the following:

- Counseling and mental health services; and/or
- Administratively enforced protective measures; and/or
- Formal (administrative) disciplinary process; and/or
- Informing the individual of their right to also report the incident/s to the Police and pursue subsequent legal action.

In explaining these options, the University will provide thorough information to empower the student to make a choice that suits their preferred method of addressing the situation. The University will not coerce or pressure the student to select a particular course of action over another.

If the student indicates that they would like to engage with the formal disciplinary process, the University will launch an investigation into the allegations. Unless there is substantial information showing that the alleged behavior could not have occurred, the University will file charges against the Respondent so that a formal disciplinary hearing can be held to determine whether or not the respondent is responsible for violating University policy.

In a case where a report has first been made to the police, University disciplinary investigations may be delayed until the police have completed their initial investigative interviews. This will be done to ensure that the University investigation does not interfere with a legal investigation. However, based on Federal guidelines issued by the Office of Civil Rights, investigations into cases of alleged Sex Assault/Battery may not be delayed to allow for criminal court cases to conclude.

The student disciplinary process is not a legal one. While reports made by the police may be utilized as an investigatory tool, findings and/or other rulings in a public court of law shall not be considered as conclusive in the student disciplinary process.

When a formal hearing is necessary, the University will make every reasonable effort to have the case heard by a panel, in cases where student or faculty panel members are not available for extended periods of University recess, the case may be heard by an individual Student Affairs Dean following the same Disciplinary Hearing Process. The student and faculty representatives on the Panel that will hear the case will be selected based on the following guidelines:

1. For hearings where the respondent is an undergraduate student, the student panel member will be an undergraduate student with senior status and the faculty member will be one that teaches at the undergraduate level.
2. For hearings where the respondent is a graduate student, the student panel member will be a graduate student and the faculty member will be one that teaches at the graduate level.
3. For hearings where the respondent is a student in the School of Law, the student panel member will be a student in the School of Law and the faculty member will be one that teaches in the School of Law.
4. For hearings where the respondent is a student in the School of Medicine, the student panel member will be a student in the School of Medicine and the faculty member will be one that teaches in the School of Medicine.
5. For hearings where the respondent is a student organization made up of undergraduate, graduate, or law students, medical students, or any combination thereof, the student panel member will be an undergraduate student with senior status and the faculty member may be one that teaches at any level of within the University.

The disciplinary process through which students are held accountable to University policies and procedures is not intended to be an adversarial one; rather it is intended to be educational. The following processes occurs only between the University and each individual student involved in an investigation and the students involved are expected to present information on their own behalf.

In cases where the Respondent is also charged with additional violations of the Code of Conduct, the same Disciplinary Hearing Panel will hear and decide upon all charges.

In cases where a hearing panel has determined that the Respondent is responsible for violating one or more University policy/ies, the Respondent will then be referred for a mitigation hearing where sanctions appropriate to the severity of the violation will be determined. Appeals based on the perceived inappropriateness of the severity of sanction decided, and/or on perceived procedural error can be filed by the Complainant or the Respondent.

If requested by either party, provisions may be made to conduct the disciplinary hearing in a manner whereby the complainant and the respondent are not in the same physical location, but rather providing her/his input from another room as long as doing so does not impede discussion of the facts involved in the incident.

The University will work to ensure that any legally binding orders that restrict the proximity or contact between of a respondent and the complainant are enforced. Additionally, in cases involving alleged violations of the Sexual Misconduct and Gender Discrimination Policies, the University will take measures to ensure the perceived safety of complainants in related cases by ensuring that respondents have restricted access to residential areas and academic courses, and are reassigned to different residential areas and courses where applicable.

PROTECTIVE MEASURES
After reporting an incident of this nature the University is able to provide these measures to create a greater sense of safety and security for the complainant. These are addressed on a case by case basis. Examples of protective remedies include, but are not limited to:

- Administrative “No Contact” orders,
- Change of residence halls housing assignments,
- Change of course registration,
- Restrictions for use of campus facilities or attendance at University-sponsored events,
- Request to faculty for consideration on course deadlines.

The University actively works to ensure that our policies and procedures are in compliance with all federal guidelines, regulations, and laws related to violence against women, relationship violence, and gender discrimination. As a result, both the complainant and the respondent shall have equal right to each of the personal and procedural rights contained herein. Additionally, the University works to ensure:

- Adequate, reliable, and impartial investigation of complaints including the opportunity for both parties to present witnesses and other evidence.
- All reported incidents that involve alleged violations of policy that have Title IX implications will be investigated by the University to the fullest extent possible.
- Both the complainant and respondent will receive written notice of each step of the investigation and adjudication of the case, including charges presented, notice of hearing, notice of the outcome of the hearing, notice of sanction, notice of appeal (where applicable), and notice of the outcome of the appeal (where applicable). Written notice of the outcome of hearings, notice of appeal, and the outcome of appeals will be sent simultaneously to both the complainant and respondent.
The following sections more fully explain the Disciplinary Process that commences following the report of an alleged violation of the student Code of Conduct as previously described. The personal and procedural rights described herein are guaranteed to both the complainant and the respondent during the disciplinary process.
SECTION I. PERSONAL RIGHTS OF STUDENT DURING THIS DISCIPLINE PROCESS

A. The right to abstain from verbal participation
   Students are not required to share their version of the incident in question, but must understand that their non-participation will not preclude a discipline officer from making a decision on charges or responsibility.

B. The right to an advisor
   Students may choose to seek out an advisor of their choice and have that individual present with her/him during all meetings and/or hearings during a discipline case.
   1. An advisor should be someone who:
      a. understands the policies and procedures used in the student discipline process,
      b. can help the student understand those policies and procedures to make more informed decisions throughout the discipline process, and
      c. is available during the same days and times as the student (meetings and hearings will be scheduled based upon the student’s class and schedule).
   2. An advisor may not “represent” a student, serve as “proxy,” or speak for her/him at any point; rather, an advisor may be present to answer questions the involved student poses directly to the advisor during the meeting/s and offer guidance directly to that student. Disciplinary proceedings will not move forward with only the participation of an advisor; the student must also participate.
   3. Regardless of whether a student chooses to utilize an advisor, every effort will be made by the discipline officer adjudicating the case to answer any questions a student may have before and during a formal hearing in order to prepare that student for his/her formal hearing and the decisions that s/he will make on their own behalf.

C. The right to a support person
   Students may choose to seek out a support person and have that individual present with her/him during all meetings and/or hearings during a discipline case.
   1. A support person must be a current full-time faculty or staff member, or another full-time enrolled student, at the University of Miami.
   2. A support person should be someone who knows of the incident in question and the student for whom they are providing support.
   3. A support person may not “represent” a student or speak for her/him at any point; rather, a support person may be present to provide emotional support for a particular individual.
   4. Students who are under 18 years of age may choose to have a parent present to serve as their support person throughout the disciplinary investigation and hearing.

D. The right to a formal hearing
   Meetings with a discipline officer prior to and during the presentation of charges during a preliminary hearing will be formal, yet conversational. When a student is charged with a violation of the Code of Conduct, that student is given the right to respond to that charge. When a student does not believe his/her actions violated the Code of Conduct, that student is then given the opportunity to have the decision of her/his responsibility made by an impartial, trained Disciplinary Hearing Panel (see below for details). Decisions are then made during formal hearings which are scripted and recorded for the official record of the discipline case.

E. The right to review related information and question witnesses, and provide the same on her/his own behalf during a formal disciplinary hearing
   In cases where there was more than one student involved in an incident, when there were witnesses to an incident, or when there are secondary witnesses that can either corroborate or invalidate the details of a particular incident, both the investigating discipline officer and the student in question have the opportunity to ask questions of those individuals to more fully understand the incident and the actions of the student during that incident. This opportunity will be afforded during a formal disciplinary hearing. Where there is either incriminating or exonerating information it will be shared between the student and the discipline officer. This information may be explained to a student prior to a formal disciplinary hearing. The procedure for questioning witnesses will be determined by the hearing chair person or the student affairs dean serving as the hearing officer. The use of the following are not permitted for consideration during the investigation or hearing process:
   • results of polygraph tests
**SECTION II. PROCEDURAL RIGHTS FOR STUDENTS DURING THIS DISCIPLINARY PROCESS**

The following are the procedural requirements of a discipline case involving charges of this nature. Note that it is possible for SECTION II, parts A through F, and part I – with all of the sub-parts for each – to be accomplished during a single meeting between a Discipline Officer and a student who has been charged with a violation of the Code of Conduct. SECTION II, parts G and H as well as J and K only occur following a decision made by the student and at her/his request as noted below.

**A. Explanation of Personal Rights**

At the beginning of the investigative process the Discipline Officer shall ensure that each student who may be charged with a violation of the Code of Conduct understands her/his personal rights, as explained above.

**B. Investigation**

An investigation into an alleged violation of the Code of Conduct may include, but is not limited to, a thorough review of any information deemed pertinent to the case. This will include, but may not be limited to the information initially reported by University faculty, staff, or students, law enforcement agencies, or non-university community members, information collected during meeting/s with the reporting parties and the students involved in an incident, as well as any potential witnesses identified by the report or by the involved students. Other audio-, photo-, and video-graphic evidence may also be considered. Every report received shall necessitate an investigation.

1. Investigating Discipline Officers shall be specially trained and serve the Institution as a Title IX Investigator, Student Affairs Dean, and/or professional staff member from the Division of Student Affairs.
2. Under normal circumstances, investigations shall take no more than 30 class days and any subsequent adjudication of policy violations will follow immediately based on the timelines contained herein. The entire process should normally be completed within 60 class days.
3. Reports from law enforcement agencies may be used throughout the disciplinary process in order to gain further perspective on an incident. Information regarding prosecutorial or procedural decisions or information related to court decisions will not be considered at any point in the disciplinary process.

