Many other binding sources can be found on the Web.

**NOTE:** Make sure you inform the binder that you want the text printed on one side of the paper only. Your thesis or dissertation is formatted for one-sided, not two-sided printing. If the volume is printed on two sides of the page, the margins will be off and the bound copy will not look right.

At this time, hard copies ordered from ProQuest are printed on two sides only. If you are interested in ordering copies from ProQuest, please contact them to inquire whether they offer the option of one-sided printing of text.
