**PURPOSE**

To provide guidelines and procedures regarding non-discrimination, anti-harassment and equal opportunity in employment and educational programs and activities at the University.

**POLICY**

The University of Miami is committed to the principle of fairness and respect for all and seeks to prohibit discrimination and promote affirmative action in its educational and employment policies and practices. These policies are implemented in compliance with applicable federal, state and local non-discrimination and affirmative action laws and regulations.

*It is the policy of the University of Miami that no person within the jurisdiction thereof shall, on the basis of race, religion, color, sex, age, disability, sexual orientation, gender identity or expression, veteran status, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination or harassment (including all forms of sexual harassment and sexual violence) under any program or activity of the University, regardless of whether such program or activity occurs on-campus or off-campus.*

The University does not intend by this commitment to require compliance with this policy by governmental or external organizations that associate with but are not controlled by the University, or to extend insurance or similar benefits beyond those now provided by other policies of the University, except as required by law.

The Equality Administration Office responsibilities include, but are not limited to, coordinating into an effective, organized process, the University's commitment to equal opportunity through applicable federal laws and regulations; developing the affirmative action plan; monitoring those policies and practices affecting employment which are covered by government guidelines; and reviewing all complaints alleging discrimination. The denial of equal access to any program or activity or the unlawful consideration of any applicant, student or employee on the basis of race, color, sex, age, disability, veteran status, religion, national origin or sexual orientation, for any employment or academic opportunity, term or conditions of employment/education, may constitute a violation of the University's policy and will be subject to appropriate review by the Equality Administration Office.

Any employee who has a question or complaint under these policies is encouraged to discuss the matter with their immediate supervisor.