**C. Preliminary Hearing, Charge/s, and Notice**

If, at the end of the investigation, a reasonable person could conclude that the information gathered by the investigating discipline officer suggests that the Code of Conduct may have been violated, the investigating discipline officer will present the accused student with a document that specifically explains which policies are involved and how they may have been violated. In conjunction with this document, the investigating discipline officer shall:

1. Review the student’s personal rights,
2. Give the student another opportunity to make any statement or explanation s/he wishes, and
3. Inform the student that the charges constitute a “Major Offense” and the full range of sanctions will be available if s/he is determined to be responsible for violating University policy or policies.
4. Advise that the student review his/her personal rights as outlined in this Handbook,
5. Inform the student of the specific Code of Conduct violations s/he is charged with, and
6. Afford the respondent with the opportunity to enter a response addressing the charge(s).

**D. Possible Responses to Charges**

Students will be given a maximum of three (3) class days to respond to charges after receiving a Notice of Charge for a violation of this nature. Students may respond by choosing to enter a “Request to Dismiss,” by responding that s/he is “Responsible” or “Not Responsible” for violating the policies noted, or by choosing to enter a “No Contest” response. If the student does not respond to the charges within the prescribed time period, s/he shall be deemed to have responded “Not Responsible”.

The following procedures shall apply for each of the available responses from the student:

5. **Request to Dismiss**

If the charged student believes that the University has not followed the disciplinary procedures as outlined in this manual or believes that there is no evidence at all supporting the charges presented, the Respondent may enter a Request to Dismiss. The Request must be in writing and set forth the specific reasons the matter should be dismissed. All Requests to Dismiss must be submitted to the Dean of Students Office and contain:

   e. The name, address and telephone number of the person submitting the Request to Dismiss;
   f. List and describe the charges brought against the student by the Discipline Officer;
   g. Specifically outline the basis of the Request to Dismiss; and,
h. Be signed by the person submitting the Request to Dismiss.

Failure to follow the four requirements outlined above may result in denial of the Request to Dismiss. Upon receipt of a properly filed Request to Dismiss, a Judicial Officer will make a review of the request.

If a Request to Dismiss is properly made, the matter shall immediately be referred to an external Judicial Officer for determination. The Judicial Officer has the option to determine if a hearing should be afforded to a student entering such a request. The determination on a Request to Dismiss shall be made within ten (10) class days of its submission to the Dean of Students Office. If the Judicial Officer determines that the request is without merit, the student must enter a new response of either Responsible or Not Responsible, or No Contest within one class day of receiving the response to the request to dismiss.

6. Responsible
If the student believes s/he is Responsible, the investigating Discipline Officer shall immediately refer the case to the Dean of Students or her/his designee for a Mitigation Hearing (information related to what constitutes a Mitigation Hearing is found later in this section of the Handbook).

7. Not Responsible
If the student believes s/he is Not Responsible or fails to respond within the allotted time, s/he shall have the right to a formal disciplinary hearing before a Disciplinary Hearing Panel.

a. Scheduling. The Dean of Students Office shall set the date, time, and place of the hearing based on the involved students’ class schedule and any academic or work related obligations s/he may have. Extra-curricular activities and the schedule of individuals as potential advisors will not be a factor in determining the schedule for a formal hearing. Formal hearings will not be held during examination periods unless specifically requested by the student.

b. Timing. Formal hearings will normally be held within 20 class days of receiving the response from the student. The Dean of Students Office may extend the date of the hearing for good reason including, but not limited to, the availability of hearing panel members.

c. Cases spanning more than one academic term. If a student has been charged and the case has not been fully adjudicated at the conclusion of an academic term, the University may enact a “Hold” on the student’s transcript or deny the future enrollment or graduation until such time as the case is adjudicated. Likewise, where necessary the University may also choose to hear the case during these time periods if the parties involve so desire. Students may not be permitted to participate in University organized summer or intersession programs such as study abroad or alternative breaks when a case of this nature has not yet been fully investigated or adjudicated.

d. Responsible findings. If the student is found Responsible at a formal hearing, the case will be forwarded to the Dean of Students, or his/her designee, for a Mitigation hearing.

8. No Contest
A response of No Contest will constitute neither an admission nor a denial of responsibility and will subject the student to any sanction the deemed proper following a Mitigation Hearing (see Section II, J. for details on a Mitigation Hearing). A No Contest response is not in any way to be considered or construed as evidence against interest. When this response is given, the respondent will move directly to a mitigation hearing with the Assistant Vice President and Dean of Students, or his/her designee, for sanctioning.

E. Disciplinary Hearing Panels
In most cases, a Disciplinary Hearing Panel will be used to decide responsibility in cases utilizing these Disciplinary Procedures. Each panel shall be composed of one student and one faculty member, each from a larger pool of prospective panelists who are trained to hear and decide upon discipline cases of this nature. The student panelist will be selected from the same student population as the charged students (undergraduate, graduate, law, or medical) and the faculty panel member will be selected from the faculty for that same population. In addition to faculty and student body representatives, an objective Student Affairs Dean from the Coral Gables Campus will serve as Chairperson for the hearing. A Disciplinary Panel member may not serve as an Advisor or Support Person to a Complainant or a Respondent.

1. Selection of Faculty Member
The Provost, or his/her designee, will appoint faculty members from each academic college or school for undergraduate and graduate students to become trained panel members to hear cases where the respondent is an undergraduate or graduate student. The Dean of the Law School, or his/her designee, will select faculty members from the law faculty to become trained panel members to hear cases where the respondent is a law student. The Dean of the Medical School, or his/her designee, will select faculty members from the medical faculty to become trained panel members to hear cases where the respondent is a medical student. Each of these faculty panel members will be specially trained to interpret the facts presented for a particular case of this nature and make determinations on whether or not the respondent will be found responsible for violating University policy.

2. **Selection of Student Member**
Undergraduate student panel members will be selected by the Dean of Students Office and approved by the Provost or her/his designee. Each must be a full-time student with at least 60 earned credit hours (junior or senior standing) who maintain a minimum 2.5 cumulative GPA; graduate, law, and medical students will be selected by their respective Deans and must have a cumulative GPA of 3.0. In all cases, students must not be currently on disciplinary probation, must have been students at the University for at least one full academic year, and have expressed their willingness to serve in this capacity. All panelists will be trained at the beginning of each academic year and provided with supplemental training where necessary.

3. **Panel Responsibilities:**
   a. To explain University policy B.22 (prohibiting the False Information from being shared during a hearing) and B.30 and (prohibiting interfering with a hearing in any way) as well as the possible consequences for each;
   b. To allow a Panel member to excuse her/himself in a particular case in the event that he/she feels that his/her presence may be prejudicial to the case;
   c. To allow the panel members, the discipline officer, the respondent and/or the complainant to bring any information to the Panel, regarding possible prejudice of a Panel member (if a student asserts valid grounds for the possible prejudice on the part of a Panel member, the hearing chairperson may dismiss the Panel member if he/she fails to self-dismiss);
   d. To briefly explain to the student the manner by which the hearing will be conducted at the beginning of a disciplinary proceeding;
   e. To ensure, to the extent possible, that all questions asked and information offered are relevant to the question of responsibility in the fact-finding portion of a hearing and, if the student is found responsible, that information relevant to mitigating circumstances is reserved for the sanctioning portion of the hearing;
   f. To compile for the Dean of Students Office a complete file of any cases heard. The files must include any recordings of the hearing, a list of any witnesses presenting information during the hearing, and all evidence utilized in the proceedings and the Panel’s decision. Only the complainant and respondent and authorized University officials shall have access to the record of the hearing, which shall be available only for review in the Dean of Students Office, until the period for filing a notice of appeal has expired or until the decision on appeal has been made.

4. **Waiver of a Hearing Panel**
Alleged violation/s of sexual misconduct or gender discrimination will normally be heard by a hearing panel. However should an incident occur within 20 class days of the end of an academic term, or if hearings become necessary within 20 class days of the end of an academic term or during a time period other than normal University operation (i.e., summer or exam periods), the case will only be heard by a disciplinary hearing panel if there are trained panel members available for such a hearing. If trained panel members are not available, the hearing will be conducted by an individual, objective Student Affairs Dean (not the same individual who served as the investigator). The unavailability of panel members may not be used as a basis of appeal in the event of a finding of responsible.

F. **Procedures for the Formal Disciplinary Hearing**
The following are procedural assurances for all formal disciplinary hearings.

1. **University Oversight**
All formal disciplinary hearings will be presided over by an objective Student Affairs Dean (not the same individual who served as Investigator). This Hearing chairperson will be one part of a three-person panel ensure that proper
protocols are adhered to or as the University’s lone representative for deciding the outcome of the hearing and on the sanctions where applicable. The hearing Chairperson reserves the right to excuse any participant, at any time, for causing a disruption of the formal disciplinary hearing process following a warning to describe the disruptive behavior and prohibit the behavior from occurring further.

2. **Nature of the Hearing**
   All hearings are intended to be non-adversarial and conducted in the interest of gathering honest and truthful information regarding a particular incident or incidents. Students are reminded that they are expected to uphold the Honor Code and its values of Honesty, Responsibility, and Integrity during all disciplinary hearings.

3. **Closed Hearings**
   Formal disciplinary hearings are closed to the public. Staff members of the University Division of Student Affairs may observe a hearing for training purposes, but only with the permission of both the respondent and the complainant.
   a. **Advisors**
      Advisors for both the complainant and the respondent are permitted to attend Disciplinary Hearings as described in Section I, B of these Disciplinary Procedures. Students must inform the Dean of Students Office in writing no less than 3 class days prior to a formal disciplinary hearing if s/he is planning to bring an advisor to a meeting or hearing. This notice must include the name, telephone number, and e-mail address. If the student fails to provide such information in writing and in the time prescribed, the Advisor may be excluded from the hearing. Advisors may not also serve as a witness.
   b. **Support persons**
      Support persons for both the complainant and the respondent are permitted to attend Disciplinary Hearings as described in Section I, C of these Disciplinary Procedures. Students must inform the Dean of Students Office in writing no less than 3 class days prior to a formal disciplinary hearing if s/he is planning to bring a support person to a meeting or hearing. Support Persons may not also serve as Witnesses.
   c. **Witnesses**
      Witnesses will be permitted to participate in a hearing for a select period of time only. For the purposes of a formal disciplinary hearing, a “witnesses” may be an individuals who has first-hand knowledge of the incident in question and is able to speak to the facts of the case at hand, or an individual who has knowledge of the incident directly from either the complainant or respondent. If a witness is to be called that is not on the list of witnesses for the investigator, the person calling that witness (complainant or respondent) bears the responsibility of notifying the witnesses that will appear on her/his behalf during the hearing. All reasonable efforts will be made to entertain the insights of witness/es. Upon written request and submission of the Respondent’s witness list, the University will supply to the Respondent a list of the Witness/es that will be called during a hearing on its behalf. Witnesses may not also serve as Advisors or as a Support Person.

