GUIDE to GRADUATE STUDY @ UM

HOW TO APPLY TO UM

Graduate admissions at the University of Miami is decentralized. All applicants must apply directly to the program they wish to be considered for. Applicants who wish to apply to more than one program at UM must complete an application for each program.

@UM: International Applicants
An applicant whose native language is not English must obtain passing scores on an English proficiency exam. Visit miami.edu for minimum required scores. Programs review scores from the Test of English as a Foreign Language (TOEFL) and the International English Language Testing System (IELTS). Applicants who graduated from a university in English-speaking countries are not required to submit scores for the TOEFL or IELTS.

@UM: Medical and Law Admissions
Both the Miller School of Medicine and the School of Law conduct admissions within their respective programs. For more on how to apply to these programs, visit the medical school website at miami.edu/medical-admissions or go to the law admissions website at law.miami.edu/ps

GRADUATE APPLICATION REQUIREMENTS

While most programs share similar requirements for a completed application, some programs may require supplemental information. If you have a question about requirements posted on a program’s website, contact the program.

@UM: Common Requirements
- Completed application
- Official transcript(s) of all past undergraduate and graduate work
- Official entrance exam(s) scores

GRE
- Most programs
LSAT
- Law
MCAT
- Medical
GMAT
- Business
TOEFL/IELTS
- Non English speaking applicants

- Letters of recommendation
- Application fee
- International applicants:
  Valid passport, certified English translation of official transcripts

WHEN TO APPLY TIMELINE

Applying to graduate school takes a great deal of pre-planning. Most students begin the process during the summer before their senior year in college. Make sure you’re aware of deadlines for submitting applications and other materials. This will help you determine a timeline that will give you ample time to polish your application and other materials.

Suggested timeline:

Junior Year
- Research interests, schools, and admission requirements online
- Take appropriate entrance exams

Summer before Senior Year
- Start working on your applications
- Write a draft statement of purpose
- Determine which professors or supervisors could provide letters of recommendation

Early Fall Senior Year
- Request that official college transcripts be sent to the schools to which you will apply
- Apply for fellowships, grants, and assistantships
- Submit Applications
- Complete FAFSA by the priority deadline
- Make your final decision

ATTENDANCE COSTS
