**Dear Professor:**

The student submitting this form for your consideration is a member of the General Honors Program. She/He requests your permission to enroll in your course and do additional work that will qualify her/him to receive Honors credit. We encourage you to discuss this with the student and make your decision together. **If you agree, please answer the questions on the back clearly and completely.** Do **NOT** ask the student to fill it in. After you sign the form (agreeing that you will work with the student this semester), it is the student’s responsibility to return the form to the General Honors Office. The form is due in our office by **23 May 2016**. A copy of this form will be submitted to you at the end of the semester to verify completion of the additional work. **All required work for this request must be completed by one calendar month after the current semester officially ends; otherwise this request will be considered unfulfilled, and the student will not receive Honors credit.**