4. **Hearings in Absentia**
   In instances where either the respondent or complainant does not attend the hearing, the hearing panel/chairperson shall have the discretion to hear and decide upon the facts of the case without the input from or in their absence.

5. **Silent participation**
   The complainant and the respondent reserve the right to be present yet abstain from participation in the Hearing and will not be compelled to share information related to the case on his/her own behalf. Silent participation does not afford as advisor the right to speak on behalf of a student.

6. **Requests or Orders**
   Witnesses must cooperate in all phases of the discipline process described herein. The Hearing chairperson shall request the appearance of students whose insight is deemed relevant to a full disclosure of the facts at a hearing. Any student refusing to respond to a Hearing chairperson’s request may be charged with failure to comply with University policy B. 42, Requests or Orders.

7. **Related Information**
   Both the complainant and the respondent will be afforded the opportunity, during a hearing, to ask questions of any related information and question any witnesses offering information that may be used to determine responsibility in that a particular case. The procedure for questioning witnesses will be determined by the hearing
chair person or the student affairs dean serving as the hearing officer. The introduction or use of polygraph evidence is prohibited.

8. **Sharing of Information Prior to a Hearing**
Complainants or respondents who would like to receive a copy of the information related to the charge/s received that will be used by the Investigator during a formal disciplinary hearing may do so by submitting a written request to Dean of Students Office no less than 7 class days prior to a formal hearing. No less than 4 class days prior the hearing, the respondent must then submit copies of all written or recorded information or other related information in response to the charges that the respondent plans to use at the formal hearing with the Dean of Students Office; upon receipt of such information from the respondent, the Investigator will provide the respondent with a copy of the Notice of Charge along with all other written or recorded information, or other related information in support of the charges that the Investigator plans to use at the hearing. The Investigator’s notes related to the investigation and charges will not be disclosed unless they are to be read, verbatim, into the record during the hearing. The Dean of Students or his/her designee may make exceptions to this policy.

9. **Pre-Hearing Conference**
The hearing chairperson may schedule a mandatory pre-Hearing Conference upon his/her initiative or upon the self-initiated written request from the complainant or respondent.

10. **Requests**
The Hearing chairperson may entertain any requests that are deemed appropriate prior to and/or during the formal disciplinary hearing. However, during the hearing, no requests to strip the hearing body of its duty to reach a decision on the issue of responsibility and/or sanctioning will be considered.

11. **Decorum**
The Hearing chairperson is charged with the responsibility for maintaining proper decorum and order during the hearing. S/He may use any reasonable means necessary to maintain decorum and may exclude any person whom, in his/her opinion, has no legitimate interest in the hearing, or whose conduct impedes or threatens to impede a fair and orderly hearing. Disruptive behavior may constitute a Major offense of the Code of Conduct, policy number B.30, Interference with University Investigations, Disciplinary Proceedings, or Records.

12. **Standard of Proof**
In the University's discipline system, decisions are made based on the “preponderance of evidence” rule. This means that the adjudicating Panel/Dean determines which facts are more likely than not to be true.

13. **Paused and Reconvened Hearings**
In rare circumstances, it may become necessary for the Hearing Chairperson to pause a hearing after it has begun and to reconvene that hearing at a later time.

14. **Decision**
Following the presentation of all related information and the closing statements by the parties involved, the hearing will conclude and all parties will be dismissed. The Disciplinary Hearing Panel is afforded three business days to make a decision on responsibility and deliver their decision to the Dean of Students Office. A written notice of the decision/s must be delivered to both the complainant and the respondent within 1 class day of the decision.

15. **Improper Procedure**
Improper procedure may be declared at any stage of the hearing by the hearing chairperson upon a finding that the Panel has been exposed to some misconduct in the hearing, which may prevent the rendering of a fair decision. Declaration of improper procedure shall result in the scheduling of a new hearing within 15 class days with the same hearing chairperson and new panel members.

16. **Record of Hearings**
A digital audio recording of the formal disciplinary hearing shall be made and this record, together with all formal documents and other evidence presented during the hearing, shall constitute the “official record” of the hearing. No other audio recording of the hearing will be permitted. Upon her/his request, and for the purpose of appeal only, the respondent and the complainant shall have access to review and/or listen to the record of the hearing in the Dean of Student Office, by appointment only. The recording of the hearing itself shall be available until the period for filing an appeal has expired, or where an appeal has been filed, until the decision on appeal has been made. After the aforementioned times have elapsed, recordings may be destroyed.
G. Determination of Responsibility
When tasked with determining a student’s responsibility, a disciplinary hearing panel or Hearing chairperson will consider the objective facts presented surrounding a particular incident, taking into consideration what happened and whether or not an action was in violation of the Code of Conduct. When students are deciding their response to a disciplinary charge or charges they are advised to do the same.

H. Mitigation Hearing
When a student claims s/he is responsible for violating a particular aspect of the Code of Conduct, or if s/he is found responsible of such during a formal hearing, the subjective reasons for why and how the Code of Conduct was violated shall be taken into consideration for determining the sanctions that will be assessed. If a student enters a response of No Contest, a mitigation hearing will also be scheduled to set a proper sanction without a finding of responsibility.

The Dean of Students or her/his designee shall hear all mitigating/aggravating circumstances during a Mitigation Hearing and decide upon sanctions for all disciplinary cases involving alleged violations of Sexual Misconduct or Gender Discrimination. Additionally, both the complainant and the respondent have the opportunity to present an “impact statement” to the Dean of Students or her/his designee describing the impact of the alleged violation on her/his wellbeing. This may be done verbally and/or in writing. The Dean of Students will consider these statements during mitigation and prior to sanctioning.

I. Disciplinary Decisions/Sanctions
When a student has been found responsible for violating University policy or has entered a response of no contest, a sanction will be imposed by the University. Any sanction/s set out in the procedures of this Handbook may be imposed by the University:

1. Educational Sanctions (ED) a required opportunity for the student to develop a knowledge base designed to help him/her make more informed choices in the future
2. Disciplinary Warning (DW) lasting for a period of 1-2 semesters
3. Strict Disciplinary Probation (SDP) lasting for a period of 1-3 semesters
4. Final Disciplinary Probation (FDP) lasting until a student graduates or otherwise separates from the University permanently
5. Suspension (Susp) a complete separation from the University for a predefined period of time.
6. Expulsion (Exp) permanent dismissal from the University with no right for future readmission into another school/college within the University under any circumstances. A student who has been expelled shall be barred from campus visiting privileges.
7. Termination of Residency (TR): the forced cancellation of a housing contract; this can be applied to on-campus residences only
8. Change of Residency (CR): the forced change of a room and/or building assignment for a housing contract; this can be applied to on-campus residences only
9. Restitution (Rest): the monetary repayment of the cost of an item that was taken or damaged by the student found responsible from another individual.
10. Administrative Charge (AC) paid to the University in order to offset any costs accrued by the University in the investigation and adjudication of a discipline case
11. Fine (Fine) paid to the University and serving as a deterrent to similar future violations

Unless the Dean of Students or her/his designee determines otherwise, all sanctions of Suspension or Expulsion may be effective as of the date of the precipitating incident, even where the student has attended classes and/or taken examinations during the course of the Disciplinary Proceedings.

J. Appeals
Once a decision has been reached on the sanctions related to a particular case, that case can be appealed by the complainant, respondent, or by the University. Only one appeal per case can be submitted and will be considered. The determination of responsibility for a disciplinary violation and the entry of a response of no contest are not subject to review on appeal.

1. Grounds for an Appeal. Appeals will be considered for two reasons:
a. Procedural error in the investigation or hearing of a particular case;
b. The sanction received is not appropriate for the nature of the violation.

2. **Timing for the delivery of an appeal letter.** Appeals must be turned in to the Office of the Vice President for Student Affairs (244 Ashe Administration Building) by the appealing party and be received within 3 class days of the student receiving the sanctioning decision. All requests for an appeal must be made in writing.

3. **Timing for the hearing of an appeal.** An appellate hearing shall be conducted within 20 class days of the appeal being received by the Vice President for Student Affairs. Inability to schedule an appeal within 20 class days due to scheduling conflicts, unavailability of a discipline officer or panel representative, or scheduled/unscheduled interruption of classes (fall break, inclement weather, spring break, etc.) will not be grounds for dismissal or adjustment of the original hearing decision or sanction.

4. **Directions for writing an appeal.** Appeals must be written as a formal letter, which may be delivered on paper or in the form of an e-mail, and directed to the “Vice President for Student Affairs,” and must contain:
   a. The name and student identification number (C-Number),
   b. The date the appeal was written, and
   c. A detailed explanation of the nature of the appeal.

5. **Consideration of an Appeal.** Appeals received after the three class-day time frame, or those that do not adhere to the directions listed above, may not be considered.

6. **Appellate Officers.** The Appellate Officers of the University will decide appeals. The Vice President for Student Affairs, or her/his designee, shall hear undergraduate student appeals and may consult with the University General Counsel to hear appeals based on procedures. The Dean of the Graduate School, or her/his designee, shall hear graduate student appeals based on severity of sanction and may consult with the University General Counsel to hear appeals based on procedures. The Dean of the Law School, or her/his designee, shall hear law student appeals based on severity of sanction and may consult with the University General Counsel to hear appeals based on procedures. The Dean of the Medical School, or her/his designee, shall hear medical student appeals based on severity of sanction and may consult with the University General Counsel to hear appeals based on procedures.

7. **Appeal Hearings.** Both the complainant and the respondent will be afforded the right to initiate the appeal process following a decision in a formal hearing and/or mitigation hearing based on either the severity of the sanction rendered or the perception of procedural error.
   a. If either the complainant or the respondent initiates an appeal that is based on the severity of the sanction that was given to the respondent, both the complainant and the respondent (separately) will be afforded the opportunity to meet with the appellate officer separately to discuss the merits of an appeal.
   b. If either the complainant or the respondent initiates an appeal that is based on the perception of a procedural error, the appellate officer may choose to meet with both the complainant and the respondent, or neither the complainant or the respondent, depending on the information that is needed to make the proper determination.

K. **Appeal Hearing Procedures**

1. **Confidentiality.** Appeal Hearings are closed to outside participation except where observations and input from others is requested by the Appellate Officer. Therefore, no witnesses, advisors, attorneys, or other observers are to be present during these proceedings. In addition, no record shall be made of the discussion or vote in these deliberations, other than the Appellate Officer’s final decision.

2. **Related Information.** Information related to the incident that was not presented during the formal hearing may be presented, only if it was previously unavailable and only if it addresses the severity of sanction or procedures used during the Hearing.

3. **Exchange of Information.** Upon a reasonable request, the Complainant, Respondent, or Investigator should produce for examination by the other party evidentiary material to be used at the appeal Hearings.

4. **Failure to Appear.** Failure to appear at the Appellate Hearing, without proper notice to the Appellate Officer, will result in a voiding of the appeal.

5. **Decorum.** No person/s involved in an appellate hearing may engage in private conversations while the proceedings are conducted.
6. **Deliberation.** At the conclusion of the Hearing, the Vice President for Student Affairs shall excuse the hearing participants and render a decision.

7. **Findings.** Appeal decisions are final and will be delivered in writing to the complainant and respondent near simultaneously and an official copy of the appeal findings will be sent to the investigating discipline officer for the official file. These decisions may include:
   a. If the Appellate Officer finds no merit to the appeal, s/he shall affirm the sanction imposed.
   b. If the Appellate Officer finds that the student’s appeal on procedure is valid, s/he may confer with the University General Counsel to determine the most appropriate manner in which the case should be reconsidered.
   c. If the Appellate Officer finds that the penalty assessed by the mitigation officer is too mild or too severe, the Appellate Officer will assess an appropriate penalty.
   d. Determinations of the appellate officer are final and may not be further appealed.

8. **Interpretation of University Disciplinary Procedures.** Whenever necessary, the University General Counsel shall interpret and/or provide specific clarification on these disciplinary procedures.

9. **Procedures Not Specifically Provided Herein.** The Vice President for Student Affairs, the Dean of the Graduate School, the Dean of the Law School, or the Dean of the Medical School may implement procedures that are not specifically prescribed in these policies or procedures, if such implementation would serve to arrive at a full and true disclosure of the facts and/or ensure a fair proceeding, and are instituted with the knowledge and consent of the Dean of Students.

**SECTION III. TEMPORARY SUSPENSION**

The Provost of the University or his/her designee may, upon his/her own initiative or upon the recommendation of the Assistant Vice President / Dean of Students or his/her designee, temporarily suspend any student whenever s/he deems that the student’s behavior and/or actions constitute a clear and present danger to him/herself or others or that the student’s behavior has or may materially disrupt the work or operations of the University.

A. A Temporary Suspension shall be indefinite and the respondent may, upon the decision of the Provost, be barred from being present anywhere on any of the University campuses, including from attending classes and/or taking examinations during the suspension period.

B. During the course of a Temporary Suspension, an investigation into the incident precipitating the Temporary Suspension may occur, especially where required by the guidelines set forth by the US Department of Education for cases involving sexual violence or sex discrimination.

C. Within three class days of a receipt of the notice of Temporary Suspension, the respondent must request that a Disciplinary Hearing take place following the procedures set forth herein to answer the alleged violation(s), following a thorough investigation into the incident. Said request shall be made by the respondent in writing to the Assistant Vice President / Dean of Students. The Assistant Vice President / Dean of Students, or her/his designee, shall determine if and when the matter will be heard.

D. If the respondent does not request a hearing in writing to the Assistant Vice President / Dean of Students, the respondent will be deemed to have waived his/her right to participate in a hearing and shall be suspended from the University indefinitely. In such instances, the University reserves the right to investigate and adjudicate the pending case without the respondent’s participation. As part of such an investigation and adjudication, a finding of responsible may be reached and a resulting sanction imposed. The sanction would supersede the indefinite suspension and could include dismissal or expulsion from the University. In the event a respondent is unable to request a hearing due to incarceration or a physical or mental incapacity within the 72 hours, the respondent may appeal to the Provost in writing and the Provost may grant an extension for the request. Respondents will be required to provide documentation of his/her incarceration and/or incapacity.

E. The Provost shall decide whether the respondent will be allowed to make up, without prejudice, any class work or examinations missed because of temporary suspension.
DISCIPLINARY PROCEDURES FOR STUDENT ORGANIZATIONS

Student organizations that are alleged to have violated University policies or procedures may face adjudication within the University’s Judicial System. A complaint can be made by anyone. Upon notification that a violation has occurred, a Student Affairs Dean will investigate and consider whether or not a potential violation of University standards has occurred and will schedule investigatory meetings as are deemed appropriate.

The following disciplinary procedures are intended to be used to investigate alleged violation/s of the Code of Conduct as contained in this Handbook by student organizations. In many cases, student organizations are also required to adhere to guidelines set forth by another oversight body (e.g., student organization governing body, academic or university department, national affiliate group, etc.). Violations of those policies and procedures that are external to this Handbook will only be adjudicated through this system where violations of the Code of Conduct also exist.

The following section more fully explains the University Disciplinary Process that commences following the report of an alleged violation of the student Code of Conduct.

INTRODUCTION
The process through which students and student organizations are held accountable to University policies and procedures is intended to promote a better understanding of the University community and acceptable behavior for students who are a part of that community. With that in mind, it should be noted that the following processes occur only between the University and each individual student organization and any of the organization’s members involved in an investigation into possible policy violations. Parents, friends, significant others, and/or attorneys are not permitted to participate in or observe the University of Miami disciplinary processes.

DEFINITION
For the purposes of these procedures, a “student organization” is defined as any organized group of students that seeks recognition from any agency of the University of Miami to perform its regular functions, any organized group that seeks financial resources from an agency of the University, and/or any organized group that utilizes University financial accounting systems. This includes, but may not be limited to:

- Fraternities and sororities that seek recognition through the Dean of Students Office and one of the governing councils;
- Groups that seek recognition through the Committee on Student Organizations (COSO);
- Sport Clubs recognized through the Department of Wellness and Recreation;
- Groups that are socially or professionally affiliated with a particular academic or administrative department, or
- Any student-based religious group recognized through the University Chaplains’ Association

SECTION I. ORGANIZATIONAL REPRESENTATION
All recognized organizations will be represented throughout the discipline process by the organization’s President or Captain (or otherwise recognized, and previously elected or selected “leader” where titles may vary) who was serving in that role during the time of the incident in question. Organizational discipline issues will not be attributed to the representative as an individual unless it is determined that the individual was also directly involved in a violation.

SECTION II. RIGHTS AFFORDED TO A STUDENT ORGANIZATION DURING THE DISCIPLINE PROCESS
A. The right to abstain from verbal participation
Members of Student Organizations are not required to share their version of the incident in question, but must understand that their non-participation will not preclude a discipline officer from making a decision on charges or responsibility.

B. The right to an advisor
Student Organizations may choose to seek out an advisor and have that individual present with her/him during all meetings and/or hearings during a discipline case.

1. An advisor must be a current full-time faculty or staff member, or another enrolled student, or serve as the Advisor of Record with the University office that has oversight of that organization’s affiliation with the University.

2. An advisor should be someone who understands the policies and procedures used in the student organization discipline process and can help the student/s involved understand those policies and procedures to make more informed decisions during the investigation meeting/s and preliminary hearing.

3. An advisor may not “represent” the organization or speak for it or any member of it at any point; rather, an advisor may be present to answer questions that the organization’s Representative poses directly to the advisor during the meeting/s and offer guidance directly to that student.

4. Regardless of whether an organization chooses to utilize an advisor, every effort will be made by the discipline officer adjudicating the case to answer any questions a student may have before and during a formal hearing in order to prepare that student for the organization’s formal hearing and the decisions that s/he will make on the organization’s behalf.

C. The right to a formal hearing
Meetings with a discipline officer prior to and during the presentation of charges during a preliminary hearing will be formal, yet conversational. If an organization is charged with a violation of the Code of Conduct, the organization’s
Representative is given the right to respond to that charge. When the Representative does not believe the actions violated the Code of Conduct, the Representative is then given the opportunity to have the decision of the organization’s responsibility made by an impartial Hearing Officer (a Student Affairs Dean) or by a Disciplinary Hearing Panel (see below for details). Those decisions are made during formal hearings which are scripted and recorded for the official record of the discipline case.

D. The right to review evidence and question witnesses, and provide the same on her/his own behalf during a formal disciplinary hearing

Both the investigating discipline officer and the organization’s Representative will have the opportunity to ask questions of any witnesses deemed by the investigating officer to have relevant material information to more fully understand the incident and the actions of the organization’s members during that incident. This opportunity will be afforded during a formal disciplinary hearing. Where there is either incriminating or exonerating information it will be shared between the organization’s representative and the discipline officer. This information may be shared prior to a formal disciplinary hearing. The procedure for questioning witnesses shall be determined by the hearing chair person or the student affairs dean serving as the hearing officer. The results of polygraph tests are not permitted for consideration during this process.

SECTION III. PROCEDURAL RIGHTS FOR STUDENT ORGANIZATIONS DURING A MAJOR-LEVEL DISCIPLINE CASE

The following are the procedural requirements of a student organization discipline case. Note that it is possible for SECTION III, parts A through E, and parts H through I – with all of the sub-parts for each – to be accomplished during a single meeting between a Discipline Officer and the members of the organization that has been charged with a violation of the Code of Conduct. SECTION III, parts F and G, as well parts J and K only occur following decisions made by the organization’s Representative and at her/his request as noted below.

A. Explanation of Organizational Rights

At the beginning of the investigative process the Discipline Officer shall ensure that each student who may be charged with a violation of the Code of Conduct understands her/his personal rights, as explained above.

B. Investigation

An investigation into an alleged violation of the Code of Conduct may include, but is not limited to, a thorough review of any information deemed pertinent to the case. This will include, but may not be limited to the information initially reported by University faculty, staff, or students, law enforcement agencies, or non-university community members, information collected during meeting/s with the reporting parties and the students involved in an incident, as well as any potential witnesses identified by the report or by the involved students. Other audio-, photo-, and video-graphic evidence may also be considered. Every report received shall necessitate an investigation.

1. Investigating Discipline Officers shall be specially trained and serve the Institution as a Title IX Investigator, Student Affairs Dean, and/or professional staff member from the Division of Student Affairs.

2. Under normal circumstances, investigations shall take no more than 30 class days and any subsequent adjudication of policy violations will follow immediately based on the timelines contained herein. The entire process should normally be completed within 60 class days.

3. Reports from law enforcement agencies may be used throughout the disciplinary process in order to gain further perspective on an incident. Information regarding prosecutorial or procedural decisions or information related to court decisions will not be considered at any point in the disciplinary process.

C. Preliminary Hearing

During a Preliminary Hearing, the Discipline Officer shall:

1. Review the organization’s rights,

2. Give the organization’s Representative another opportunity to make any statement or explanation s/he wishes,

3. Advise the organization’s Representative whether or not the organization is being charged with a violation of the Code of Conduct, and advise the organization’s Representative of the specific charge/s for which the organization is being charged (where applicable).

D. Charge and Notice

If the Discipline Officer determines that charges are necessary for specific violation(s), the Discipline Officer will provide the organization’s Representative with a “Notice of Charges against a Student Organization” during the Preliminary Hearing. This is a formal document, and will
1. Inform the organization’s Representative of the severity of the charges (see below for details) and the full range of sanctions will be available if the organization is determined to be responsible for violating University policy or policies.

2. Inform the organization’s Representative of the organization’s rights as outlined in this handbook.

3. Inform the organization’s Representative of the specific Code of Conduct violations the organization is charged with violating, and

4. Afford the charged organization’s Representative with the opportunity to enter a response on behalf of the organization addressing the charge(s).

E. Possible Responses to Charges

The organization’s Representative will be given a maximum of three (3) class days to respond to charges on behalf of the organization after receiving a Notice of Charge. Students may respond by choosing to enter a “Request to Dismiss,” by responding that the organization is “Responsible” or “Not Responsible” for violating the policies noted, or by choosing to enter a “No Contest” response. If the organization’s Representative does not respond to the charges within the prescribed time period, s/he shall be deemed to have responded “Not Responsible”.

The following procedures shall apply for each of the available responses from the student:

1. Request to Dismiss

If the charged student believes that the University has not followed the disciplinary procedures as outlined in this manual or believes that there is no evidence at all supporting the charges presented, the Respondent may enter a Request to Dismiss. The Request must be in writing and set forth the specific reasons the matter should be dismissed.

All Requests to Dismiss must be submitted to the Dean of Students Office and contain:

a. The name, address and telephone number of the person submitting the Request to Dismiss;

b. List and describe the charges brought against the student by the Discipline Officer;

c. Specifically outline the basis of the Request to Dismiss; and,

d. Be signed by the person submitting the Request to Dismiss.

Failure to follow the four requirements outlined above may result in denial of the Request to Dismiss. Upon receipt of a properly filed Request to Dismiss, a Judicial Officer will make a review of the request.

If a Request to Dismiss is properly made, the matter shall immediately be referred to an external Judicial Officer for determination. The Judicial Officer has the option to determine if a hearing should be afforded to a student entering such a request. The determination on a Request to Dismiss shall be made within ten (10) class days of its submission to the Dean of Students Office. If the Judicial Officer determines that the request is without merit, the student must enter a new response of either Responsible or Not Responsible, or No Contest within one class day of receiving the response to the request to dismiss.

2. Responsible

If the organization’s Representative believes the organization is Responsible, the investigating Discipline Officer shall immediately refer the case to the appropriate disciplinary hearing panel for a mitigation hearing. See Section IV.1.A-B of these procedures for more information of the different kinds of disciplinary hearing panels for cases involving student organizations.

3. Not Responsible

If the organization’s Representative believes the organization is Not Responsible or fails to respond within the allotted time, the organization shall have the right to a formal disciplinary hearing before a Hearing Officer, or before a Disciplinary Hearing Panel.

a. Scheduling. The Dean of Students Office shall set the date, time, and place of the hearing based on the class schedule and any academic or work related obligations organization’s Representative may have. Extra-curricular activities will not be a factor in determining the schedule for a formal hearing. Formal hearings will not be held during examination periods unless specifically requested by the student.

b. Timing. Formal hearings will normally be held within 15 class days of receiving the response from the student. The Dean of Students Office may extend the date of the hearing.

c. Cases spanning more than one academic term. If an organization has been charged and the case has not been fully adjudicated at the conclusion of an academic term, the University may temporarily suspend the organization’ activities until the case can be fully adjudicated.
d. **Responsible findings.** If the organization is found Responsible at a formal hearing, the hearing officer or disciplinary hearing panel shall determine the sanction to be imposed by the University.

4. **No Contest**
   A response of No Contest will constitute neither an admission nor a denial of responsibility and will subject the student to any sanction the deemed proper following a Mitigation Hearing (see Section II, J. for details on a Mitigation Hearing). A No Contest response is not in any way to be considered or construed as evidence against interest. When this response is given, the respondent will move directly to a mitigation hearing with the Assistant Vice President and Dean of Students, or his/her designee, for sanctioning.

F. **Hearings and Hearing Procedures**
   The following applies to all Student Organization Disciplinary Hearings to address Code of Conduct violations. The Administrative Disciplinary Hearing panel will be used for all student organization cases unless specifically addressed in the constitution of the student organization’s governing body or umbrella organization (e.g., the Panhellenic Association, Interfraternity Council, National Pan-Hellenic Council, and the Multiethnic Greek Council). For any case where there is not a previously selected and trained Judicial Board in place, all Hearings will be directed to the Administrative Disciplinary Hearing Panel. All disciplinary proceedings for student organization cases will follow the procedures below.

1. **Severity**
   Two levels of severity exist for student organization hearings: University Disciplinary Hearings and Major Disciplinary Hearings.
   
a. **University Disciplinary Hearings for Student Organizations** are used when severity of the incident warrants something less than the suspension, expulsion, or loss of financial support from the University. These cases may be heard by the type of student-comprised judicial board as described above. Where none has been previously selected and trained, an Administrative Disciplinary Hearing Panel will be used.
   
b. In cases where a response or finding of responsible could yield a suspension or expulsion of the organization from the University, or could result in the loss of financial support from the University, **Major Disciplinary Hearings for Student Organizations** will commence. Where a panel hearing is desired by the organization, these cases may only be heard by an Administrative Disciplinary Hearing Panel.

2. **The Administrative Disciplinary Hearing Panel (ADHP)**
   An ADHP hearing panel shall consist of five full-time University staff members selected by the Vice President for Student Affairs (VPSA), one of whom will be a Student Affairs Dean and will serve as Chairperson. This hearing panel shall be responsible for the following:
   
a. Inform the organization’s Representative of the organization’s rights as contained in these policies and procedures;
   
b. Explain University policy B.22 (prohibiting the False Information from being shared during a hearing) and B.30 and (prohibiting interfering with a hearing in any way) as well as the possible consequences for each;
   
c. Allow a Panel member to excuse himself in a particular case in the event that he/she feels that his/her presence may be prejudicial to the case;
   
d. Allow the panel members, the discipline officer, and/or the charged organization’s Representative to bring any information to the Panel, regarding possible prejudice of a Panel member (if a student asserts valid grounds for the possible prejudice on the part of a Panel member, the Advisor may dismiss the Panel member if he/she fails to dismiss himself);
   
e. Briefly explain to the organization’s Representative the manner by which the hearing will be conducted at the beginning of a disciplinary proceeding;
   
f. Limit, to the extent possible, the questions asked and information offered to matters that are relevant to the question of responsibility in the fact-finding portion of a hearing and, if the organization is found responsible, that information relevant to mitigating circumstances is reserved for the sanctioning portion of the hearing;
   
g. Compile for the Dean of Students Office a complete file of any cases heard. The files must include any recordings of the hearing, a list of any witnesses presenting information during the hearing, and all evidence utilized in the proceedings and the Panel’s decision. Only the charged organization’ Representative and authorized University officials shall have access to the record of the hearing, which shall be available only for review in the Dean of Students Office, until the period for filing a notice of appeal has expired or until the decision on appeal has been made.
3. Waiver of a Hearing Panel
An organization charged with a violation/s of the Code of Conduct automatically has the right to have its discipline case heard by a hearing panel; however, there are circumstances where this right can be waived.

a. An organization may waive its right to a hearing before a hearing panel and have its case heard by an individual, objective Student Affairs Dean at any time by submitting a written notice to the Dean of Students Office. When this occurs, the Dean will be assigned to the case by the Dean of Students or her/his designee.

b. When hearings that are requested for incidents that occur within 20 class days of the end of an academic term or during a time period other than normal University operation (i.e., summer or exam periods), the case may not be heard by a disciplinary hearing panel. In these instances, the charged organization will be given the following options:
   i. Have the case heard by an ADHP during the next period of normal University operation and be temporarily suspended pending the complete adjudication of the case.
   ii. Have the case heard by a Student Affairs Dean.

Delays in adjudication because of the unavailability of an ADHP panel member may not be used as a basis of appeal in the event of a finding of responsible.

G. Procedures for a Formal Disciplinary Hearing by the hearing panel or a Student Affairs Dean
The following are procedural assurances for all formal disciplinary hearings.

1. University Oversight
   All formal disciplinary hearings will be presided over by an objective Student Affairs Dean (not the same individual who served as Investigator). This Hearing Officer will ensure that proper protocols are adhered to while either serving as an advisor to a Hearing Panel, as one part of a five-person panel, or as the University’s lone representative for deciding the outcome of the hearing and on the sanctions where applicable.

2. Nature of the Hearing
   All hearings are intended to be non-adversarial and conducted in the interest of gathering honest and truthful information regarding a particular incident or incidents. Participants are reminded that they are expected to uphold the Honor Code and its values of Honesty, Responsibility, and Integrity during all disciplinary hearings.

3. Closed Hearings
   Formal disciplinary hearings are closed to the public. Witnesses will be permitted to participate for a select period of time only. Staff members of the University Division of Student Affairs may observe a hearing for training purposes, but only with the permission of the charged organization.

4. Hearings in Absentia
   In instances where the charged organization’s Representative fails to attend at the hearing, the Hearing Officer shall have the discretion to hear and decide upon the facts of the case without the input and in the absence of the charged student.

5. Participation of the charged organization’s Representative
   The charged organization’s Representative reserves the right to be present yet abstain from participation in the Hearing and may not be compelled to share information related to the case on the organization’s behalf.

6. Witnesses
   For the purposes of a formal disciplinary hearing, “witnesses” must be individuals who have first-hand knowledge of the incident in question and be able to speak to the facts of the case at hand. A charged organization’s Representative bears the responsibility of notifying the witnesses that will appear on behalf of the organization during the hearing. All reasonable efforts will be made to entertain the insights of a charged organization’s witness/es. Upon written request and submission of the charged organization’s witness list, the University will supply to the charged organization a list of the witness/es that will be called during a hearing on its behalf.

7. Requests or Orders
   Witnesses must cooperate in all phases of the discipline process described herein. The Hearing Officer shall request the appearance of students whose insight is deemed relevant to a full disclosure of the facts at a hearing. Any student refusing to respond to a Hearing Officer’s request may be charged with failure to comply with University policy B. 42, Requests or Orders.
8. **Related Information**
   The charged organization’s Representative will be afforded the opportunity, during a hearing, to examine any related information and question any witnesses offering information that may be used to determine their responsibility in that particular case. The procedure for questioning witnesses will be determined by the hearing chair person or the student affairs dean serving as the hearing officer. The introduction or use of polygraph evidence is prohibited.

9. **Sharing of Information Prior to a Hearing**
   A charged organization that would like to receive a copy of the information related to the charge/s received that will be used by the Investigator during a formal disciplinary hearing may do so by submitting a written request to Dean of Students Office no less than 7 class days prior to a formal hearing. Within 4 class days prior the hearing, the charged organization’s representative must then submit copies of all written or recorded information or other related information in response to the charges that the charged organization plans to use at the formal hearing with the Dean of Students Office; upon receipt of such information from the charged organization’s representative, the Investigator will provide the charged organization with a copy of the Notice of Charge along with all other written or recorded information, or other related information in support of the charges that the Investigator plans to use at the hearing. The Investigator’s notes related to the investigation and charges will not be disclosed unless they are to be read, verbatim, into the record during the hearing. The Dean of Students or his/her designee may make exceptions to this policy.

10. **Advisement**
    Advisors are permitted to attend Disciplinary Hearings for Student Organizations as described in Section II, B of these Procedures. The organization’s Representative must inform the Dean of Students Office in writing no later than 3 class days prior to a formal disciplinary hearing if s/he is planning to bring an advisor to the hearing. This notice must include the name, telephone number, and e-mail address, as well as the Advisor’s current affiliation with the University or the organization. If the organization’s Representative fails to provide such information in wiring in the time prescribed, the Advisor may be excluded from the hearing.

11. **Pre-Hearing Conference**
    The Hearing Officer may schedule a mandatory Pre-Hearing Conference upon his/her initiative or upon a written request from the charged organization’s Representative.

12. **Requests**
    The Hearing Officer may entertain any requests that are deemed appropriate prior to and/or during the formal disciplinary hearing. However, during the hearing no requests to strip the hearing body of its duty to reach a decision on the issue of responsibility and/or sanctioning will be considered.

13. **Decorum**
    The Hearing Officer is charged with the responsibility for maintaining proper decorum and order during the hearing. S/He may use any reasonable means necessary to maintain decorum and may exclude any person whom, in his/her opinion, has no legitimate interest in the hearing, or whose conduct impedes or threatens to impede a fair and orderly hearing. Disruptive behavior may constitute a Major offense of the Code of Conduct, policy number B.30, Interference with University Investigations, Disciplinary Proceedings, or Records.

14. **Standard of Proof**
    In the University’s discipline system, decisions are made based on the “preponderance of evidence” rule. This means that the adjudicating Panel/Dean determines which facts are more likely than not to be true.

15. **Decision**
    Findings and sanctions for all formal disciplinary hearings must be reported to the Dean of Students Office within 1 business day of the decision and a written notice of these decisions must be delivered to the charged organization’s Representative within 3 class days of the decision.

16. **Improper Procedure**
    Improper procedure may be declared at any stage of the hearing by the Hearing Officer upon a finding that the Panel has been exposed to some misconduct in the hearing, which may prevent the rendering of a fair decision. Declaration of improper procedure shall result in the scheduling of a new hearing within 20 class days with the same Hearing Officer and new Panel members.
17. Record of Hearings
A digital audio recording of the formal disciplinary hearing shall be made and this record, together with all formal
documents and other evidence presented during the hearing, shall constitute the “official record” of the hearing. No
other audio recording of the hearing will be permitted. Upon her/his request, and for the purpose of appeal only, the
charged organization’s Representative shall have access to review and/or listen to the record of the hearing in the
Dean of Student Office, by appointment only. The recording of the hearing itself shall be available until the period for
filing an appeal has expired, or where an appeal has been filed, until the decision on appeal has been made. After the
aforementioned times have elapsed, recordings may be destroyed.

H. Determination of Responsibility
When tasked with determining a student’s responsibility, a disciplinary hearing panel or Hearing Officer will consider the
objective facts presented surrounding a particular incident, taking into consideration what happened and whether or not
an action was in violation of the Code of Conduct. Students and student organizations deciding on their own response to a
particular charge are advised to do the same.

I. Sanctions
When an organization’s representative responds by indicating the organization is Responsible or the organization is found
Responsible, sanctions will be imposed to address the behavior in question. Both Hearing Officers and Hearing Panels are
authorized to make a determination on the sanctions taking all of the available information related to the case, and any
decisions made regarding previous disciplinary cases related to the same student organization into account. In addition to
the following information, additional information about Discipline Sanctions can be found in below.

1. Mitigation Pleas
Prior to the determination of the sanction to be imposed, the student organization’s representative and/or its
Advisor, as well as the investigating Discipline Officer will have the right to appear before the Hearing Panel or
Hearing Officer to present any mitigating or aggravating circumstances or other factors that may affect the sanction.

2. Effective Date of Sanction
Unless the Hearing Panel or Hearing Officer determines otherwise, all sanctions of Suspension or Expulsion of the
organization shall be effective as of the date of the commission of the offense.

3. Range of Sanctions
One or more of the following sanctions may be imposed:

a. Expulsion
   i. The organization must cease and desist all activities.
   ii. The organization is permanently ineligible to return to / reorganize at the University.
   iii. In cases where the organization occupies a physical space within the University’s property, it will be required
to vacate that space.
   iv. In cases where the organization is a Chapter of a parent organization, the charter is to be returned to the
parent organization as soon as is possible.
   v. The organization is no longer permitted to be recognized as an existing organization by its former governing
body/umbrella group or the University of Miami.

b. Suspension
   i. The organization must cease and desist all activities.
   ii. Suspension is for a finite period of time that will be defined upon delivery of the sanction.
   iii. In cases where the organization occupies a physical space within the University’s property, it will be required
to vacate that space.
   iv. Following the term of suspension, any one or more of the sanctions set forth below (Probation) may also be
required.
   v. Following the term of suspension, any of the following sanction may also be assessed.

c. Probation
   i. Removal of certain members from office
   ii. Fine of up to $500
   iii. Restriction of membership recruitment and new member education privileges for a defined period of time
   iv. Restriction of social privileges for a defined period of time
   v. Community service project or special fundraising / philanthropic activity
vi. Special restrictions and requirements as deemed appropriate by the Hearing Panel or Hearing Officer

d. Warning
The University will take note and view with concern the situation existing in the organization, a warning will serve written notice to the organization that its behavior has not met University standards. If the organization is directed to correct the situation, and the situation is not corrected as directed by the University, the organization may be subject to further disciplinary action.

J. Appeals
Once a decision has been reached on the sanctions related to a particular case, that case can be appealed by the organization or by the University in cases where a hearing panel has decided a case. The determination of responsibility for a disciplinary violation or a response of no contest is not subject to review on appeal.

1. Grounds for an Appeal
Appeals will be considered for two reasons:
   a. Procedural error in the investigation or hearing of a particular case;
   b. The sanction(s) received is/are inappropriate for the nature of the violation;

2. Timing for the delivery of an appeal letter
Appeals must be submitted in writing to the Office of the Vice President for Student Affairs (244 Ashe Administration Building) by the charged organization’s Representative and be received within 3 class days of the receiving the sanctioning decision.

3. Timing for the hearing of an appeal
An appellate hearing shall be conducted within 20 class days of the appeal being received by the Vice President for Student Affairs. Inability to schedule an appeal within 20 class days due to scheduling conflicts, (un)availability of discipline officer or panel representative, or scheduled/unscheduled interruption of classes (fall break, inclement weather, spring break, etc.) will not be grounds for dismissal or adjustment of the original hearing decision or sanction.

4. Directions for writing an appeal
Appeals must be written as a formal, hard-copy letter and directed to the “Vice President for Student Affairs,” and must contain:
   a. The name of the Organization
   b. The name of the organization’s Representative and student identification number (C-Number),
   c. The date the appeal was written, and
   d. A detailed explanation of the nature of the appeal.

5. Consideration of an Appeal
Appeals received after the three class-day time frame, or those that do not adhere to the directions listed above, may not be considered.

6. Hearing Appeals
The Vice President for Students Affairs or her/his designee will decide appeals and may consult with the University General Counsel to hear appeals based on procedures.

K. Appeal Hearing Procedures
1. Confidentiality
Appeal Hearings are closed to outside participation except where observations and input from others is requested by the Appellate Officer. Therefore no observers are to be present during these proceedings. In addition, no record shall be made of the discussion other than the Appellate Officer’s final decision.

2. Evidence
Evidence that was not presented during the formal hearing may be presented, only if it was previously unavailable and only if it addresses the severity of sanction or procedures used during the Hearing.

3. Exchange of Information
Upon a reasonable request, the charged organization or Investigator should produce for examination by the other party evidentiary material to be used at the Hearings.

4. Observations
Only those people invited to participate in the appeal hearing by the Appellate Officer will be permitted to be present.
5. Failure to Appear  
Failure to appear at the Appellate Hearing, without proper notice to the Appellate Officer, will result in a voiding of the appeal.

6. Decorum  
No person/s invited to participate in an appellate hearing may engage in private conversations while the proceedings are conducted.

7. Deliberation  
At the conclusion of the Hearing, the Vice President for Student Affairs shall excuse the hearing participants in order to make a decision.

8. Findings  
Appeal decisions are final and will be delivered in writing to the charged organization’s Representative and the investigating discipline officer. These decisions may include:  
a. If the Appellate Officer finds no merit to the appeal, s/he shall affirm the action of the adjudicating body.  
b. If the Appellate Officer finds that the student’s appeal on procedure is valid, s/he may confer with the University General Counsel to determine the most appropriate manner in which the case should be reconsidered.  
c. If the Appellate Officer finds that the penalty assessed by the adjudicating body is inappropriate, it shall then assess what it deems to be an appropriate penalty.  
d. Determinations of the appellate officer may not be further appealed.

9. Interpretation of University Disciplinary Procedures  
Whenever necessary, the Dean of Students shall interpret and/or provide specific clarification on disciplinary procedures for student organizations.

10. Procedures Not Specifically Provided Herein  
The Vice President for Student Affairs may implement procedures that are not specifically prescribed in these policies or procedures, if such implementation would serve to arrive at a full and true disclosure of the facts, and are instituted with the knowledge and consent of the Dean of Students.

SECTION IV. TEMPORARY SUSPENSION OF STUDENT ORGANIZATIONS.  
The Vice President for Student Affairs or the Dean of Students, or the designee for either, may temporarily suspend any student organization whenever he/she deems such action appropriate. Such Temporary Suspension shall continue either until a decision is made in the responsibility of an organization in a particular incident, or until after a determination has been made on any appeal or the time for making an appeal has elapsed. The Vice President for Student Affairs or his/her designee also determines the length of a temporary suspension.

Within three class days following the original order of Temporary Suspension, the student organization shall have the right to appeal by written request for a hearing before the Dean of Students for a determination as to whether or not it should be permitted to participate in University or campus events during the period of the Temporary Suspension. Upon receipt of such request, the Dean of Students may hear the matter as directed by the Vice President for Student Affairs. The Dean of Students shall permit the organization to participate in campus and University activities during the period of the Temporary Suspension only if the organization:
A. does not constitute a clear and present danger, or  
B. does not materially disrupt the work or operations of the university, or  
C. does not infringe upon or invade the rights of others within the University community.

The Dean of Students, the Vice President for Student Affairs or a designee for either, upon determining an emergency exists, may subsequently revoke the organization’s right to participate in University and campus activities if the organization’s participation in University or campus activities constitutes a clear and present danger, or materially disrupts the work or operations of the University or infringes upon or invades the rights of others within the University community.
OUTCOMES OF THE DISCIPLINE PROCESS

The judicial system is comprised of two types of cases, Major and University. Major offenses are those which may result in Suspension, Expulsion, or in some cases the loss of financial aid from the University in addition to other penalties and sanctions. University offenses are those which typically result in lesser sanctions, such as Disciplinary Probation or Disciplinary Warning or other penalties as appropriate.

The University’s disciplinary system is progressive in sanctioning. This means that once a student has been involved in a case that was adjudicated and given a particular sanction, any subsequent violations of the Code of Conduct by that student that result in adjudication and sanctioning will warrant an elevated sanction. If a subsequent violation occurs while a student is currently serving a period of Disciplinary Warning or Disciplinary Probation, the offense may also be treated as a major offense violation and so charged.

Sanctions are determined by discipline officers using her/his best judgment after considering the facts of a case as it pertains to each student individually. Only after a determination that a student is responsible for a violation of the Code of Conduct are previous violations considered and/or sanctions decided.

A. Description of Disciplinary Sanctions

Expulsion
Permanent dismissal from the University with no right for future readmission into another school/college within the University under any circumstances. A student who has been expelled shall be barred from campus visiting privileges.

Note: This is applied only following a responsible determination in a Major Disciplinary Investigation or Sexual Misconduct and Gender Discrimination Investigations and/or Hearings of either type.

Suspension
Mandatory separation from the University for a certain period of time specified in an order of suspension. An application for readmission will not be entertained until the period of separation indicated in the suspension order has elapsed. Readmission is subject to the approval of the Dean of Students. During the period of suspension, the student is barred from campus visiting privileges unless the Dean of Students grants specific permission.

Note: This is applied only following a responsible determination in a Major Disciplinary Investigation or Sexual Misconduct and Gender Discrimination Investigations and/or Hearings of either type.

Final Disciplinary Probation (FDP)
A disciplinary sanction serving notice to a student that his/her behavior is in flagrant violation of University standards.

The sanction is for the remainder of a student’s course of studies and may be reviewed by the Dean of Students no sooner than two regular academic semesters of attendance after the sanction is imposed. After two semesters in attendance, a student may initiate a request in writing for reduction of the sanction to Strict Disciplinary Probation, but must also demonstrate reasons that substantiate the request.

Another violation of University policies and regulations may result in a major offense charge as directed by the Dean of Students, and if a finding of Responsible is established, the minimum sanction of Suspension may be imposed.

Strict Disciplinary Probation (SDP)
A disciplinary sanction serving notice to a student that his/her behavior is in serious violation of University standards. A time period is indicated during which another violation of University policies and regulations may result in a Major offense charge, which could result in Suspension or Expulsion from the University. If the sanction is assessed prior to the dates midterm grades are due in the academic Dean’s office, the current semester will be included as a full semester of the probationary period; after that date the probation will begin immediately, and will extend through the full period as assessed beginning with the succeeding semester of attendance.
Disciplinary Warning (DW)
A University disciplinary sanction serving notice to a student that his/her behavior has not met University standards. This sanction remains in effect for a designated number of semesters of attendance, after which it is removed from the student’s file. If the sanction is assessed prior to the date midterm grades are due in the academic Dean's office, the current semester will be included as a full semester of the warning period; after the above date, the warning will begin immediately and will extend through the full period as assessed, beginning with the succeeding semester of attendance.

Termination of Residency/Termination or Change in Housing Accommodations
This is a disciplinary sanction that terminates or changes a student’s residence hall accommodations, which is typically accompanied by another form of disciplinary action. This sanction is considered permanent until lifted by the Director of Housing and Residential Life or his/her designee. After the adjudicating body announces a decision to have the student’s residence changed or terminated, the Area Director of that residence hall area shall notify the student in writing and make all procedural decisions, including the selection of the residence hall to which the student is to be moved.

Change of Residency
(See Termination or Change in Housing Accommodations above)

Restitution
Payment made by a student for damages or losses caused to a third party which are a result of a violation.

Administrative Charge
Charges required to be paid to a specific department within the University to cover incurred costs from damages caused or monies paid to clean an area dirtied as a result of the documented behavior.

Fine
Penalty fees payable to the University (Dean of Students Office) as directed by the adjudicating body for violation of certain regulations.

B. Considerations in Cases with Multiple Offenses
1. In the event a student is charged with failure to comply with more than one rule or regulation, and if one or more of the charges, if proven, could result in the imposition of major penalty, the matter may be adjudicated within the major disciplinary procedures.
2. In the event that a student is charged with having violated more than one University rule or regulation from a single incident, none of which could separately result in the imposition of major penalty, and the student is not currently on Disciplinary Warning or Disciplinary Probation, then the matter will be adjudicated within the University disciplinary procedures. In such cases, any University disciplinary sanction may be imposed.

C. Cases Involving the Possession or Use of Alcohol, Drugs, or Paraphernalia
Any offense which involves the use or misuse of alcohol and/or drugs/drug paraphernalia may be referred to the William W. Sandler Center for Alcohol and Other Drug Education (PIER 21) for education on the topic related to her/his particular case.

D. Medical Amnesty for Alcohol and other Drugs
The University of Miami is committed to the safety and welfare of our students and hopes to facilitate access and remove barriers to students seeking medical assistance for alcohol and/or drug related emergencies. It is expected that students seek immediate medical assistance when they are concerned about their own health or that of another student. This can be done by contacting a staff member in the Department of Housing and Residence Life through the front desk of a residential college or by calling 911 (off campus) or 8-6666 to (on campus) to reach police and emergency medical personnel. The Medical Amnesty Policy tries to ensure that intoxicated students receive necessary medical assistance and follow-up educational interventions to reduce the likelihood of future occurrences.
This policy is applicable to the student in need of medical attention, and the student/s seeking medical attention on behalf of another person.

Students, who have not previously been determined to be responsible for alcohol and/or drug violations, may receive Medical Amnesty when it is determined that they sought emergency medical attention for themselves or medical assistance was sought for them related to the consumption of alcohol and/or drugs. Where Medical Amnesty applies, that disciplinary violations will be expunged automatically from a student’s disciplinary record, provided that they comply with the following conditions:
1. The student completes an initial intervention with a professional substance abuse counselor,
2. The student completes an assessment by the Assistant Dean of Students and Director of the Sandler Center for Alcohol and Other Drug Education,
3. The student complies with all treatment recommendations set by both of the aforementioned by an established deadline. For most first-time incidents a brief substance use/abuse screening interview will be used, and
4. The student completes all educational sanctions and pays the applicable fines.

The student seeking medical attention on behalf of another person will not receive disciplinary actions for seeking help. However, depending on the extent of their involvement, they may be required to meet with the Assistant Dean of Students and Director of the Sandler Center for Alcohol and Other Drug Education and follow through with recommendations.

Failure to comply with police, emergency medical personnel, or University staff, or to complete the follow-up interventions assigned, disqualifies a person from the Medical Amnesty Policy and the student will be immediately referred to the discipline process for possible alcohol violations.

Please note that this policy does not protect those students who repeatedly or flagrantly violate the Student Code of Conduct. If a student received Medical Amnesty for a prior incident or has prior alcohol misuse sanctions, the availability of amnesty is at the discretion of the Office of the Dean of Students.

If other infractions are concurrent to the incident including, but not limited to, destruction of property, possession/distribution of illicit substances, or physical or sexual assault, the accused student may be subject to judicial action.

If you have any questions about the Medical Amnesty Policy, please contact the Dean of Students Office by calling 305-284-5353.

Alternative Judicial Process for Medical Situations
The Associate Dean of Students and Director of Judicial Affairs, or her/his designee, will automatically refer all reported incidents of students who sought, or were referred for emergency medical assistance for medical amnesty eligibility. When the correct conditions are present, the following process will begin:
1. The student will be called upon to meet with an appropriate University discipline officer to discuss the incident as a part of a thorough investigation,
2. The discipline officer will assign appropriate educational and financial sanctions depending upon the incident. The minimum sanctions will include the following baseline sanctions:
   o a first-time alcohol violation resulting in the necessity for medical attention includes a PIER 21 substance abuse evaluation including all suggested follow up, completion of an on-line alcohol education module, and a $100 fine
   o a first-time violation of the drug/drug paraphernalia policy requiring medical attention includes a PIER 21 substance abuse evaluation including all suggested follow up, completion of an on-line alcohol education module, and a $150 fine
3. As is the case with all alcohol and other drug policy violations, the student’s parents will be contacted with information about the involved incident.

4. The student may forgo this alternative process and request a formal judicial hearing if he/she disputes the alleged behavior.

5. There will be no campus judicial record for review by external agencies unless the student fails to complete the articulated sanctions or a second alcohol or drug-related incident occurs. In either case, both violations would become a part of the student’s record, and the subsequent minimum sanctions will also include the student being placed on Final Disciplinary Probation or being suspended from the University for a period of time.

This process was developed to emphasize that the University supports students who make the decision to seek assistance from a medical professional for themselves or a friend. The Code of Conduct reflects the importance of respecting and caring for oneself and others within the community. In this spirit, the University of Miami seeks never to be witness to a tragedy that could have been prevented by a student coming forward to seek help.

E. Other Possible Actions that May Be Taken by the University

Students should be aware that, depending on the circumstances, the Dean of Students or her/his designee has the discretion to impose penalties and sanctions that are not in this handbook. These may include attendance at counseling sessions, academic workshops or assignments, or loss of certain University privileges, including representing the University in a particular event or extracurricular activities, (i.e. student government, fraternities, sororities, honor societies, the debate team, intercollegiate athletics, the marching band, club sports, intramurals, and any other approved University activity.)

1. Counseling Intervention:
When a student’s behavior indicates that some form of counseling may be beneficial, the student may be referred to the Counseling Center. The University reserves the right to administratively withdraw a student from the University or academic class whose continuation in school, in the University’s judgment, is detrimental to the health or safety of the student or others. (See Health and Safety Policy on page 44)

2. Alcohol/Drug-Related Referral:
Where the use of alcohol and/or other drugs accompanies a violation of regulations, the student may be referred to the William W. Sandler, Jr. Center for Alcohol and Other Drug Education (PIER 21) in addition to other sanctions. Participation and satisfactory progress in a program to address issues of alcohol or drug abuse may be made a condition for continued enrollment at the University.

3. Restriction or Revocation of Privileges:
Temporary or permanent loss of privileges including, but not limited to, the use of a particular University facility, visitation privileges, and parking privileges. All recommendations of restriction or revocation of privileges must be approved by the Dean of Students.

4. Temporary Suspension:
Action taken by the Provost of the University, which requires a student’s temporary separation from the University until a final determination is made of his/her responsibility for an incident/s and sanction.

5. Parental Notification:
The University will notify the parents/guardians of students in cases where their student has been determined to be responsible for any violation of the Alcoholic Beverages or Drugs/Drug Paraphernalia polices. In addition, the University will notify the parents/guardians of any student that is placed on Final Disciplinary Probation for violating any policy contained herein.

Additionally, under certain other circumstances and in accordance with the provisions provided under the Family Educational Rights and Privacy Act (FERPA), parent(s) may be notified of disciplinary charge(s) against a student. The Dean of Students will make the final decision on whether parent(s) are notified.

6. HOLD on Student Records:
An official hold may be placed upon a student’s University records and a holds may also be placed on a student's future registration at the University for failure to comply with official University requests or orders. This may include, but is not limited to failure to reply to correspondence aimed at scheduling disciplinary investigation meetings or
hearings, failure to attend meetings or hearings related to a disciplinary investigation, or failure to complete sanctions as directed by a discipline officer following the adjudication of a discipline case. Holds are considered temporary and can be removed at the discretion of the Dean of Students or her/his designee, or by a student upon the completion of the action that necessitated the hold.

Once a hold is placed, the student’s ability to change her/his enrollment in any way, including registering for future classes, is temporarily disabled. This action does not impact those courses the student is currently participating in. The University reserves the right to administratively withdraw the student from future semester courses if the Hold is not lifted prior to the start of the next academic term.

7. **Education Assignments:**

In an effort to further the University’s educational mission and developmental philosophy, educational assignments may be required. Assignments include but are not limited to reflective papers, research assignments, workshop attendance, assigned readings, program attendance or coordination, and other relevant activities.

F. **Maintenance and Retention of Disciplinary Records:**

The Dean of Students Office maintains student discipline records. When these records are considered to be “active records” a summary of the issues involved and/or charged violations, as well as the most recent disposition reached in the case will be reported out to other institutions such as other undergraduate colleges/universities when a student is considering transferring, graduate or professional schools, the Federal or any State or Local Bar Association, or by the Federal Government when requested, in writing, by the student. These records can also be obtained in their entirety by a court order. Inactive records are also kept by the Dean of Student Office but only for internal documentation purposes; the contents of inactive records will not be reported out to any entity unless mandated by court order. Student disciplinary records will change in status as follows:

**Disciplinary Warning:**

Maintained as an active record for described number of academic semesters outlined in the sanction letter during the time in which a student is enrolled. Once expired, these files are considered inactive and will not be reported to other institutions without an issued court order. The Volunteer Activities Program (VAP) provides students with the possibility of accelerating the time it takes for these type of records to become inactive. Detailed information about this program is provided below.

**Strict and Final Disciplinary Probation:**

Maintained as active records for two years after the student graduates or withdraws from the University unless deemed “inactive” sooner by the Dean of Students. After these files are considered inactive they would not be reported to other institutions without an issues court order.

**Suspension and Expulsion:**

These records are indefinitely maintained as active files.

After a file is considered inactive, it should not be construed as a reason or justification to not answer truthfully questions that may be posed by other admissions offices or professional boards with respect to whether or not the student was subject to disciplinary action while at the University of Miami.

1. **Recordings of Disciplinary Proceedings**

All formal Disciplinary Hearings conducted by the Dean of Students Office are recorded. These recordings are maintained as part of the disciplinary record for a particular student and may be destroyed:

a. after the time frame for an appeal on a particular case has elapsed; or
b. after the conclusion of the appeal process in a particular case

In cases where the disciplinary file is maintained “Indefinitely” as noted above, the digital recording may also be maintained in that record.

2. **The Volunteer Activities Program**

The Dean of Students may allow a student to shorten the period of time disciplinary action remains active in a student’s file by having the student participate in the Volunteer Activities Program coordinated through the Dean of
Students Office. The student must make a written request to the Dean of Students who has sole authority to grant such a request. Under normal circumstances, a student must have completed the time frame of the warning/probation and all other aspects of the prescribed sanction prior to being approved to begin the Program. Successful completion of the Program will result in shortening the time period for the external reporting of the discipline records by the Dean of Students, however these files will be retained as inactive files.

3. **Disclosure of Disciplinary Proceedings**  
   Under the provisions of FERPA, the University may disclose the following information:
   
a. **Victims of violent acts.** The University may disclose to a victim of violence the results of any disciplinary proceedings conducted against the accused student. A crime of violence is defined as an offense where the use, attempted use, or threatened use of physical force against the person or property of another, or any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense. This may include, but may not be limited to incidents involving the use of physical force that may constitute violations of University policies prohibiting “Assault”, “Harassment or Harm to Others,” and /or those related to “Sexual Misconduct or Gender Discrimination.”

b. **Alcohol and other drug mis/use.** The University may disclose to the parent/legal guardian of a student information regarding an alleged or found violation of any policy of the University of Miami governing the use or possession of alcohol or a controlled substance.

H. **Consumer Information for Students**  
   Under the Higher Education Amendments of 1998, institutions of higher learning are required to disclose certain information and make it readily available to current and prospective students. This information includes institutional, financial assistance, athletics, security, and privacy of student records. For details, go to www.miami.edu/hea.

I. **Table of Sanctions**  
   The table on the following page outlines the range of possible sanctions for a case in which there was a single policy violation and assumes no previous disciplinary violations and sanctions. It can be understood that any policy violation/s beyond the first will receive more serious sanctions, dependent upon the case at hand.

It is important to note when reviewing the information below that this table is intended to provide a general guideline for possible sanctions in a case where a student is found responsible violating only that particular policy and has no prior disciplinary record. This table is not intended to suggest that only these sanctions can be considered. In all discipline cases, the context and severity of the violation will be taken into consideration prior to assigning a sanction, and that sanction may fall outside these suggestions where the case calls for a different resolution.
